INSIDE: A full round-up of the NYCC SIGs and Spring Training Rides!
A Message From the President - Gene Vezzani

If you thought that cold and flu season was scary, just wait until you see the cycling spanDEX season. What can I do, you ask, to get into shape now?

The answer is, participate in one of the many special training programs that the NYCC is offering this spring. We have the A-Sig, the B training series, the C training series, and the Desperate and Dateless Montauk Century prep rides. Select one and see it through to the end. As a result, you will be amazed at how marvelous you'll look in your cycling gear this summer.

A word about our monthly social/general meeting. As you know, the NYCC meets at O'Hara's restaurant the second Tuesday of every month. Please check page 12 for the details of this month's interesting program. The menu has been upgraded to rank as one of the best values in Manhattan, a monthly flea market/tag sale has been added, and the attendance is increasing. Don't miss the chance to socialize with the many avid cyclists who attend our meetings.

The new pricing policy for the evening has also been greatly improved. Come for dinner and pay only twelve dollars. This covers the self-serve buffet-style dinner, tax and tip. Plus, you'll have the best seats in the house for the program. Or you can wait until 7:55pm before entering the third floor of O'Hara's and come for the program only – it's absolutely free!

Please pay special attention to the Montauk Century bus reservation, and the NYCC jersey and jacket ordering information that is listed in this issue of the Bulletin. Finally, now is the time to renew your club membership. Complete the membership renewal form today, and either send it along with your check or bring it to the March meeting. See you at the Boathouse.

Reserve Now for the Montauk Century Buses

Two NYCC buses, one for A riders and one for B riders, will be returning to Manhattan from the Montauk Century on Sunday, May 18. Twenty-eight spaces are available on each bus. The A bus will leave around 2pm; the B bus will leave around 3pm. The cost is $30 per person. Make a check out to NYCC and send it to:

Anne Grossman, 205 West 15th St. #1P, New York, NY 10011

Save the Date! - The Berkshires, May 24 - 26

Think spring! Join the NYCC for our annual B&B Berkshire Memorial Day Weekend, May 24-26. There will be rides for everyone (A/B/C), all starting in Sheffield, MA. Make your reservations early; this is a popular weekend and lodgings book quickly. For further information, call Reyna Franco at (212) 529-6717.

A Moderately Taxing Ride

Tax season got you down? Let's plan a late April all-weekend ride to the mountains. Tentative itinerary includes the Metro North to Dover Plains and two nights of credit card camping. Sag provided by stretch limo (white). Further details will appear in the April Bulletin. For more information, call Henry Joseph at (212) 989-8176.

The Pursuit of Excellence Continues

Thanks go to Beth Renaud, who has agreed to copy edit the Bulletin. You may have noticed last month's Bulletin was free of all kinds of grammatical errors, dangling participles, and what have you. Beth just could not deal with reading another error-ridden issue, and we all owe her a great deal of thanks.

Saturday, March 8

A19 50 MI 9:00 AM Clique Ride
Leader: If you haunt ask... (212) 777-5845. From: The usual place. You know who you are, you know where you stand. You know where we’re headed, you know the way home. Miserable weather cancels, otherwise...just show up!

A SIG 46 MI 9:00 AM Northvale
Leaders: Beth Renaud (212) 274-9463, Paul Lebowitz (718) 858-9742. From: The Boathouse. Get to the boathouse 15 minutes early so we can get signed up and on the road promptly at 9:00. We just want to get some miles in today, begin to build that base that will propel us up those mountains we are going to climb - at those speeds we will attain. We are going to start practicing riding together, we’ll start thinking about paceline formations, not too intense, just get a feeling. To breakfast at the diner in Northvale, NJ. Is your name on your helmet? On both the front and back? In big letters so everyone can read it? Be sure it is! Rain date: Sunday, March 9.

B16/18 40 MI 9:30 AM Desperate and Dateless? - #1
Leaders: Gene Vezzani (212) 875-1615 & Joanna Lee From: The Boathouse. Attention B-rider hunks and babes! Tired of the same old rides? Looking for something different? Here’s a free ten-week dating service for all unattached cyclists in the New York City area. Find a mate while you learn to experience the joy of completing a 100-mile ride and having plenty of strength to spare. This spin and grin program is geared for cyclists who want to hook up while preparing for the May 18 Montauk Century. “What’s your sign?”

These rides leave every Saturday from the Boathouse between now and the “date of the century.” Each week we’ll spin to a different destination, gradually increasing our miles, speed, and chance for romance. No chance, no dance. Valuable tips will be offered on pacing for endurance, staying properly hydrated and fueled (preventing “bonk”) and doing the Mackarena. All cyclists are expected to comfortably flirt at 16-18 mph on flats in order for us to stay as a ménage-a-bunch. All of you SWM, SIF, GWMA, SBF, SHF, SAM, BWF, and everyone else plan to join us for this entire fun-filled series that is joint with singles from the 5BBC.

Leader: Christy Guzzetta (212) 595-3676, David Grogan (718) 875-1977. From: The Boathouse. We’ll journey to a place where all the cyclists go - Nyack. And, we’ll do it in style - in a paceline. Whoa! Don’t get nervous. This will be just a single paceline, no alternating the lead. The leaders will pull us all the way to Nyack and back. Get to the Boathouse 15 minutes early so we can get signed up and on the road promptly by 9:00 AM. Helmets, with names on front and back, required. Practice, practice, practice. Leader: Paul Rubenfarb (212) 740-9123 From: Brooklyn Museum (2 or 3 Train). Brooklyn’s chocolate decadence - the bacchanalia of brownstone, as seen from stops along the elevated subways - stretched for miles. And the flower of Brownstonia was Romanesque Boy’s High. Rain or shine.

Saturday, March 29

Adios Winter
Leader: Todd Brilliant (212) 274-9463. From: The Boathouse. Say goodbye to this horrible season of the short day and long sleeve with a mellow ride to some diner in Jersey. I prefer the place in Pearl River, but I’m open to suggestions. This may be our last NYCC ride for the winter of 1996-97, so let’s just get through it. We can then concentrate on watching our tomato seedlings grow, rooting for the woeful Mets, and taking off all those hideous layers of clothes. Really cold and cruddy weather cancels.

Pleasantville
Leader: Paul Leibowitz (718) 858-9742, Carolyn White (212) 666-6616. From: The Boathouse. Man, you are killing me! There are hills on this ride, we are riding in a single paceline and alternating the lead, I feel like I’m already an A rider. I’m glad I took your advice about training during the week. I would have never been able to keep up if I hadn’t done that. Get to the Boathouse 15 minutes early so we can get signed up and on the road promptly at 9:00. Helmets, with names on front and back, required. Up Route 9 to Tarrytown, east over a big hill to breakfast at the Thornwood Diner. Back home down Grassy Sprain. Do A riders really bomb down Grassy Sprain at 40 mph pluss? Yes! Will I ever be able to go that fast? Yes! Not today, but soon.

Progressive Series #5 - Nyack
Leader: Karin Fanus (212) 873-5599 From: The Boathouse. This is Nyack, the longer, prettier and hillier way. A fine day to discuss climbing technique and to ride faster still. We’ll climb Bradley Hill before descending into Nyack for lunch at the 35-mile point. Please bring pocket food. Rain date: Sunday, March 30.

Piermont
Leader: Bernie Brandell (718) 633-1759. From: The Boathouse. Ride out to Bergen County up to the pier at Piermont. Bring or buy lunch. A fun and scenic ride will be our aim. Inclement weather cancels.

**B13/16 50 MI 9:30 AM**  **Piermont Revised**

Leaders: Irv & Hindy Schachter (212) 258-8738. From: 1st Avenue & 64th Street. This ride through Bergen County breaks into two groups somewhere after the George Washington Bridge. One group will ride slower over relatively flat roads. The faster group will have plenty of hills. Temp below 35° will cancel.

**Saturday, April 5**

**A19 70 MI 9:00 AM**  **Armonk**

**A SIG 61 MI 9:00 AM**  **Rockland Lake**

Leaders: Mike Samuel (212) 722-8125, Beth Renaud (212) 274-9463. From: The Boathouse. Double paceline, no alternating lead, to breakfast in Nyack. Eat heartily. We'll then head north to Rockland Lake. We'll do laps of Rockland Lake, lots of laps. We'll do it in double paceline formation, and we will indeed alternate the lead. Lap after lap, “Pulling off,” we’ll call it out, we’ll hear it. “Short pulls,” alternate the lead, keep the pace steady. Today, there is a bike inches off my front wheel, another inches off to my side. Heck, there’s bikes all around me. I am riding steady, predictable, I will not jam my brakes, I’m smooth, this is getting easy. Get to the Boathouse 15 minutes early so we can get signed up and on the road promptly at 9:00. Helmets, with names on front and back, required.

**B16/18 55 MI 9:30 AM**  **Desperate and Dateless #5**

Leaders: Gene Vezzani (212) 875-1615 and Joanna Lee. From: The Boathouse. Refer to the March 8 listing for ride information.

**BLOWOUTS**

by Lou S. Pokes

Congratulations to **Norman Borden** and **Ann Schwartz**, who announced their engagement recently. If you don’t recognize Ann’s name, it’s because when asked about her, Norman gave a long sigh and said, “She doesn’t ride.”

And congratulations to **Bicycling magazine**. In their March 1997 issue, they finally recognized what we’ve known all along - that **Lori Turoff** runs great bike tours. Their cover feature article: 20 Great Bike Trips (You Don’t Have To Plan For), “5 Classics You Can’t Miss: If you could do only one guided trip in your life, it should be one of these time-tested favorites. Americans gravitate toward Tuscany, but savvy Europeans and the canny folks at La Corsa Tours know the best place to experience Italy’s finest riding is the Marche and Umbria regions...Bellissimo!”

And quoted in Easy Rider Tours’ 97 brochure was **Karen Daly**, who couldn’t describe her “magical” trip to the Azores.

Also quoted was our resident fitness expert, **Ann Marie Miller** of the New York Sports Club. The January 20, 1997, issue of New York magazine featured an article on the gym craze in New York City and how many people get injured. Ann Marie called it the “monkey see, monkey do effect, which is, someone walks onto the floor, they gaze around, and they see a person who looks like they know what they’re doing, and they’re going to imitate what they think that person is doing, whether it’s appropriate for that individual or not.” Sounds like a tune up that bike. For most of us that means getting out the box of bike tools, the wrenches, the screwdrivers, the pliers, or in **Janet Klutch**’s case, the feather duster! Janet, it’s been so long since we’ve seen you that most people know you just as “Louise Cayne’s friend.” It could be worse. You could be referred to as “Ivo Varbanov’s wife’s friend.”

I don’t know. Call me stupid. I just don’t get it. I don’t understand the ride listings. First there’s **Joanna Lee** and **Gene Vezzani’s ride series**. It’s called “Back-By-Noon.” The write-up says, “...and return to Central Park before 12:30. So you’re not back by noon! I don’t get it.”

Then there’s **Al Boland’s** Gimbel’s rides. His write up describes a “scenic quiet route through the Bronx.” Scenic? Quiet? The Bronx? What?

And now we know **Rob Kohn** goes both ways. The perpetual Road Bozo is this month’s Road Hero. When **Margaret Cipolla** couldn’t make it to the start of her Groundhog (Hedgehog?) Day ride, Rob volunteered to go to Margaret’s unusual starting location, Tramway Plaza, to let everyone know that it would be a leaderless ride. Thanks, Rob.

SIG/Training updates:

The 1997 A-Team

Saturday, March 1, 9:00 AM, the Boathouse in Central Park. One minute after that and we will have begun the 1997 A SIG series. (See the ride listings for further details).

The leaders for this year’s SIG are as follows:

Christy Guzzetta – (212)595-3674    David Grogan – (718)875-1977
Paul Lebowitz – (718)858-9742    Beth Renaud – (212)274-9463
Mike Samuel – (212)722-8125    Randy Taylor – (212)866-0462
Carolyn White – (212)666-0616

Twelve weeks after 9:00 AM on Saturday, March 1 - and we’re going on the Big One. A number of the people who show up on Saturday, March 1, will be on that graduation ride come May 17. Will you? Have you been training? Have you been dreaming? Does it sound like fun to bomb on down the road at 22/23/24-plus mph in a double paceline, sucking wheel, taking a turn at the front, hammering up a hill, 40 mph down a hill, mile after mile after mile? Some people consider that feeling to be the absolute greatest in the history of the two-wheeler. Riding together, working together, fast, furious, hot. Woowee - can’t wait. Are you in the mood? Do you want to give it a try? Take a look at the March ride listing, show up on Saturday, March 1, follow the program - and you’ll be kicking butt and the graduation ride on May 17. Promise!

Questions? Call Christy Guzzetta at (212)595-3674.

B Training Series

Saturdays in MARCH & APRIL: A progressive series beginning March 1, designed for B Riders and B-riding wannab’s who want to ride faster, better, and with a greater sense of adventure. Mileage will range from 450-75+ miles, 14-18 mph cruising speed. 9W will be avoided completely, as we hone our skills on the most beautiful roads you may ever ride on.

Among the topics to be covered: bike fit, riding technique, group riding skills, what to wear, what to eat - in general, how to take care of yourself on the road.

Will divide into faster/slower groups if group size/skill levels warrant. You’ll need to commit to the entire series, but you’ll have more fun and be in great shape for summer if you do.

For more information, please call Karin Fantus at (212)873-5559.

C SIG / Intro to Club Riding

This year the C SIG (special interest group), led by past presidents Irv Weisman and George Kaplan, will devote Saturday mornings in blustery March to indoor discussions about bicycling. April and May will feature hands-on activities, riding exercises in a parking lot, and actual day-long rides extending from 25 miles to 50 or 60 miles at 10-13 mph.

This C SIG will enable beginning enthusiasts and other club members who want to review or dig deeper into details of our sport to become more comfortable with their bikes, competent at handling roadside repairs and adjustments, and comfortable with traffic and the conventions of club riding. Irv will discuss bicycle gears and their effective use, and will undoubtedly rant a bit about the shortcomings of commercial gearing, which he believes is designed by testosterone-intoxicated jocks for use by other jocks rather than the general public.

Fancy clothing or hot-shot bikes are not required, but a helmet, a wide range of gears (18 or more), and a commitment to attend all, or most of, the sessions is expected. Changes in your gearing may be suggested, and some homework (readings) will be required. A modest charge will be made for the course materials.

Call Irv at (212)567-9672 for more information and to register your interest.

Back to B Basics – Gary McGraime, B Ride Coordinator

Several club members have expressed their concern to me that the B rides have become faster and that the slower, more moderately paced rides have become few and far between. As a result, many riders have not been coming out for fear of being dropped* or just not enjoying the ride.

I share this concern. A B ride should be fun, safe, healthy, stimulating and challenging and not overly competitive or stressful. That is easy to find elsewhere.

There is good news. We are getting Back to B Basics with some great rides in March.

A. The B Training Series, led by Karin Fantus (212)873-5559, will begin on March 1. The focus will be on developing rider technique and safe group riding skills. There will be a slow and a faster group. It’s a great way to enjoy getting in shape for those warmer spring days.

B. The Social (singles) B Series, led by Gene Venezzi (212) 875-1615 and Joanna Lee, will begin on March 8. The focus will be on getting or being in shape and enjoying it. Need I say more?

C. The 1997 A SIG, led by Christy Guzzetta (212) 595-3674, will begin on March 1. I recommend this for the strong B rider or marginal A rider who is ready for the challenge. I took the plunge two years ago and can’t say enough about it.

D. New B rides led by you. Why not! If you would like to lead a ride at your pace ** to your destination, call me at (212) 877-4257.

* The unpleasant experience of hanging on the back and seeing that last bit in front of you disappear over the next hill.

** The advertised pace for a group ride should be respected. It is recommended that new riders read “Before Your First Ride,” in the back of the Bulletin.
Value, comradery and uncluttered scenery on European bike tours.
— by Paul Rubenfarb

Conspicuous value for what is spent is attracting increasing numbers of Americans to European bike tours. This value is demonstrated by such typical mid-price tour operators as La Corsa Tours (800-627-2308) or Gerhard's Bike Odyssey (503-232-2402). Each offer 9 day tours in 3 or 4 countries at about $200/day for solid quality accommodations during July-August peak season. Were do-it-yourself tourists to attempt identical itineraries, they would be lucky to procure equal value at $400/day.

Perusing tour catalogs soon articulates the point that the most meticulous bike tour operators limit themselves to biking. In contrast are a number of sometimes opportunistic "Outdoor Travel" firms, whose catalogs list a mix of hiking, biking, kayaking, etc., whose mix will fluctuate annually according to popularity fades. Many such firms are unused to actual biking or leading, but merely subcontract to European operators.

The general cost categories are utility ($255-$150/day), mid-price ($150-$250/day), gourmet ($250-$600/day) and ad-hoc amateur ($35/day and up), the latter frequently announced in Bike Club newsletters. It is traditional for riders to buy their own RT tickets to and from the European starting point. $450 RT tickets to many European capitals can be unearthed by phoning through the small consolidator ads in the Times Sunday Travel Section. Currently about 1/3 of trans-continental carriers will take a bike free, counting as one of the two allotted pieces of checked baggage.

Serious bikers, usually having spent years selecting custom components maximizing performance, will prefer to choose from operators who allow bringing one's own bike, rather than from operators who mandate rental by riders of generic bikes.

The unique conviviality engendered by Euro bike tours - melting depersonalized shells of skyscraper workaholics to reveal the smiling self - is a peerless accelerant for social introduction, and for the Cupid-struck the sky's the limit with such trip-extension possibilities as rain forest (or even scuba or submarine) betrothal whence champagne and hence honeymoon - all on a credit card.

The paramount operator in the utility category (indeed of Euro bike touring in general, with some 25% of market share) is CBT Tours (800-736-2453). Volume purchasing has facilitated CBT's $95/day pricing and its innovative ecleticism in lodging. This can be seen in CBT's 14-day "Italy and South of France" tour, which alternates between 3 historic hotels, 1 cabin, 8 campgrounds and 1 villa. CBT's villas are Byronian with round tower bedrooms, spiral staircases, lily ponds and amorous legends - evoking the vivacious zeitgeist of a region better than the more conventionalized tour's beauty rests, beige capeline carpets and puntillio bellhops.

The expansion of bike touring has helped revive Europe's small inns, which were bypassed by the big tour bus industry, as the common 16-rider tour harmonizes with the intimate scale. The regular arrangement is 2 bikers to a room, whilst those preferring their own room are assessed a surcharge of 40%-50%. Operators usually endeavor to pair singles - offering option of coed or same gender as available - to spare the surcharge, and 98% of singles are paired and wind up paying no more than those who book as couples.

Many small inns incarnate nostalgic fairybook Europe, being inaccessible to traffic but resting along canals or Europe's 100,000 mile network of bicycle-only paved routes - a healthy network many oblivious U.S. groups (such as L.A.B.) successfully lobbied against.

The above cited operators belong to the private sector, but attention should also be given to the remarkably proficient non-profit operators previously dominated by AYH which discontinued Euro bike tours as of 1996. Today's dominatrix is Bicycle Adventure Club (800-775-2453) which, unencumbered by profit mark-ups, is able to charge $100/day for amenities comparable to Gerhard, La Corsa, Easy Rider (800-488-8332), Van Gogh Bicycle Tours (800-435-6192), World Cycling Co. (800-225-2380), BikeRiders (800-473-7040) and other mid-price private sector operators. BAC's leaders are volunteers whose only compensation is going free. With work done collectively, BAC can often excel the private sector in the scale and complexity of its tours, exemplified by its 1997, 20-day central France tour ($1975) which traverses the forests and gorges of 5 major river systems (Dordogne, Lot, Vezere, Allier, Tryere).

A similar non-profit is well known as America's largest co-op - REI (800-622-2236), which has commandeered much of its founders' idealism, unlike many co-ops which became virtually just another business when achieving large size. Representative is its 10-day Loire Valley tour, which at $125/day features amenities comparable to the mid-price private operators.

Most bike tour operators referred to in this article, as well as others, are found in the Cyclists' Yellow Pages ($10 from Adventure Cycling, 406-721-1776), and by calling their 800 numbers, one can be sent catalogs listing their 1997 tours.

Minutes

New York Cycle Club Board Meeting. Tuesday, January 7, 1997

PRESENT: Gene Vezzani, Donna Kahn, C.J. Obregen, Charlie Katz, Tom Laskey, Joel Engler, Douglas Riccardi and Gary McGrawe

ABSENT: Steve Britt, Anne Grossman, Ben Goldberg and Mark Schwartz

The minutes of the meeting of December 3 were approved.

Charlie distributed the financial report showing a small profit for the year, including substantial income from Club Century.

The board discussed the coming year's budget. Based on the discussions, Charlie will submit a revised budget at the next board meeting.

Donna noted that O'Hara's restaurant had indicated it did not wish to continue the program under its present terms because many diners were evading paying for their meals. It was agreed that no free admissions would be allowed.

Tom said news releases relating to the SIGs were being sent out, including to general-interest publications.

Joel reported there were 45 renewals. The Board discussed how to keep existing members from quitting. C.J. suggested that better rides would help. Joel noted that he took prompt action to send a Bulletin to each new member as soon as a check was received.

Gene distributed samples of the "Quick Release," which will be mailed out as a sample of club activities to prospective members.

The meeting adjourned at 9:00 AM.

Respectfully submitted,

Conrad J. Obregen

Before your first club ride, please read this:

**NYCC RIDES** are led by volunteer leaders who plan the route and maintain the listed speed (e.g., BIS = B Style / 15 mph cruising speed - see charts). Our rides are described by pace and style because it's more fun when the group is of similar ability. We ride for fun, fitness, and food.

**RIDE STYLE** indicates the type of riding. See chart at right. **CRUISING SPEED** indicates the ride's speed on flat terrain. **AVERAGE RIDING SPEED** over rolling terrain is 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. **OVERALL SPEED**, including all rest and food stops, is about 3 mph less than average riding speed.

**SELF-TEST:** Assess your personal cruising speed by riding 4 laps (24.08 miles) around Central Park at a comfortable pace and matching your time with the chart. NOTE: Riding fewer than 4 laps will give you a false assessment. *(The northern end of the park can be dangerous; ride with other cyclists.)*

**YOUR FIRST NYCC RIDE:** Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won't enjoy struggling to keep up with a ride that's too fast for you, nor will the group enjoy waiting for you. It's a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

**BEFORE ANY RIDE:** Check that your bike is in good riding condition: brakes and derailleur working well, tires pumped to the pressure specified on the sidewall. Eat breakfast. **BRING:** spare tubes, tire levers, patch kit pump, water, snacks, money, medical ID, emergency phone numbers. We also suggest: lock, rail pass. Leaders may specify other items in their ride listings.

**BIKE TRAINS:** See schedule below. On Saturdays and Sundays, MetroNorth has scheduled specific trains to/from Grand Central Station to accommodate large groups of cyclists.

Bike passes are always required. **There are no Bike Trains on holidays. Refer to roster for restrictions** which apply at other times. If you're leading a ride and absolutely require a Bike Train at another time, you must call NYCC's MetroNorth liaison, Jeff Vogel at (212) 499-4398. He's well in advance to try to arrange another train for your ride. Bike passes are available at Window 27 at Grand Central or by calling (212) 499-4398 for an application.
