Debora Hutchinson is just what the doctor ordered -- Director of the Cardiovascular Fitness Department at the West Side YMCA, an R.N. and a cyclist. She cycles for recreation and pleasure. For about 11 years she’s been into "heavy cycling" and has travelled extensively along the East coast. Her trips have taken her to the White Mountains, the Berkshires and Newfoundland. She rides a Raleigh International.

As director of the sports fitness department, Debora works to rehabilitate cardiac patients and to prevent, or control, problems in high risk individuals. She tailor-makes programs for these individuals under the auspices of Dr. Edward Dwyer, chief cardiologist at Roosevelt Hospital. Her patients come from all over the metropolitan area for this specialized treatment program which often includes an ergometer (stationery bicycle), where stress can be measured.

Debora will talk to us about how to handle bicycle accidents - the minor as well as the major ones. What should go into a good first aid kit and when should one use it? When should an accident victim not be moved? What should one do before professional help comes?

To benefit from Debora's expertise join us on October 16th for an Rx designed especially for you, the cyclist.

COMING EVENT - NOVEMBER - WHEELS, WHEELS - Lorraine Gewirtz - WHEELS

ALL - CLASS CLUB RIDE - SUN. OCT. 28, 1979

A major gathering of the NYCC clan will take place on Sun. Oct. 28 when all classes of riders will meet for a picnic lunch (12:30 to 1:30 PM) in a NJ park after having enjoyed their respective morning rides in northern NJ and Rockland County. This may be the last good day for cycling before the cold weather sets in. Don't miss it.

The "A" riders, led by Bill Yao and Chris Wailing, will ride deep into Rockland County doing approximately 65 miles from their starting point, over hill and dale, before meeting the club in the park. Info: Bill Yao 742-1976

The "B" riders, led by David Miller, will take the 50 mile marked club route which Chris has been riding faster and faster throughout the season. Their overall mileage for the day will be approx. 60 rolling miles. Info: David Miller 794-9855

The "C" ride, led by two "Upright" riders, Irv Weisman and Martha Ramos, will cover approx. 35 miles in NJ for a total roundtrip mileage of 45 miles from Cent. Park.

The B and C groups will return via Irv's new "southeast passage" which takes the climb back up the palisades in easy (well, almost easy) doses. The A group, in a last defiant gasp, will probably opt to hurl itself against the Clinton Ave. hill. Those impelled by curiosity are welcome to explore the "southeast passage" at the B and C paces.

Lunch can be bought near the park, but, preferably, should be brought from home in order to save time at the food stop.

NOTE: The clock will be turned back this weekend thus giving you an additional hour in which to get yourself underway. We plan to bring the C group back to the G.W. Bridge by 3:30PM. The ride will be cancelled if the probability of rain is 60%.

Info: Irv W. L02-7298

WANTED TO BUY:
20- or 22-inch frame, 26-inch wheel 3-speed--either the whole bike or just the frame. Frame tubes must not have been damaged. English make (Raleigh, Dunelt, Rudge, etc. preferred. Contact Bill Hoffman, (914) NE 6-7597 evenings. 53 Claire Ave., New Rochelle, N.Y. 10804.
NEW YORK CYCLE CLUB  
BOARD OF DIRECTORS MEETING  
August 14, 1979

Present:  Bill Cooper  
          Ed Flowers  
          Lorraine Gewirtz  
          Chris Mailing  
          Charlotte Hildebrandt  
          Gary Krzynowek  
          Jim Rex  
          Mel Shleifer  

Absent:  Leona Hollander  
         Bill Knight

1.) Upon further investigation, Miller's Restaurant in the Woolworth Building at Broadway and Chambers Street appears neither big enough nor private enough for use as a Club dinner/meeting place.

   The Board is still open to suggestions. Chris Mailing will check McDonald's at Third Ave. and 58th Street. Bill Cooper will talk to the management at Rinaldo's about improving the quality/price of the meals there.

2.) Lorraine Gewirtz displayed N.Y.C.C. logo artwork done by Gene Reynolds. A motion to approve the design was passed 6-0-1.

   The logo will be presented to the Club membership at the August 21 General Membership Meeting. Iron-ons will be purchased in two two-color combinations: black with red apples; and white with red apples. Each iron-on sheet will contain two logos, one large and one small.

   Lorraine suggested that the transfers be priced such that mailing costs and a margin for the possibility of lower than expected sales volume be included. The cost of the transfer, envelope, and postage was estimated at 66c per sheet.

   A motion to set the tentative price at $1.00 each and two for $1.75 was passed 6-0-1.

3.) Chris Mailing had the Club roster printed, however the reduction copy made for Bill Cooper was too light for printing.

   Lorraine will ask for a typist at the August General Membership Meeting, while Gary Krzynowek will investigate the possibility of obtaining a printable reduction copy.

4.) The President, Vice President, Treasurer, and Secretary are in the process of obtaining their memberships in the American Youth Hostels.

5.) Lorraine commented that the bulletin was mailed late in August. Ed Flowers and Chris pointed out that the bulletin should be received the week prior to the General Membership Meeting, which it would, if mailed immediately.

   Mel Shleifer reported that personal conflicts had prevented him from mailing the bulletin earlier. Bill Cooper reminded Mel that he should ask for help if necessary to meet the deadlines. Mel agreed.

6.) Lorraine reopened discussion on the use of pressure sensitive mailing labels for the bulletin.

   Bill Cooper will donate labels and arrange for their production on a Xerox copier. Bill agreed to supply several months worth of labels to Mel in advance.

   Mel agreed to use the labels under these conditions.

7.) A Queensboro Bridge Bike Lane Party will be held by Transportation
Alternatives (T.A.) on September 16th. Lorraine suggested that the Club should have a table at the party to promote membership in the Club. The Board accepted the idea, pending approval by T.A.

Lorraine will ask for volunteers to man the table at the August General Membership Meeting.

8.) Mel reopened discussion on his motion to limit membership renewals to those members who participate in Club activities. Various plans were discussed.

Ed made the following motion: "In order to renew membership in the N.Y.C.C., a member must participate in a minimum of three Club rides during the previous membership year, unless granted an exception by Board vote, effective for renewals of 1981," - to be presented to the Club as a by-law amendment on the December ballot. The motion was passed 7-0-1.

9.) Chris introduced a motion as follows: "The membership year be defined as May 1 to April 30, with dues due by April 30, effective April 30, 1980" - to be presented to the Club as a by-law amendment on the December ballot. The motion was passed unanimously.

The Board asked Chris to put an explanation in the bulletin.

10.) Jim Rex will follow up with John Lorenz, Chairman of the By-Laws Review Committee, to learn what progress has been made.

11.) Mel introduced a motion to fund "special projects", whatever they may be. The motion was defeated 6-0-2.

12.) Bill Cooper will ask Leona Hollander for a Treasurer's Report at the next Board meeting.

13.) Bill Cooper will furnish Gary with a copy of the by-laws.

14.) The next Board of Directors Meeting will be held on Wednesday, September 12, 1979 at Chris Mailing's apartment at 7:15 p.m.

For Sale: Motobecane Nomad Bicycle, men's 10-speed, 22" frame, with some extras worth over $200, excellent cond. Asking $125 but will take best offer. Call Bill or Audrey (201) 886-0237, ev. or weekend.

A HEARTY WELCOME TO OUR NEW MEMBERS WHOSE NAMES WE WILL LIST NEXT MONTH

On Sept. 9, 1979, 9 NYCC members and 1 guest from L.I.B.C. rode the club's 50 mile marked route. The pace was purposely designed to take the entire 6 hours so that riders who had not yet done 50 in 6 could succeed in doing it relatively comfortably and in the company of fellow club members. A one hour lunch stop was included in the 6 hours.

The riders who participated were: Johanna Correll, Lyn Dominguez, Harold Finkel, John Hoffman, Jr., Irv Kratka, David Miller, John Rubino (L.I.B.C.), Arthur Schaffer, Irv Weisman (leader), and Barbara Wood. All the riders decided to commemorate the event by getting the L.A.W. Half-Century patch.
The meeting was chaired by Bill Cooper, President.

Ride write ups must be submitted to Ed Flowers or the respective Ride Coordinator by the General Membership Meeting date, or phone (212)544-9168 and leave a message.

A representative from Bicycle Commuters invited all interested Club members to join John Marino for the last three miles of his record breaking coast to coast cycling trip. He is expected to arrive around 10:00 p.m. Thursday, August 23.

Next month's General Membership Meeting program will be a historical review of the N.Y.C.C. from 1960 to the present by Bob Herzfelder. The October program will be "First Aid for Cyclists", a presentation by Deborah Hutchinson, R.N.

Mr. Frank Hines of the American Automobile Association presented the film, Only One Road, and then fielded spirited questions from the membership. Mr. Hines emphasized that the A.A.A. is interested in traffic safety as it applies to bicycles and pedestrians, as well as motorized vehicles. He believes that cyclists and motorists must respect each other, and that each must work to earn the other's respect. The film covered basic accident situations and how to avoid them, and the rules of the road applying to bicycle/car interaction.

SEPTEMBER 12, 1979 BOARD OF DIRECTORS MEETING
SUMMARY OF MINUTES (UNAPPROVED)

The meeting was chaired by Lorraine Gewirtz in Bill Cooper's absence.
1.) Chris Mailing will present a Treasurer's report at the 9/18 General Membership Meeting, in Leona Hollander's absence.
2.) The bulletin for September was delayed in the mails, and consequently will not be ready nor mailed out on schedule. The bulletin will be mailed as soon as possible.
3.) Mel Shleifer has had second thoughts about using pressure sensitive address labels for the bulletin, citing the additional effort required to do so. The issue remained unresolved.
4.) The next Board of Directors meeting will be held on Tuesday, October 9.

Our sympathy and affection to Al Goldberg who recently lost his mother.

PARTING SHOT

Janet and I are most appreciative of your thoughtful gift, and the wonderful send off at last night's meeting. Thanks ever so much; and also for the many years of enjoyment with the NYCC. These past nineteen years have been most rewarding.

While we are looking forward to our new adventure, we leave with a touch of sadness in our hearts in that we will no longer be able to attend the meetings and participate in the rides and long weekends as I have done over the years. I intend to keep up my membership so that I can be kept aware of the activities of the NYCC; and perhaps next summer we will be up to see you all again.

In the meantime if any of you are in Florida, give us a call and come over. You're always welcome. Our new address is as follows:

Century Village West
Cornwall E - Apt. 1096
Boca Raton, Florida, 33434.

Before I sign off, I would like to leave with you this bit of "corn" dedicated to my old friend, "Upright" Irv Weisman:

I enjoyed your talk on low low gears,
    It gave me quite a thrill.
To think that with such low low gears
    I'd ride up every hill.

I hurried to the cycle shop
    Some low gears to install;
Then headed for the mountain
    So forbidding and so tall.

I climbed that mighty mountain
    Until I reached the top;
My heart was pounding so hard
    I really thought 'twould pop.

Now that I'm hooked on low low gears
    I truly love to talk,
To tell my friends there ain't no hill
    The likes of me can't walk.

Good luck and goodbye. Have a pleasant winter.

Happy cycling,

Janet and Bob Herzfelder

As of this issue I have fulfilled my obligation voluntarily taken on at the 1978 nominations when I declined to continue in the capacity of VP-Rides, but as a helpful gesture promised to supply my successor for the tenure of current administration with a list of "Ride Previews". Those of you who have been wondering about the annual or quarterly tabulations in the past, were provided with more details from the monthly ride results. Who ever will take on this work load from here on, will require more co-operation from the ride leaders than most have extended to me in the past. Often I had to call 5 times before I could find out how one particular ride turned out, to be able to include it into my figures. A 10 cents post card after the ride to inform me would have been not only cheaper, but less time consuming. The thought after feedback was to provide up to date information calculating the law of averages for upcoming rides to succeed, and optimizing the manpower used in obtaining it. So if one man's effort can help dozens of leaders from year to year, there is no excuse for them not to help just one man in turn. Leadership implies responsibility and this is one of them. If you can afford cycling for hours, you should have no trouble writing a post card that takes only a few minutes, save for the few precious exceptions...

This matter has been worked out to the point where all it needs is co-operation.

Being a regular "Warhorse" of the club I would like to spare my time to other remaining issues that call for development and solution. Primarily improving some aspects of our bulletins, so we can attend the rides we all worked to put together rather than just read about it because they were delivered too often too late.
ASHAMED? of the condition of your bike, riding style, erratic shifting pattern, profuse sweating, obesity? It's time to overcome your shame. Don't be shy. Make a promise to yourself never to ride solo as long as you are a member. If you don't like the selection of rides, don't quit, create your own rides and/or ask an experienced tour leader to act as a co-leader on your ride. Nothing ventured, nothing gained. So exercise caution of course, but not at home, on the road instead. We're all deficient in some aspect of cycling, so come out of hiding, admit your faults, and make an attempt to improve the club by your renewed spirit.

A COMMENT ON THE BOARD'S PROPOSAL TO LIMIT MEMBERSHIP RENEWAL TO RIDERS ONLY

The Board is proposing to limit membership renewal to only those members who participate in 3 or more rides the season past.

I (Irv Weisman), consider this proposed amendment to be ill-advised. It has a "holier-than-thou" mood to it, and I see no good purpose for it.

If any member is not participating actively enough in our rides program, he/she will probably decide not to throw more dues money away on a renewal for the next year. If the member, despite not riding the past year, decides to renew for reasons of nostalgia or in order to receive the bulletin, we really do not suffer all that much. The dues cover the cost of the bulletin; the expense to the club is the extra work of mailing the bulletins. I would hope that the Circulation Manager would be willing to invest the effort of mailing a few extra bulletins - the non-rider may decide to get moving after all.

Rather than restrict membership, I, as an active and sometimes frustrated leader, would like to see more emphasis on classification, performance, rides (25 in 3, 50 in 6, time trials, etc.) so that members will know what they can do, and therefore choose rides for which they are qualified. Inadequately trained riders do slow the pace and joy of the ride for the better qualified riders. There is a real pleasure in riding with a well-disciplined and homogeneous pack - a pleasure too often not realized on many of our rides.

Our emphasis should therefore be on promoting training-up rather than on dumping members. Let the members decide whether they are wasting their money.

IT'S TIME FOR A CLUB CORRESPONDENT
BY JOHN R. LORENZ

Having reviewed the current state of our by-laws in between running rides, writing articles, straightening personal matters, I've drawn the conclusion that we should create a new position on the board of directors, that of CLUB CORRESPONDENT. Other clubs have such a position; it's just another example of how stale and meaningless our by-laws have become, when we continue to run meetings and hold elections, and operate on the basis of by-laws created decades ago by some back-office attorney who probably never rode a bike, but did the best he could to breathe some meaning into our good intentions. Come's time we look to them for inspiration, we seek to circumvent and redefine, etc. It happens every year. The overhauling of the by-laws is half (½) finished, that is, my half of the work. The balance of the work may or may not be completed. All I know is what I learned from them made me more aware of the crying need for a CLUB CORRESPONDENT.

Distributing the load carried by the board is the key to a successful club operation. This year we saw the load in the rides area carried by five persons, where formerly one did all the work. It was a necessary step to take to keep the club alive and functioning. These five people are actually unelected members of the board, having no definition under the by-laws, and remaining in a precarious position of having no tenure both theoretically and actually. We are appointed; no more than extensions of old egoists, glorious creations that fade away just around election time. Yes, we jumped at the opportunity to assist where old hands practiced. And now, just as the garden is harvested and weeds overtake the rows of plants due to our benign neglect, so too we are about to be wiped out by a killing frost. In nature, we know we can't control the weather, but in the "atmosphere" of election time, articles such as this I hope will clear the skies, blow away those destructive
hot air masses on the horizon, shielding us from acid rains coming upon us so unexpectedly. We put down roots that are acid-proof, perennial plants that have only the appearance of having vanished at year's end, only to surprise us with their outstanding reappearance the following season, totally without the mercy and nurturing of the caretakers, wielding tools, dispensing know-how, and positioning us in the background behind the fading blossoms of their accomplishments. Let's grow a good membership with good by-laws.

We need a CLUB CORRESPONDENT for: Guaranteeing quorums at board meetings, public relations, letter writing, record keeping aside from bookkeeping, distributing questionnaires, making surveys, maintaining a library of maps and rides, copy making, written acknowledgments of new memberships, inter-club arrangements for joint rides, planning membership drives, arrangements for entry into parades, or neighborhood events, with media coverage such as Transportation Alternatives gets, purchasing supplies of club forms, letterhead stationery, and business cards for recruitment purposes, confirming reservations for long distance tours, or for charter buses, securing patches, tee-shirts, jerseys, submitting club rides for publication in the "Bulletin" magazine of the national organization, League of American Wheelmen, and acting as a liaison on intra-club matters.

Sounds like a lot of work, doesn't it? Nothing ventured, nothing gained. And just like the five working on rides, the CLUB CORRESPONDENT, if not physically entered into the language of the by-laws, will be buffeted by the annual tempests of election egos. I urge the board and the membership to make at least these changes in the by-laws, allowing for the five member rides committee to be elected officers of the board, and allowing for the election this year of the CLUB CORRESPONDENT.
