The BIG Tours Are Held In May:
Citibank-AYH Five Boro
Tour of Scioto River Valley (TOSRV)
AYH New York to Montauk
LAW Great Eastern Rally (GEAR)
Pepsi 24 Hour Marathon
This year, there's a new addition:
MAY 10th: NYCC ALL CLASS CLUB RIDE
GUIDELINES FOR CLUB RIDERS

NYCC rides are intended to be friendly group rides; we don't like to "drop" or lose anyone. Riders whose personal or bicycle condition seems inadequate for the ride are to be turned back by the leader. Our leaders are truly reluctant to do this, so please cooperate with them:

1) Select rides within your capabilities—avoid downgrading the ride for your fellow riders and stressing yourself "trying to keep up"; or, conversely, demanding a faster pace than advertised.

2) Be on time or a bit early. Rides will leave promptly.

3) Have your bike in good condition: both brakes working, properly inflated tires, adjusted derailleurs, no loose parts.

4) Eat a good breakfast; bring water, snacks, spare tube, patch kit, pump; and lights for dark.

RISE AND RIDER CLASSIFICATIONS

A+: ANIMALS: Anything goes. Eat up the roads, hills and all.

A: SPORTS(MODEL): Vigorous riding over hill and dale. High regard for good riding style. Can take care of themselves anywhere. Stops every two hours or so.

B: TOURISTS: Moderate to brisk riding along scenic roads, including hills; destination not so important. Stops every hour or two.

C: SIGHTSEERS: Leisurely to moderate riding. Destination oriented: nature, historical, cultural. Stops every half to one hour.

D: BEGINNERS: Very leisurely sightseeing. Discovering the bike and their bodies; training up to C. Frequent stopping and regrouping. Do not believe reports about mere mortals riding 100 miles or more in only one day.

The Telephone numbers of the Central Park Boathouse are: 650-9521, 744-9813, and 744-9814.

Saturdays, May 2, 9, 16, and 30th.

LeAdERLESS RIDES. Approximately 50 miles 'A'. Meet at 8:15AM at the central Park Boathouse. Destination to be decided by the riders who show up. These leaderless rides are experimental; if they are successful they will be continued in future months.

Saturday May 2nd, 1981.

FIFTH ANNUAL ARCHITECTURAL WONDERS OF THE UPPER WESTSIDE. 10 miles. A few hills? 'C' ride. Meet your leader Carole Chavanet at 9:30AM in front of the Lincoln Center Fountain, please walk your bike in Lincoln Center, for a ride that will take in the electric architecture of the Upper Westside, from modern to art deco to beaux arts to Victorian. Pack a picnic lunch which we will have in Central Park. For further information call Carole at 222-8227. AYH, TA, NYCC.

Sunday May 3rd, 1981.

SEVEN LAKES DRIVE DOUBLE METRIC. 120-125 miles. 'A' ride. Leader Gary Krzynowek.

Don't get caught in the traffic (from the 5 boro bike tour), instead meet at 6:30AM at the G.W. Bridge Bus Terminal (179th St. And Ft. Washington Ave.) Bring food or money to buy it, for a picnic lunch and "climbing legs" if you don't have a spare pair of legs, bring low gears (30" to 40" recommended). Terrain: hilly. Estimated riding time not including stops 8-9 hours. For more information call Gary at 931-5367. NYCC

THE FIVE BORO BIKE TOUR. 35 miles. Any class. Come along and enjoy to largest bike ride in the World. It's easy, it's fun, and it's just the thing to do. Come along and show NYC, the USA, The World that there is a lot of bikers NYC!! It's a trip worth doing. It gets biking out into the public eye, a very good way to expose yourself. Don't be embarased, expose yourself and your bike on the 5 BORO bike tour. Join 17,000 of your biking friends for this great ride.
Saturday May 9th, 1981.

STATEN ISLAND LOOP. 25 miles. 'C' ride. Meet Martha Ramos at 9:45AM (the ferry leaves at 10:00AM) at the Staten Island Ferry Terminal (Manhattan side). We will ride and lunch in Staten Island. A good way to warm up for the All Club Ride on Sunday. Cancelled if forecast predicts rain. Bring lunch, or buy it there. Additional information 858-9142.

Sunday May 10th, 1981.

ALL CLUB RIDE. A, B+, B, AND C. There will be four rides to choose from. 'A' ride 100 miles from the Central Park Boathouse. Led by Rich Levin. 'B+' ride 75 miles from the CPBH. Led by David Miller. 'B' ride 50 miles from the Jersey side of the George Washington Bridge. Led by 'Upright' Irv Weissman. 'C' ride 49 miles from the CPBH. Led by Lorraine Gewirtz and Martha Ramos.

All rides will meet at 1:30PM at Wood Dale County Park in N.J. for lunch together, and ride back to the G.W. Bridge together.

If you begin the ride at the Jersey Side of the G.W. Bridge for the 'A', B+, and C rides deduct 15 miles from ride total.

Starting Time C.P. Boathouse G.W. Bridge Terrain Pace W/O Breaks With Breaks
'A' 7:15 AM 7:50 AM rolling with hills 16mph w
'B+' 7:45 AM 8:30 AM flat with steep hills 12mph w
'B' ----- 9:15 AM flat with small hills 10mph w
'C' 9:00 AM 10:00 AM flat with gentle slopes 7mph w

'B+' RIDE TO LAKE DE FOREST. Ride along the Hudson river to Congers Lake across Lake De Forest and a view of the cliffs north of Lake De Forest. This is a very scenic ride but you must climb some very steep hills to enjoy it. More information call David Miller 794-9365.

'B' 50 MILE MARKED ROUTE. This is a club favorite. It is marked with arrows so you will not get lost. The route is flat with a couple of small hills. More information call "Upright" Irv Weissman 602-7298.

'C' SPRING RAMELS IN NEW JERSEY. Ride through north Jersey's quiet residential neighborhoods of Englewood, Cresskill, Demarest, Closter, and on to Park Ridge. The route is flat with a few gentle slopes. More information call Martha 858-9142 or Lorraine 832-9073.

Saturday, May 16th, 1981.

SHEAPHED BAY/MANHATTAN BEACH. 25 miles. 'C' ride. Meet Sherman Cohen and Martha Ramos at 10:00AM on the Manhattan side of the Brooklyn Bridge. This will be a flat trip to the Sheapshead Bay area of Brooklyn, with a lunch stop at Manhattan Beach. Bring lunch or buy it there. And don't forget your paddle ball racquet. Forcast of rain cancels. Additional information: 858-9142 or 332-1990.

Saturday, May 16th, 1981.

THIS COUNTY 75 MILE PATCH RIDE. 'B' ride.

Fallow Dashing Dan, then it's Friendly's treat; Ride the circuit round, you're in full retreat; Speed on the flats, strengh in the hills; This dandy number wins a bundle of thrills.

Meet leader, John Lubarszka, at 7:00AM (leaving at 7:30AM SHARP). Meet at the Cunningham Park parking lot, on Union Turnpike, between Francis Lewis Blvd. and 193rd Street in Queens. To receive your patch you must have a valid NYCC pass and finish the ride within 7 hours. NYCC AYH

MONTAUK CENTURY. 115 miles. 'A' and 'B' ride. Due to the extremely flat terrain of Long Island's South Shore, this is an excellent opportunity for you to do your first century of
the year or of your life. Meet 5:30AM at the Jamaica Station of the LIRR (Sutphin Blvd and Archer Ave., Queens). Bring $10-15 for food and bring a water bottle. You must sign up at AYH in advance, bicycle space is limited so don't delay. The Fee is $10 which buys a ticket for you and your bike. Contact AYH for additional information.

BIKE EAST RIVER. 15 miles. 'D' ride. Meet Mike Antanas at 9:30AM at the Pedal Pusher Bike Shop 328 E. 66th St., between 1st and 2nd Aves in Manhattan, for a trip to Central Park and then to the 103rd St foot bridge and on to Wards and Randalls Islands. Bring your camera for some unique skyline scenes. Rentals available on one days notice. Bring your lunch or buy it on the way. Forecast of rain conceals. More information 201-420-6232 after 5PM week days. AMC NYCC

May 22-25th, 1981
GEAR. 140-? miles. Flat, rolling, with some steep hills. B4 ride. Meet your leader David Miller at 8:00AM for a four day ride to and from the GEAR weekend. We will meet at the Central Park Boathouse. I will plan the flattest route possible but there will still be some steep hills and mini mountains. If you have been training and have low gears this will be no problem at all. We will either carry our own gear or make arrangements with the riders that are driving up by car to take our luggage. Consider carrying your own gear 20-25 pounds for two days. It will make you a stronger cyclist. We must supply our own pillow, sheets, blanket, and towel. The pillow and blanket are problems unless you have an air pillow and a sleeping bag.

Please, any rider that is going up by car contact me if you are able to take extra luggage with you.

Please call me if you have any questions, and to let me know if you are riding with me. If you are able to take Friday off, I feel that the only proper way to go to a BIKE RALLY is by BIKE, and to return by bike.

Please refer to the April bulletin for details of what I expect from you to be able to come on this ride. Call David Miller 794-9565 evenings, 886-2000 days. Come along and enjoy!! Rain?? We will work that out on the day of the ride.

May 24th, 1981.
WESTCHESTER RAMBLE. 60 miles. 'B4' ride. Meet Bill Baumgarten at 7:30 AM at the Central Park Boathouse for a ride to Pleasantville via Yonkers along the Hudson through Pocantico Hills and Sleepy Hollow. You can also meet Bill at 225th St and Broadway at 8:15AM. Details call Bill before 9:30PM 567-4628.

Saturday May 30th, 1981.
A TALE OF TWO MANSIONS. 22 miles. Hille? 'C' ride. Meet tour leader Carrole Chavanne at 9:00AM at the Columbus Circle entrance to Central Park. Our first stop is the Morris-Jumel Mansion, which served for a time as George Washington's Headquarters during the War of Indepedance. Bring your own lunch for a picnic in the Jumel Garden. After lunch, it's off to Van Courtland Mansion, a carefully preserved fieldstone countryhouse dating back to 1748, where we will view a slide presentation of the history of the house and then be free to wander on our own. Bike parking space at both stops will be provided, but trippers may have to stand watch. Bring $2.50 for museum fees and a lock. For more information call Carrole at 222-8277. AYH, TA, NYCC.

Sunday May 31st, 1981.
SADDLE RIVER EXPRESS. 'A4' ride. 110 miles. Leader Chris Mailing. Meet at 7:30AM at the C.P. Boathouse, or at 8:10AM at the N.Y. side of the C.W. bridge south walk ramp for NYCC's first 'A4' ride of the 1981 season. The Saddle River Express route, developed by Bill Yao, is the easiest 'A4' route imaginable, in that it contains over 50 miles of downhills, and a minimum of uphill climbs. Ride to Nyack for breakfast, then up to High Tor State Park, down the east side of the Saddle River Valley to Allendale and Wyckoff, then along the Hampa River through Suffern, and back down the west side of the Saddle River Valley and back to NYC. Two deli stops in Wyckoff and Urdell. Estimated riding time: 7 hours. Call Chris Mailing 879-6199 for further
information of around 7:00AM on the morning of the ride if the weather is doubtful.

STAPLE ISLAND PARKS. 20 miles. 'C' ride. Meet at 10:00AM at the Seaman's Church, 15 State St, 1/2 blocks north of the S.I. Ferry Terminal in Manhattan. Travel via ferry and then bike for some interesting harbor views before lunch at the park. Bring lunch and a blanket. Forecast of rain cancels. Additional information 201-420-6232 weekdays after 5:00PM. AMC NYCC

**April Board of Directors Meeting**

**SUMMARY OF MINUTES (UNAPPROVED):**

1. There are 103 paid 1981 members to date, including 30 new members. Martha Ramos' "renewal" letter (to members who have not yet paid 1981 dues), dated 4/1/81, was mailed out.

2. Martha Ramos announced that an Environmental Protection Agency (EPA) Exhibit will be held Monday, 4/20, through Friday, 4/24/81, at Federal Plaza near City Hall. The EPA is promoting bicycling, and Martha needs help staffing an NYCC table during lunchtime between 12 and 2.

3. The Board discussed the disposition of excess bulletins. One suggestion was to distribute them to a different bike shop each month.

4. Chris Mailing asked for articles for the bulletin especially from B and C riders -- on rides, preparation for events such as the marathon, awards, etc., also classified ads. The deadline for next month's bulletin is the monthly general membership meeting.

5. Dave Miller pointed out that May is National Bicycle Month.

6. Bill Vojtech is supplying the logo, and Bill Cooper has done the typeset, for the business cards.

7. The next Board meeting will be held on Tuesday, May 5, 1981.

Copies of complete approved minutes are available from Irene Walter.
PEPSI MARATHON PREVIEW

By Ken Abramson

At Noon on Saturday May 23rd the Tenth Annual Pepsi Challenge Bicycle Marathon will be held. The New York Cycle Club is preparing to send out a contingent of 'A' riders hoping to bring recognition for the club's fine riding program. After last year's second place finish in the 10-25 person group category the 'A' riders are hungry for gold. The 1980 team averaged 266 miles; included was a record breaking 337 miles by Mary Gifford. This year Connie Orentlicher, who has been training regularly for the event, hopes to be the top woman competitor this year.

While the support effort was excellent last year, a good thing can always be improved. Martin Karrin will be in charge of the 24 hour ground crew requests club members to help out in the preparation for the marathon. New York Cycle Club riders will be wearing the official club jersey. Club visibility will be further developed by a banner in the support area. 'A' riders know what food is required to stay on a bike for 24 hours at an 'A' ride pace; an improved stock of carbohydrates, fruits, juices, and ample water is in preparation. President Jim Rex, who is past bronze medal winner in 1977, intends to supply tents, and will keep close watch on the statistics of this year's event.

The New York Cycle Club intends to enter 15-25 riders all capable of riding between 250 and 350 miles. We will attempt a total club mileage of 5000 miles. More important than the aggregate mileage is the hours of hard training and planning individual strategies for meeting new endurance marks. Enthusiastic remarks heard on the 'A' Training Rides indicate our readiness: "I haven't had a more exciting thing to shoot at in years...I want to see how far I can get in 24 hours...and maybe end up with a medal by noon of the following day."

Anyone capable of riding 250 or more miles a a club member. Anyone willing to loan a club jersey to participants. Anyone wanting to help with support (helping with set up, handing off food, or just to give a little encouragement.)

Contact: Martin Karrin 988-8511 work: 361-8601
or Ken Abramson h. 672-9555 b. 757-7722

May Club Meeting Program

We all dream of endless roads and unique vistas. Steve Hauman and a group of 26 other cyclists were able to live out this dream in China. At our next meeting we will hear about these dream roads and about communes and factories and foods and music. We will also hear about the Great Wall, panda bears, Peking Duck, and the Chinese subway. Steve and his fellow travelers have put together a 'travelling road show' and we will be among the first to absorb it all.

You can 'dream' along with Steve, or you can plan your own trip to China with his help.

Come to Artenis and hear about bike touring in China. Artenis is at 76 Duane Street and Broadway. Join us at 6 for drinks and at 7 for dinner. We will gather on May 12 for an evening of the cycle.
Bicycle Advisory Committee. "Shellshock" following the November "Great Bicycle Wars" is abating and some progress on current issues was reported at the 3/18 BAC meeting at NYC Department of Transportation. ("The Great Bicycle Wars" was title of 11/24 Time Essay; copy available on request.) The immediate future is critical, and bureaucratic delay is still a problem. With an expected 17,000 participants celebrating New York in the 5/3 Five-Boro Bike Tour (up from 12,000 last year), we have an opportunity to overcome the unfortunate conclusion by some New Yorkers (and others throughout the country) that "the bike simply doesn't belong, and can only perform at the expense of other, more productive means of transportation," as put in a 12/80 Public Works editorial. If you disagree, this is the time to say it.

Supported by the recent USDOT and Comptroller General reports, there's increasing evidence that bicycles have an important role to play in urban transportation and energy conservation. Public support is a critical factor; every letter, phone call, and volunteer hour has a significant impact; a letter today to a public official has somewhat more impact than your thought of a letter tomorrow. Write about those items which would add to your safety, security, and convenience, and express thanks when appropriate. Letters relating to city issues should be sent to Mayor Edward I. Koch, City Hall, New York, NY 10007; please copy me and/or Transportation Alternatives, 600 Lexington Avenue-Suite 572, New York, NY 10022; response copies would also be appreciated.

Enforcement. The relatively small percentage of cyclists who violate the law in biking wrong-way and plowing through pedestrians at red lights are a major problem, physically endangering pedestrians and other cyclists, and smearing all cyclists with a broad brush. Public officials and community leaders continue to stress these actual and perceived hazards as major barriers to effective public action. While many cyclists warn offenders with a "wrong way is dangerous" (responses vary from "sorry" to verbal abuse), we can't do the job alone. We don't expect the Automobile Club to be solely responsible for controlling dangerous driving (and we don't blame all motorists for the sins of the few).

While safety education is important, the single most effective measure is law enforcement--warnings and summonses. When the police were issuing about 300 summonses a month last August and September, the message was starting to reach many problem people and compliance was increasing; there's a substantial multiplier effect. Unfortunately, police attention to this priority has decreased. There have been somewhat inconsistent monthly figures for 1980 (the current total given is 1600); I've been unable to obtain data for January or February 1981. Accurate and timely data is essential. A step in the right direction is a DOT sample survey to evaluate disposition of 1980 summonses.

A level of summonses, warnings, and attendant publicity must be reached to provide the perception to violators that the risk of a penalty is at least as great.

LEAGUE OF AMERICAN WHEELMEN

The national organization of bicyclists. P.O. Box 988, Baltimore, MD 21203. 301/727-2022. Founded 1880

Please reply to address at top.
as any perceived benefit of biking against traffic or saving seconds by near-side-swiping pedestrians. Write Mayor and Police Commissioner Robert J. McGuire, 1 Police Plaza, New York, NY 10038; send copy.

Ferry Access. Bicycle access has been confirmed for the first Staten Island supersferry now due in July; while our 1978 agreement was for 50 seats to be removed at each end after delivery for bicycle storage, we've agreed to defer such for a reasonable period to evaluate actual experience and demand. Cyclists will walk bikes aboard after other passengers. Assurance has also been given that the request for proposal being drafted for a Roosevelt Island ferry will include a requirement for appropriate bicycle access. Write Mayor and Bureau of Ferry Operations Director Leonard Piekarsky, P.E., Battery Maritime Building, New York, NY 10004; send copy.

Identification Required. An amendment of NYC Traffic Regulations (section 148) requiring cyclists involved in an accident to stop and provide identification has been published and is effective April 10.

Hazardous Sewer Grates. After a two-year delay, the Department of Environmental Protection has approved bicycle-safe sewer grate designs for two most common sizes, and has advised that no further procurement of the dangerous parallel-bar grates is planned. Required now is budgeting for the safe grates (perhaps over a period of years), prompt replacement by transfer of PBGS in heavily used and particularly dangerous locations (such as Central Park transverses), and retrofit of PBGS which must be reused by welding or bolting bars. Write Mayor and NYCDOT Commissioner Francis X. McArdle, 2358 Municipal Building, New York, NY 10007; send copy.

Office Access. After five months of delay, discussions have started on proposed legislation requiring reasonable bicycle access. Experience is needed; if you have had success or lack of success in obtaining access, please advise to help in formulating this program; if you need assistance, TA can help. Write Mayor and NYCDOT Commissioner Anthony R. Ameruso, 40 North Street, New York, NY 10013; send copy.

Letters

Dear brother and sister NYCC cyclists. I am a poor ignorant country boy from Texas. I never learned how to spell, or use proper grammar, or proper punctuation. Will you please pardon me if I make an occasional spelling, grammatical, or punctuation error? My typewriter also has a problem. It suffers from 'type-o-s'. These are little animals that live in my typewriter which cause mistakes. I have used numerous methods to rid my typewriter of these animals. Asking them to leave very nicely, they didn't listen. I tried spraying it with insecticide. That didn't work either. They are like NYC cockroaches, nothing kills them. Part of the problem is my typewriter itself. It is an immigrant born in Switzerland. Its having a hard time learning American English and spelling. I have been doing my best to teach it, but the process is slow.

I have taught it not to type with a Texas nor a Swiss accent. (One of our clubs typewriters types with an Hungarian accent, but it spells well.)

Please bear with me and my typewriter. We will do our best to rid ourselves of type-o-s (maybe they go south in the summer?) spelling errors, and grammatical errors. One note we are both immigrants to NYC. Me from Texas, my typewriter from Switzerland. We both need a little time to learn proper English and spelling. (Spelling ??)

Thank y'all very kindly fer yer understand'n an' forbearance.

David C. (Country Boy) Miller
V.P. Country Rides NYCC

10
Cycling Shorts

The Appalachin Mountain Club's Glass Day is May 2nd. Meet at 10:00 am at the Brooklyn Shore Road and the 69th Street pier to sweep up the Shore Bike Path with the A.M.C. Call Marion Bahensky (212)242-7688 for further information.

The Gossamer Albatross, the cyclist powered airplane that recently crossed the English Channel, will be on display at the Museum of Natural History through the end of May. An article on the Gossamer Albatross also appears in the Museum's Natural History magazine this month. Call the Museum at 248-8060 for details.

Mike Nelson, Bob Friedman, and Chris Mailing have resolved to walk their bikes across the Broadway Bridge when it's wet, having learned (the hard way, of course) that the Bridge gets slippery in the rain.

Connie Orentlicher has earned the distinction of being the only member to show up for every one of the "A" Training Ride series, even Number 11, which was cancelled due to rain.

Slides on the subject of transportation alternatives to the automobile are being solicited for inclusion in a slide show to be used in exhibits and speaking engagements by Transportation Alternatives, a not-for-profit citizens' action group working to develop alternative forms of transportation in the New York City area. If you can contribute, please contact TA, 600 Lexington Avenue (at 52 Street), Suite 572, New York 10022 - telephone (212) 759-9066.

--- Irene Walter

ROUTE MARKINGS

I would like to thank "Upright" Irv Weissman, Marsha Taggart, and Connie Orentlicher for their hard work and sacrifice of their time marking the 25 and 50 Club routes in New Jersey. The markings are clear and well done. Now you won't get lost on either route. The Club greatly appreciates and thanks our fellow bikers for making biking easier and more fun for us. All three of you now qualify for the Arrow of the year award. Thanks again.

Attention ride leaders and participants

Many of our rides start at the Central Park Boathouse. Occasionally a leader or a triper is held up by a malfunctioning alarm clock, a flat tire, or some other bike malfunction. There are three telephones at the C.P. Boathouse. The numbers are: 650-9521, 744-9813, and 744-9814. They all are correct and work. I checked them out. Take note of these numbers, write them down, and put them in your wallet or pocket book. If you have a problem that will only take a few minutes to correct (10-20) call and maybe you can be waited for, or you can step your pace and catch up. Or with the knowledge that the leader and trippers know that you are coming they may slow the pace a little so you may catch up.

I would like to recomend to ride leaders due to the fact that we have a communications link with the starting point of rides which begin in Manhattan, that if your ride begins in Manhattan it should begin at the Central Park Boathouse. If it is practcical.

David J. Miller
The Central Jersey B.C. is holding its annual RVRUP with two Centuries, 1/2 Century, and 1/4 Century. The starting gate is a few miles west of Somerville at Somerset County College, off Rt. 28, in Branchburg, NJ. (Take NJ Turnpike south to Exit 10. Then, I-287 north to Rt. 22 West. Exit at Rt. 28 West at North Branch. Proceed to college.)

The rides go through lush and rural Raritan countryside, on roads free of traffic. The routes are marked, and maps with landmarks, food stops, etc. will be provided. High energy snacks, water and drinks will be provided to the registrants at a designated stop. There are food stores along the way, too. Mail your Registration and Release to Jerry Glick of CJBC.

Several of us want to turn the RVRUP into a bicycling weekend by riding out on Sat. along pleasant suburban roads - 45 miles from Newark PATH station, or 65 miles from the George Washington Bridge. After dinner and an overnight at a motel nearby, we'll ride the 1/2 or 1/4 Century and head back in the early afternoon. The CJBC will help us find moderate accommodations and meals.

Here is that opportunity for a bicycle weekend accessible by bike, and with an estimated overall cost of $40. Let Irv Weisman know of your interest at, or before, the May 12 club meeting so that he can make arrangements with CJBC and with the rest of the eager weekenders.

RARITAN VALLEY ROUND-UP '81 - REGISTRATION FORM

To participate in RVRUP-IV, please return this entry and entry fee, and be sure to sign the release form.
