**A MESSAGE FROM THE PRESIDENT - GENE VEZZANI**

Help Us Make Our Monthly Meetings More Attractive

The New York Cycle Club now has eleven hundred members, and we’re growing larger every month. It has been written that if things don’t change they don’t grow, and if they don’t grow they die. We certainly don’t want to find ourselves victims of Titanic Syndrome, thinking. Oh – this big ship will never sink.

A few of several changes are just around the corner. Beginning with our February All-Club General/Social Meeting that is scheduled for Tuesday, February 11 at O’Hara’s, we’ll begin having a monthly Tag Sale. All that you have to do to is bring any cycling-related item(s) that you would like to sell at the meeting with a price tag and your name attached to it, and place it on the Tag Sale table. Every month, we will designate one table at the General/Social Meeting for the Tag Sale.

The menu and the pricing of our monthly meeting are changing. Beginning with the February meeting you’ll see a much improved selection of food. The pasta bar is being replaced with a delicious new and interesting buffet. The very much improved February buffet will feature a poultry entree, a vegetarian selection, along with accompanying morsels. Each month you will see a different entree.

Admission to the third floor of O’Hara’s between 6:00pm and 7:45pm is $12.00, which includes the new dinner buffet, tax, gratuity, and the program. Admission to the third floor of O’Hara’s after 7:45pm is $4.00, which covers only the program, not the dinner buffet. We are now experiencing some general meeting costs that necessitate the $4.00 general admission charge.

We encourage you to attend the monthly meetings of your New York Cycle Club the second Tuesday of every month. You’ll meet new friends, renew acquaintances, and enjoy an entirely new and refreshing menu. Your presence at the meetings will be the most important step in making the meetings more attractive.

**SAVE THE DATE**

The date of the Montauk Century is May 18. For the first time, the NYCC will be providing an A and B bus for your return. Checks will be accepted beginning next month. Mondays and Wednesdays in February

A18-21 12-24 MI 7:00 PM Dark Skies ’97
Leader: Todd Brilliant (212) 274-9463 From: Benches across from the Boathouse. If you and your forlorn bicycle can manage to make it to the park after work this month, you won’t regret it. Besides, it sure beats stayin’ home, watching lame TV, feeling sorry for yourself while dreaming of vacationing (or permanently residing) in Arizona or New Mexico. I like to think that the glue that bonds the NYCC is its members’ love for cycling. Of course, if your idea of fun is not to push yourself (and others), then maybe this ride is not for you. But those of you who know the rush or would like to find it this winter, come on out. It will also prepare you to kick some serious butt come spring. It’s a good idea to have lights, a killer competitive streak and the willingness to miss “Melrose Place” (Mondays) and “Beverly Hills, 90210” (Wednesdays). Let Valerie and Kelly light it out for themselves.

Saturdays in February

A18-20 25 MI 8:00 AM Pack It In Early
Leader: Steve Ullmann (212) 473-1897 From: Tavern on the Green. Thinking of taking the “A” SIR or racing this year? Get a jump on training with four tempo laps (one slow, three faster) in the park early, after which we adjourn to breakfast locally or take an easy spin to a nearby diner with another ride. Temp below 25° at start cancels. Call leader if unsure of conditions.

Saturday, February 1

A25+ 80 MI 7:30 AM Gimbels
Leader: Al Boland (212) 665-3484 From: The Boathouse. Start with slow 18 mile warm up to Cross County Shopping Center. Coffee up at Zanos. Then slow 15 MPH warm up for 10 more miles up Central Park Ave. At Rte 22 all hell breaks loose for the next 30 miles. We rendezvous at Larchmont Diner. We’ll then head back via Shore Road followed by a scenic quiet route through the Bronx.

A18 55 MI 9:00 AM Where The Snow Isn’t
Leader: Fred Steinberg (212) 787-5204 From: The Boathouse. At this time of year, we’ll be lucky to make it to Nyack. That’s where we’ll go if there’s no snow. Cold doesn’t stop us. Snow does.

B15/16 35/40 MI 9:30 AM Back-By-Noon
Leaders: Gene Vezzani (212) 875-1615 & Joanna Lee. From: The Boathouse. We’re off for a fairly easy ride this morning that will help to keep you in shape during the cold weather. Each week the destination changes, so plan on joining us for the entire winter series of Back-By-Noon rides. We’ll leave the Boathouse at 9:30, making one quick rest stop, and return to Central Park before 12:30. This gives you the entire afternoon to do other things. Temp below 35° and/or winds over 12 MPH cancel.

Sunday, February 2

A20/18 55z MI 9/9:40 AM Queens For A Day
Leaders: Jeff Vogel & Margaret Cipolla (718) 275-6978 From: Tramway Plaza - 55th St. and 2nd Ave. (9:00) Ray Rogers - Queens Blvd. at Woodhaven Blvd. (9:40). Join us for our annual curb-hopping expedition through the vast wastelands of Queens. In a change from previous years, there is NO brunch today. However, we will make a diner stop at the 30-mile mark on the route and only Flagship. Foul weather and/or foul mood cancels.

B/C 40 MI 9:00 AM McPancakes
Leaders: Todd Brilliant (212) 274-9463 From: The Boathouse. During my daily commute through Brooklyn, I encounter various things. Some are more noteworthy than others, and some are downright remarkable. I’ve noticed that certain McDonald’s advertise an “all you can eat” special on pancakes for 99 cents (as long as you can scarf them down before 11am). There is a McDonald’s on 4th Avenue in Park Slope and one on Neptune Avenue in Coney Island that tout this claim. We gotta check this out! Bring a fierce appetite, a lock (if you have one) and a buck to buy all the pancakes you can devour. Timing and weather conditions will determine which McDonalds we’ll hit.

C13 25 MI 9:30 AM Frost Bites #10 - Fort Tryon Park
Leaders: Hindy & Irv Schachter (212) 758-5738 From: The Boathouse. This is one of the shortest rides we do, but it’s also one the most fun! The park squirrels expect us and will wave their tails to greet us in style. We’ll lunch at the Fort Tryon Cafe. Disappointment awaits the squirrels if the predicted high is below 40°, if it rains, snows, or ice covers the ground. Co-led with 5BBC.

Saturday, February 8

A/B/C 6-7 MI 8:30 AM Climbing Mount Taurus
Leaders: Marilyn & Ken Weissman (212) 222-5527 From: Grand Central Terminal Information Booth. Starting from Cold Spring, the route offers a "challenging" climb (not mountain climbing, but a steep trail) to the top of Mt. Taurus. Spectacular views up and down the Hudson from the Beacon Bridge to the Bear Mountain Bridge. We’re so high, we can look down at Breakneck Ridge and Storm King mountains. Picnic lunch on the way down before we cross the Catskill Aqueduct. Wear boots and layered clothing. Don't forget food and water (no stores). Expected high below 25° in the city, rain or heavy snow cancels. $11 round-trip train to Cold Spring. Back in NYC by about 5 PM. Rain date: Sunday, February 9.

A25 80 MI ??:?? AM Gimbels
Leader: Al Boland (212) 665-3484 Normal routine. Call for time, meeting place, and cancellation conditions. Return via a special route through the Bronx.

A17 25-60 MI 9:00 AM Slow And Lovin’ It!
Leader: Damon Hart (212) 753-0204 From: The Boathouse. Slow-moving but disciplined “A” ride to Mamaroneck through southern Westchester County. Weather dictates length, bring Metro-North pass and NYCTA tokens for possible truncation. Temp below 25°, precipitation, or slick roads cancels.

A/B 40+ MI 10:00 AM Nathan’s
Leader: Herb Dershowitz (212) 929-0787 From: The Boathouse. Our
annual ride to Nathan’s in Coney Island. Franks and fries with a return along Shore Parkway. Temp below 30° at start cancels. Rain date: Saturday, February 15.

We’ll leave the Boathouse at 9:30, making one quick rest stop, and return to Central Park before 12:30. This gives you the entire afternoon to do other things. Temp below 35° and/or winds over 12 MPH cancel.

Leader: John Fullwood (212) 927-3728 & Robert Ruiz (212) 260-4594 From: The Boathouse. Will do a maple syrup run to the Northvale Diner and maybe further if the group chooses.

**C13 25 MI 9:00 AM Frost Bite #11 - Staten Island**

Leader: Paul Rubenfarb (212) 740-9123 From: The steps in front of City Hall. We’ll take the ferry over to Staten Island and do a leisurely loop. If we get to the Tibetan Museum, which contains a treasure trove of artifacts from Tibet, we may stop in, so bring your locks and a donation. Predicted high below 35°, rain, snow, or ice covering the ground cancels. Co-led with 5BBC.

**Saturday, February 15**

B16 40 MI 9:00 AM A Knish For George
Leaders: Beth Renaud (212) 274-9463 From: The Boathouse. I admit that the cold on New Year’s Day (12” when I woke up) kept me off the bike and away from Mrs. Stahl’s. Apologies to people who may have been confused by the conflicting write-ups in the December and January bulletins. With some luck, it won’t be quite so frosty by now. Join me for this make-up ride, during which we’ll raise a knish in the air to salute Mr. Washington’s birthday. Ice floes in the Delaware River or impeachment of the leader cancels.

And did those cleats, in ancient times,
pedal on England’s mountains green?
(With apologies to William Blake)
– by Caryl Baron

Summer is long gone, but the images remain: cliffs Monet would have painted at Crackenheaven ...
Mrs. Vicary’s white cottage nestled against the deep green hillside in Exmoor ... crossing the Severn Bridge ... a thrilling downhill in a downpour into, unfortunately, the wrong town ... Hadrian’s Wall ... the infinite miles of stone walls outlining Lancashire’s hills ... Paul Hayhoe, our Fawly Towers-esque innkeeper in Langholm ... Monica Debenhorn’s tales of ghosts at the idyllic Galashiel Lodge ... the sound of water rushing under our feet in the heather-covered hills ... bagpipes inside a Glasgow pub ... and the best day of cycling ever.

Last spring, Mike Yesko circulated a list of suggested self-support ed summer cycling trips. Six of us focused on “End to End,” a leg-endary route from Land’s End at the southwestern tip of Cornwall, England, to the northeastern tip of the Scottish mainland at John O’Groats. Steve Baron said, “Piece of cake. England’s flat, isn’t it?” (More on this later.)

Steve contacted the Cycle Touring Club of Britain. For £25 ($37.50), we joined CTC and obtained information for three end-to-end routes. For our trip, we used the 1,000 mile “B&B” route, which led us on untrafficked roads through England’s “tranquil areas” in the west.

Mike Yesko, using a guide to B&Bs, planned overnight stops about 73 miles apart. He reserved by fax with some, wrote to others, and eventually phoned many.

Kit Crowley researched the logistics of auto rental. Because we could get no assurance that BritRail would accept six bicycles on one train, and London was having occasional transit strikes, we opted to rent two cars at London’s Gatwick Airport, dropping one off the next day in Penzance, and picking up another in Inverness to transport us all to our departure from Glasgow.

On August 23, Steve, Mike, Art and Kit Crowley and myself landed at Gatwick and joined Alex Bekkerman, on the long, slow passport line. By 10:30 am we were on our way to Penzance. Including a “how could we not” stop at Stonehenge, it took us 10 hours to reach our B&B. Since it was now dark, we scrapped our plans to ride to/from Land’s End that evening in favor of dinner at the Admiral Benbow.

This gave us 89 miles to ride the next day. We soon discovered that, in rolling countryside not more than 300 feet above sea level, it’s possible to have 25% and even 30% grades. And, that first day, we experienced seven, yes, seven, cloud bursts. But the scenery was glorious, the roads uncrowded, and our B&B in Tintagel (site of King Arthur’s island fortress and Merlin’s cave) greeted us with home brewed beer and home cooked meals.

In southwest England, we found routes so complex, the directions so cryptic that we needed both a driver and a navigator in the car. It was more like a rally! The truly heavenly and carefree riding was in Lancashire and Scotland, where there are fewer roads, fewer turns, fewer people, and more sheep.

We easily adapted to being on the left side of the road, at least on bicycles. Driving was a bit more of an adjustment, but with the bike rack, there was an incentive to be alert. A cry of “Bikes!” meant “You’re too @#$& close to the left side of the road!!!”

British drivers are extraordinarily patient and polite, though on major roads they expect cyclists to behave sensibly and ride a straight line on the extreme left. This is easy, because the roads are perfectly paved, even to the very edge. Unlike our tri-state area, you can ride in confidence that you won’t suddenly run out of pavement or hit a three-foot-deep pothole.

We found an unexpected delight in touring in a country where people speak our language. Alex was always stopping to ask directions just so he could hear yet another regional accent.

Scotland and Lancashire are a cyclist’s heaven. Though the landscape is hilly, the grades are gentle, with 12% max. Except in urban areas around Edinburgh, Inverness, and Glasgow, roads are uncrowded, and routes are direct and easy to follow. The people are fiercely independent and lots of fun. Weather is variable and unpredictable. We lucked into perfect cycling temperatures, but it can be hot or cool. In two weeks, we didn’t have a lot of rain, but we never regretted carrying a waterproof layer.

Our B&B breakfasts were hearty, the eggs (whoops!) always fresh and with Mrs. Vicary’s homegrown mushrooms, an amazing delight. Pub food is quite edible, even haggis, and not expensive. Beer, or course, is great. If you like Indian food, Britain is heaven. The one local specialty we hadn’t the courage to try in Scotland was the deep-fried Mars bars. It seems they take candy bars into the fish and chips joints to be battered-dipped and fried in the same vat as the chips. I’m told that Kit Kats are banned because they explode in the hot oil, causing the chips to taste of chocolate for weeks.

The greatest pleasure is in experiencing a landscape undisturbed for hundreds, even thousands of years. There is a feeling of peace and permanence and continuity of civilization. The farms and fields have existed for centuries, and the Brits are reluctant to tear up history by widening the roads. We cycled on roads that were laid out by the Romans, through hedgerows populated by generations of rabbits and hedgehogs. The prehistoric stones placed by people thousands of years ago speak to us still.

The last leg of our journey was the most spectacular day of riding I’ve ever experienced. We started from the trout fishing resort of Altnaharra (pop. 33) with the peak of Ben Naver in view. Dew glistened like fairy dust on millions of spider webs in the soft golden sunlight as the early morning mist lifted off the calm blue waters of Loch Naver. We followed the loch until it became a burn (stream), gently descending along a valley to meet the sea in a deep cliff-lined inlet at a town called Betty Hill. Our route then turned east along the spectacular rollercoaster edge of the land. We lounged on the cliff top terrace of a country inn, then hugged the coast all the way to John O’Groats, where the Orkney ferries dock. A mile or so beyond John O’Groats we hiked a mile or so for a sunset view of the Stacks of Duncansby, looking like a naturally formed Gaudi cathedral silhouetted in rich reds against the deep blue sea. Mountain loch to ocean cliffs in 75 miles. What more could anyone wish?

B&B’s cost about £15/person, £25 in cities. One good B&B guide I discovered on our trip is Stillwell’s, which claims to have a B&B anywhere you might wind up.

Hey, it's cold out there and only the Road Bozos are riding (see the last paragraph). It seems like just yesterday that it was 95 degrees and Marion Crowley was riding down St. Nicholas Avenue in a bikini top.

Well, if we couldn’t ride, let’s thank Ken and Marilyn Weissman for organizing their series of hikes and walks. Let’s also thank Pat Thomson for putting together the skating evenings at Wollman Rink. Thanks also to Don Passantino for his train tour.

A "bolshia sposoba" goes to Stephanie Bleecher for organizing the Second Annual Brighton Beach Night. To straighten out the confusion, it is no longer a Russian dinner.

Brighton Beach is known as Little Odessa and Odessa is now part of Ukraine. So it's a Ukrainian dinner, not a Russian dinner. Got that? And did Jeff Vogel stay sober? Reportedly he was able to lead his AA19 Recovery Ride the following day, albeit at 11:30. And for those of you who found that ride objectionable, Get A Life!

When an unleashed dog ran out onto the roadway recently one rider said, "Remember, there are no bad dogs, only bad dog owners.” Later, during lunch, when there were several noisy, unruly children running around, someone else said, "Remember, there are no bad children, only bad parents." Does that mean when the rider in front of you has no apparent cycling skills, "There are no bad riders, only bad bikes"?

So Marty Wolf's Annual New Year's Day Ride was canceled again due to the extreme cold. The 15 degree weather didn't stop over 100 members of the Polar Bear Club from going swimming in the 45 degree water off Coney Island. Unfortunately, as far as I know, none of them are members of the NYCC, so they're all ineligible to be Road Bozos. Rob Kohn, however, is a member of the NYCC and he did ride that day, all the way to Nyack. Of course he did spend three hours in the Skylark trying to defrost his water bottle and thaw himself out. When the number on your speedometer exceeds the number on the thermometer, you shouldn't tell anyone, or you know you'll be the Road Bozo. But Rob, why did you even bring a water bottle?!

Another year, another SIG, another story yet to be told. Here it comes... again.

The 1997 SIG will start at the Boathouse in Central Park at 9:00 AM on the first Saturday in March. Nothing fancy, 4 laps of the Park. The first day will be an easy 24 miles and then a brief get together immediately following the ride. If the weather is in our favor, there could be 50, 60+ maybe more people at our gathering. If the weather is cold, wet, ugly - there may only be 30 or 40 faces sitting around. Then - about 11, 12 weeks later - sometime in May - only a few of those faces will rip off 100 miles on the graduation ride, many of which will be in a paceline, many climbing some of the biggest hills around, some of those miles at speeds greater than 24/25 mph on the flats, 40 mph down the hills.

There will be a ride scheduled for every Saturday through the end of May. We schedule the rides on Saturday so that in the event of bad weather, we have a chance to make it up on Sunday. There will also be 2 additional rides scheduled on two of the Sundays. These will be devoted to specific skills: spinning, bike handling, etc.

Do you want to give it a try? Start working out now, right NOW! It is a mistake to think you can get in shape during this series. You need to start it in shape. You should be ready to do 50 miles, a ride to Nyack, before that first Saturday in March. This series is for "intermediate" cyclists, strong B riders - and stronger - who want to learn how to ride really fast. The Bulletin says that strong B riders can ride 4 uninterrupted laps of Central Park in under 1 hour, 45 minutes. You'll be "cut" from the team if you can't do the first ride, the 4 laps in the Park, in under 1 hour, 45 minutes. Get in shape NOW because if you can do the 4 laps in time, and you participate in the 1997 SIG, you will have one of the great cycling experiences of your life. And... you will become a A rider! Promise.

See the March Bulletin and the March rides listing for more and more detail. Get in shape now. I've already been on my rollers a couple of days a week since the first days of 1997. I've already been going to the gym a couple of days a week since the early days of 1997. I'm getting ready. You should be getting ready as well.

B TRAINING SERIES

Saturdays in March & April: A progressive series beginning March 1. This is designed for B Riders and B rider wannabes who want to ride faster, better, and with a greater sense of adventure. Mileage will range from 45-75+ miles, 14-18 mph cruising speed. 9W will be avoided completely, as we hone our skills on the most beautiful roads you may have never heard of.

Topics to be covered: bike fit, riding technique, group riding skills, what to wear, what to eat; in general, how to take care of yourself on the road.

Will divide into faster/slower groups if group size/skill levels warrant. You'll need to commit to the entire series, but you'll have more fun and be in great shape for summer if you do.

For more information, please call Karin Fantus at (212) 873-5559 and look for details in the March Bulletin.
Before your first club ride, please read this:

**NYCC RIDES** are led by volunteer leaders who plan the route and maintain the listed speed (e.g. B15 = B Style / 15 mph cruising speed - see chart). Our rides are described by pace and style because it’s more fun when the group is of similar ability. We ride for fun, fitness, and food.

**RIDE STYLE** indicates the type of riding. See chart at right. **CRUISING SPEED** indicates the ride’s speed on flat terrain. **AVERAGE RIDING SPEED** over rolling terrain is 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. **OVERALL SPEED**, including all rest and food stops, is about 3 mph less than average riding speed.

**SELF-TEST:** Assess your personal cruising speed by riding 4 laps (24.08 miles) around Central Park at a comfortable pace and matching your time with the chart. **NOTE:** Riding fewer than 4 laps will give you a false assessment. *(The northern end of the park can be dangerous; ride with other cyclists.)*

**YOUR FIRST NYCC RIDE:** Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won’t enjoy struggling to keep up with a ride that’s too fast for you, nor will the group enjoy waiting for you. It’s a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

**BEFORE ANY RIDE:** Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat breakfast.

**BRING:** spare tube, tire levers, patch kit pump, water, snacks, money, medical ID, emergency phone numbers. **We also suggest:** lock, rail pass. Leaders may specify other items in their ride listings.

**BIKE TRAINS:** See schedule below. On Saturdays and Sundays, MetroNorth has scheduled specific trains to/from Grand Central Station to accommodate large groups of cyclists.

Bike passes are always required. **There are no Bike Trains on holidays. Refer to roster for restrictions** which apply at other times. If you are leading a ride and absolutely require a Bike Train at another time, you must call NYCC’s MetroNorth liaison, Jeff Vogel at (212) 275-3978 well in advance to try to arrange another train for your ride. Bike passes are available at Window 27 at Grand Central or by calling (212) 499-4938 for an application.

### Minutes

**New York Cycle Club Board Meeting.** Tuesday, December 3, 1996

**Present:** Gene Vezzani, Steve Britt, Caryl Baron, C.J. Obregon, Joel Enlander, Mitch Yarnin, Douglas Riccardi, Rich Borow, Conrad Meyer, Peter Morales, Dona Kahn and Geo Kaplan

**Absent:** Reyna Franco

Also present were board members elect Tom Laskey, Anne Grossman, Ben Goldberg, Gary McGraime and Mark Schwartz.

Gene reviewed the agenda and procedures for the benefit of the members elect.

Donna indicated that the program for the January meeting would focus on bicycle maintenance.

Steve welcomed the new coordinators and indicated that he would meet with them separately.

Rich pointed out that it was important that adequate lead time be provided for publicity releases for events.

Mitch reported the club had 1275 members which was more than any last year.

Doug reported that there was no new artist for the Bulletin cover.

Gene announced that beginning March 1, the club would have a new information sheet for prospective members.

Geo gave a report on the holiday party. The board authorized free admission for the door opener.

The board also approved a $50 gift for Metro North’s bicycle coordinator.

Gene indicated the board was exploring a new office package in a central location and a new phone number.

Gene reminded the outgoing members that they should be preparing a procedures sheet for their successors who could be incorporated in a club operations manual. Gene also announced the creation of the club discount program, and the fact that the club had obtained its own domain name on the World Wide Web. He also instructed C.J. to report on the club’s insurance coverage at the next meeting.

The minutes of the November meeting were approved.

The Board approved the expenditure of up to $1000 for a gift for Mike Samuel in appreciation of his work as cover artist.

Gene extended his thanks to the departing board members, especially Geo, who had served on the Board for six years.

The meeting adjourned at 8:00 PM.

Respectfully submitted, Conrad J. Obregon
