GUIDELINES FOR CLUB RIDES

NYCC rides are intended to be friendly group rides; we don't like to "drop" or lose anyone. Riders whose physical or bicycle condition seem inadequate for the ride are to be turned back by the leader. Our leaders are truly reluctant to do this, so please cooperate with them:

1) Select rides within your capabilities - avoid downgrading the ride for your fellow riders and stressing yourself "trying to keep up" or, conversely, demanding a faster pace than advertised.
2) Be on time or a bit early. Rides will leave promptly.
3) Have your bike in good condition: brakes working, properly inflated tires, adjusted derailleurs, no loose parts.
4) Bring water, snacks, spare tube, patch kit, pump and lights for after dark.
5) Eat a good breakfast.

RIDE AND RIDER CLASSIFICATION

Ride/Riders          Riding Pace
"A+" ANIMALS          17+ mph
Anything goes. Eat up roads, hills and all.

"A" SPORTS(M)EN       14-17 mph
Vigorous riding over hill and dale. High regard for good riding style. Can take care of themselves anywhere. Stop every two hours or so.

"B" TOURISTS          11-14 mph
Moderate to brisk riding along scenic roads, including hills; destination not so important. Stop every hour or two.

"C" SIGHTSEEERS       8-11 mph
Leisurely to moderate riding. Destination oriented: nature, historical, cultural. Stop every half hour to one hour.

"D" BEGINNERS         6-8 mph
Very leisurely sightseeing. Discovering bike and their bodies; training up to "C." Frequent stopping and regrouping. Do not believe reports of mere mortals riding 100 miles or more in a day.

Any member may lead a ride. See the respective Ride Coordinator to submit a Ride Listing form. Ride Coordinators' names and telephone numbers are listed on the cover of the Bulletin.

Central Park Boathouse phone numbers are: 650-9521, 744-9813, 744-9814.

OYSTER BAY-SYOSSET CONNECTION. Leaders: Debbie Bell & Martha Ramos (718-856-9142) Join us for a breezy, easy Saturday ride starting at a civilized time. One stop in Syosset for an ice cream soda before returning to the city. Meet at the last stop of the E or F train (179th St. & Hillside Ave). Rain cancels.

GARVIE’S POINT. Leaders: Bernie Pearlman (212-285-1225) & Joan Mayer (212-691-8515 ‘til 10PM) Meet at 179th St. & Hillside Ave. (last stop on the E or F train) for a scenic ride to Garvies Point in Glen Cove. This ride will maintain an average pace of 12-13 mph. No pacemasters please. Bring lunch as there is no deli or bring your own. Lunch stop at the water with swimming possible so bring a bathing suit. Call one of the leaders if the weather is doubtful. Joint AMC ride.

BEDFORD RE-RE-RE-REVISITED...AGAIN? Leaders: Rich Herbin (212-666-2162) From El Central Parc Boathouse, a highly scenic trip through Connecticut and upper Westchester, including a brief but intensely meaningless visit to this ride’s namesake municipality. Steady paceline riding. Elegant delicatessen dining: the first one 30 miles out.

PRINCETON CAR-TO-P. Leader: Alinda Barth (718-441-5412) Meet in Princeton for the “Van Sandt Covered Bridge Tour” and ride along quite, shady lanes of Bucks, Hunterdon and Mercer Counties. There are some REAL hills on this ride so bring low gears and at least 2 water bottles. (We will be in some very rural areas where water stops are few and far between.) Cue sheets will be available, but bring a map so that you can ride at your own pace. Call Alinda for the exact meeting spot, to volunteer your vehicle or to arrange a ride with someone else.

RYE BEACH BALL. Leader: Maggie Clarke (212-547-2727) Meet at the northern end of the A line (207th St. Park benches at the north exit) for a scenic ride through the leafy lanes and manicured lawns of Westchester to Rye Playland. Bring your beach gear (sunscreen, frisbees, etc.) for a frolic in the sand and surf before the ride home. Picnic on the beach. Bring money, tools, tubes, and Metro-North permit in case of emergency. Rain cancels. Call Maggie for details.

BOYER AREA BIKE COALITION/AMERICAN BIKE FESTIVAL RIDE. Leader: Stanley Simon (212-741-3214) I am planning on doing the ride in stages. We’ll leave Thursday evening at 10 PM, ride most of the night (5-6 hrs) and most of the next day arriving in Boston early Friday evening. Return trip will leave Boston at 6 PM Sunday, travel most of the night and the next day arriving in New York Monday evening. LIGHTS ARE REQUIRED. Arrangements will be made with AYH for accommodations in Boston but you must carry a sleeping bag for outdoor sleeping during the trip. We will be roughing it. There will be group planning meetings for those interested. Route will follow the East Coast Bicycle Trail for part of the way. Required equipment includes toothbrush, lobster fork, good gears and good rubber. Only qualified century riders will be allowed. Call Stanley if interested.

BIKE-A-THON FOR AIDS RESEARCH. Sponsored by Different Spokes Bicycle Club, New York’s gay cycling organization is seeking participants to ride either a 50 or 100 mile route from New York to Easthampton to benefit any of the three local AIDS organizations. Participants should obtain pledges who will donate per mile ridden. Plans are to spend Saturday night in Easthampton and return too the city by van on Sunday. Contact Scott Lechert (212-560-3023) or Neil Babitch (212-957-5797) for further details.

BEDFORD VILLAGE. Leader: Marty Wolf (212-935-1460) Meet at the Boathouse for a prompt 8:25 AM. Lunch, our only stop, will be in Bedford Village after a brief but scenic pass through a corner of Connecticut.

LAWRENCE’S LAST RIDE-ARMONK & CONNECTICUT. Leader: Roy Lawrence (212-877-2292) Meet at the Bedford Park Blvd. & Grand Concours D train station and join Roy for his last ride in the New York area before his departure for California. Follow the Bronx River Valley through Scarsdale to White Plains then around Kensico Reservoir for lunch at the duck pond in Armonk. Return via Riversville Rd. in Connecticut, a pretty, six mile gradual downhill. Bring lunch or money for it. Raindate-Sunday Sept.15.

(V.P. Rides note: On behalf of all of the members of the New York Cycle Club we would like to thank Roy for all of the wonderful rides that he has led during his time in the Club. He will be leaving copies of his routes with Alinda Barth for all leaders to use. We would like to wish him and his wife the best of luck on their relocation to the sunny, year 'round cycling paradise of San Diego, California. He will be missed.)

ABC PLANS TO CAN RAAM COVERAGE

ABC television has been outstanding in its coverage of bicycling, as I think most of us would agree after seeing Wide World of Sports reporting of the Tour de France and Race Across America.

It seems, however, that ABC is about to shift its priorities elsewhere. If we all chipped in a few minutes of our time (and 22 cents, of course, for the stamp) and sent them a letter (even a 14 cent postcard) we just might influence them to keep on going with their coverage.

The letter I sent follows. Yours doesn't have to be as long—you don't even have to think about it—just skip off a line or two to let them know we're out there, and appreciative.

Ms. Amy Sacks
Wide World of Sports
ABC-TV
1330 Avenue of Americas
New York, New York 10019

Dear Ms. Sacks:

Thanks to ABC Sports recognizing a trend when it sees one, your very considerable talent, and the generous schlepping of Amy Smolens (your p.a., our member), New York Cycle Club had the best program ever last month—and I defy anyone to disagree.

Of course I am referring to your coverage of The Race Across America.

Is there now a possibility that after ABC's pioneering coverage of bicycling it is about to surrender it to some other network?

Please tell us it isn't so.

Yours sincerely,
Larry Rottersman

Cycling Shorts

By Gregory D'Agostino

Conrad Weiss, whose bicycle shop Conrad's was known around the US and to many around the world, died on June 11. To aficionados who have visited the best-known shops in Europe, Conrad's is recognized as the Cartier's of bike shops. At the memorial service, he was eulogized by friends and family for his humanism, generosity, and kindness. To the cycling fanatics of NY, he was known for those traits and more. Patient, helpful, and always interested in his clients, he will be remembered by many as the man who opened the door to the world of cycling. Although Conrad was not a racer and came to the cycling business through an unrelated enterprise, his efforts helped expand interest in cycling. Conrad will be deeply missed.

While the rest of us were getting a tan, two NY Cycle Club members were getting some well-earned and deserved media attention. In July, Central Park Bike Marathon winner Kenny Sloan was interviewed on Bill Boggs' MIDDAY LIVE. Ken also modeled cycling clothes on NBC's TODAY show. Randonneur brevet mavin, Steve Bauman, was mentioned in the July issue of WINNING magazine (page 76), for his work in organizing a North American version of PBP.

SHADES OF ICARUS & DAEDELUS--During the 24 hour Bike Marathon, Ken Sloan and Alex Bekkerman each completed 444 miles. Lin Ehrlich and Arlene Brimer put away 273 miles each. At these rates, it would take Lin & Arlene only 933 years and a mere 575 years for Ken & Alex to pedal their way to the Sun. Not bad ... it took mankind 5,000 years to reach the Moon. (See what happens when you give a bored person a digital calculator.)

Here is an entry for the "Now-I've-Heard-Everything" file. The folks at Tiempo Sports feel cyclists should keep their knees warm so they're marketing knee pads to do just that. THERMO KNEES are Lycra Spandex sleeves that surround your knees with 100% wool to keep the patella tendon warm and cozy.

File this item under esoterica extremis. Marcel Pujol, the French champion cyclist, known in Marseilles as "the pedaling fifty-year-old" is the grandson of Joseph Pujol, "Le Petomane" of fin de siecle, Moulin Rouge fame.

The National Bike Registry is, according to their promo literature, "a computerized, nationwide, bicycle registration service." For more info, contact NBR, 3608 Kodiak Way, North Highlands, CA 95660-2304.

In 1903, Marie and Pierre Curie won the Nobel Prize for their work with radium & polonium. They were very much in love with each other and with chemistry. When the Curies were first wed, Madame put her wedding money into a tandem bicycle. Later they got around, financially, to two bicycles.

Bike Racing In Central Park

Saturday Mornings, 7:00AM

The Century Road Club Association, established 1897, invites all cyclists interested in racing to join the club. Races begin at 7:00AM, at 79th Street and the Park Drive East, and end about 8:30AM; registration begins at 6:00AM. Opportunities also exist for others to assist in conducting the weekly races as bike race marshals. Marshals are placed at key intersections in the park to advise pedestrians, runners, and other cyclists that a bicycle race is in progress. Interested parties should call John G. Waffenschmidt at (W)212-566-0922 or (H)718-626-9835.

ADD THIS ITEM TO CYCLING SHORTS!!!!!!

On Sunday Sept. 1 at 4 PM NBC (channel 4) will air a 90 minute special devoted entirely to the 1985 Coors Classic. Set up those VCRs and watch it when you get home from the day's ride.
Loyal Comrades

By Caryl Hudson

Accidents are never expected, nor injuries pleasant—certainly not a separated shoulder. However, there are things to be grateful for and lessons learned. Firstly, I’m thankful for the help and support of the group I was riding with, and really glad we’d stayed together. Claire Goldswaiite leads a tight and disciplined ride, and it certainly pays off in emergencies. Jody Seyler stayed with me in the hospital and on the train to New York. The whole group relocated its second food stop to the hospital grounds.

It’s possible that my mishap was due to my physical capabilities exceeding my first-year riding skill level, but it’s also possible that anyone could have hit the pothole and gone down. So, I’d like to share some thoughts with you.

Never go on a ride without your proof of medical coverage, credit card, telephone credit, or rail pass if applicable to the area. Sad as it seems, you won’t get medical help if you can’t prove that you can pay for it. And, of course, take along your patch kit, tubes, tools, etc.

Never ride anywhere without your helmet. Skulls are harder to fix than limbs.

Riding skill is important for everyone—not only the A riders who travel in pacelines. The concentration required to ride a paceline, to turn and brake, and to handle your bike both in relationship to others in your group and to surrounding traffic is important at all riding levels. I’ve learned a lot from NYCC. There are now many new members in the club. If those of you who are inexperienced with group riding would make an effort to learn to handle yourself and your bicycle in a "professional" manner, everyone would benefit.

With proper preparation to handle anything that comes up, you—and the entire group—can better enjoy any ride.

Are you looking for that compatible partner for a bike tour, or a circle of cycling companions for your weekend rides?

Stop hoping and daydreaming—lead a bike ride for the club. It's easy. Just pick your favorite bike course, and call our dedicated rides coordinator. (If you are short of ideas, he has a file of them.) Don't be just another face in the crowd—be a leader!

**NYCC Rides the Air Waves**

This season has produced a variety of stars in NYCC. Recently, Public Relations Director, Larry Rottersman, arranged for the Club to have some air time on radio.

Thanks to his effort, Martha Ramos was a guest speaker on a syndicated program broadcast to more than 200 ABC-affiliated stations. The topic was, of course, cycling.

During Bicycle Safety Week, Chris Mailing was interviewed about bicycle safety on WHIZ Radio. WHIZ has the largest audience in the New York metropolitan area.

If any new members are wondering what NYCC is like, join us at the next General Membership meeting. Ask for Larry, who will be glad to answer any questions.

AUCTION '85½

Now is your opportunity to dispose of all that great bicycle gear
(or even that still nice but recently replaced bike) that is much too
good to throw out. Bring any cycling gear—large or small, valuable or
insignificant—to the September meeting to be auctioned off. Bikes, wheels,
freehubs, chains, seat bags, shoes, seats, tools, water bottles, books,
clamps, etc., etc.: you offer it, we bid on it.

Just tag your items: 1) brief specifications and/or description
if necessary 2) minimum acceptable price (floor from which bidding will
start) and 3) your name.

So whether you come to the September meeting to grab a bite, a
bargain, or a buck, come for a good time.
