GUIDELINES FOR CLUB RIDERS

NYCC rides are intended to be friendly group rides; we don't like to "drop" or lose anyone. Riders whose personal or bicycle condition seems inadequate for the ride are to be turned back by the leader. Our leaders are truly reluctant to do this, so please cooperate with them:

- 1) Select rides within your capabilities--avoid downgrading the ride for your fellow riders and stressing yourself "trying to keep up"; or, conversely, demanding a faster pace than advertised.
- 2) Be on time or a bit early. Rides will leave promptly.
- 3) Have your bike in good condition: both brakes working, properly inflated tires, adjusted derailleurs, no loose parts.
- 4) Eat a good breakfast; bring water, snacks, spare tube, patch kit, pump; and lights for dark.

RIDE AND RIDER CLASSIFICATIONS

B: TOURISTS: Moderate to brisk riding along scenic roads, including hills; destination not so important. Stops every hour or two.	11-14 mph
C: SIGHTSEERS: Leisurely to moderate riding. Destination oriented: nature, historical, cultural. Stops every half to one hour.	8-11 mph
D: BEGINNERS: Very leisurely sightseeing. Discovering the bike and their bodies; training up to C. Frequent stopping and regrouping. Do not believe reports about mere mortals riding 100 miles or more in only one day.	Less than 8 mph

September Club Meeting Program

CLUB RIDES - STYLES and CLASSIFICATIONS

We have many new members this season, and they bring with them varied expectations for club rides. Is a club ride, a club ride, a club ride? Or do the rides differ in mood? What are your important parameters? Speed? Distance? Scenery en-route? Roads? Destinations? Riding in a close group or pack? Or riding in relative isolation? How important is your equipment? Are you intrigued by their design details? Their weight? Their cost? The gearing? Or do you merely want to get there and back and not be bothered by all that "technical stuff"?

At the Sept. meeting, we'll have panels of riders and leaders in each of our 3 major ride classes, A, B, and C, who will discuss their personal attitudes about rides, riding styles, and their expectations, if any, from their club riding mates. "Upright" Irv will moderate the discussions and the questions from the floor, and will then show slides of his "Proposed Club Ride Classifications" graph (printed in the Feb. 1981 Bulletin) on which he has superimposed the actual performance records of some of this season's rides. The graph will help explain why you felt the way you did when you went on a ride not suited to your performance class.

This historic forum is reason enough for you to set aside this date for the club meeting so that you can find out what makes your club-mates pedal the way they do. For more inducement, see the notice on the other vital business of the evening.

THE OTHER VITAL BUSINESS OF THE SEPT. MEETING

FIRST NOMINATIONS FOR CLUB OFFICERS

At the Sept. meeting the club will open nominations for all offices. Nominees for President and Vice-Presidents must be members for one year by the time they will take office in Jan. 1982. The other offices - Secretary, Treasurer, Editor, Membership Director, Circulation Manager, and A, B, and C Rides Coordinators - do not have this requirement of one year's familiarity with the club's activities. There will be no nominations for the office of Past President. That is a revered status earned by prior servitude, and is not to be granted by so simple a procedure as a popular election by a riotous crowd of noisey pedal-pushers.

Nominations will be closed at the October meeting, and the final slate and mail ballot will be included in the November Bulletin. The results will be announced at the November meeting, with installation of the new officers taking place at the December meeting amidst the joyous carousing of the assembled members who come to see, in the flesh, those fellow members who have agreed to bring to the club membership hours of entertainment, and months of self-flagellation opportunities in the countryside about.

Surely, you are bursting with ideas for the club's activities; officership is the best way to bring them to fruition. Although the pay is not so hot, there is great satisfaction in seeing a pet project successfully carried out and to have the accolades of the highly appreciative club membership heaped, nay, hurled, upon your helmeted head. Nominate your capable friends, or get yourself nominated. Officership is an interesting experience, and may lead, ultimately, to "revered status", if you are not careful.

The meeting will be held at 6:00 pm, Tuesday, September 8, at Artemis Restaurant, 76 Duane St. (just off Broadway, two blocks north of City Hall).

SEPTEMBER - L.A.W. NATIONAL CENTURY MONTH

September is the traditional month for climaxing the riding season with L.A.W. rides which attest to one's riding endurance or class. These rides are the National Century - 100 miles completed within 12 hours, the National Metric Century - 100 kilometers (62.5 miles) in 7½ hours, the National ½ Century - 50 miles in 6 hours and the National ¼ Century - 25 miles in 3 hours. (There is no National ¾ Century at this time; there should be, and maybe there will be in 1982.)

To commemorate these personal achievements, the League has designed appropriate patches, dated September 1981, which are for sale to those who achieve the stated requirements. The cost of the patches is \$1.25 to the club - they will be sold for \$1.50 to persons who qualify and order them at the successful completion of the rides.

Several rides are being scheduled to encourage members, especially those who are uncertain of their abilities but who have been riding during the season, to come out, surprise themselves with their ability, and earn their patches along with a sense of achievement. Most of our patch rides are intended to be ridden in a group (rather than each rider racing off to beat the clock), but serious stragglers will have to be sacrificed on the altar of time so that the others can complete the ride on time.

Irv will lead off with a combined 50 in 6 and Metric in 7½, and will join with Dave Miller on a Century later in the month. Choose your goal(s) and come on out.

Irv Weisman

Note: There will also be two AYH patch rides this month - a 100 in 10 hours led by John Lubaszka and an 85 in 8 hours led by Barbara Silverstein.
