August Opportunities
From the President — Gene Vezzani

Opportunity #1 — It’s Not a Job, It’s an Adventure.
Share It With a Friend.

Leading a ride is a lot fun. When you lead a ride you get to select the destination, the speed, the lunch stop, and the all-important starting time. Call a Ride Coordinator today and volunteer to lead a ride. Their names and phone numbers are listed in the column on the right.

If you start next month, you’ll still have a shot at making the Top Ten list for 1998.

The Top Ten Ride Leaders of 1997:
The club owes a collective “Thank you” to everyone who led a ride in 1997, plus an extra special thank you to the leaders that led ten or more rides last year.

Ranking | Name(s) | Number of Rides Lead
--- | --- | ---
1 | Joanna Lee, Gene Vezzani | 45
2 | Gary McGraime | 25
3 | Al Boland | 24
4 | Ron Grossberg, Jeff Vogel | 19
5 | Beth Renaud | 18
6 | Terry Chin | 17
7 | Ben Goldberg | 16
8 | George Kaplan, Fred Steinberg | 14
9 | Todd Brilliant, Karin Fantus, Christy Guzzetta, Irv Schacter | 13
10 | Marilyn and Ken Weissman | 12

Thank You! Thank You! Thank You!

Opportunity #2 — I Scream, You Scream — Free Ice Cream!
Please make it a point to attend our August 11th club meeting at Dallas BBQ located on West 72nd Street, and enjoy a giant helping of Free Ice Cream. This is our annual ice cream theme meeting where you get the opportunity to become actively involved by adding your favorite toppings. Come spend a very social evening with the greatest group of ice cream eating cyclists in town.

Opportunity #3 — Nominating Committee
It’s time to start thinking about stepping up and volunteering to fill a board position for next year. At the September and October club meetings we accept nominations from the floor. To make the process easier we now have a Nominating Committee to help you learn more about our club, its operation and management.
Please contact Ben Goldberg, Tom Laskey, Gary McGraime or Bernie Brandell for information about a specific position that you would like to fill.

Opportunity #4 — On Television
A group of New York Cycle Club members appeared on the CBS News program “Saturday Morning” that was broadcast nationwide on Saturday, July 18th. Our segment of the program was taped in Central Park two weeks prior to airing. NYCC jersey clad cyclists rode in a single paceline to introduce a bicycling segment of the show.

Opportunity #5 — Cover Story
We’re looking for cycle-related art from cyclists for possible use as a cover for the Bulletin. If you are a photographer, artist, or even a doodler and would like to donate the use of one of your favorite masterpieces as cover art, please contact the Bulletin Editor, Ludwig Vogel.

RIDE LISTINGS: To lead a NYCC ride next month and list it in the Bulletin, contact the Ride Coordinator (see page 2) for that ride class on or before this month’s club meeting date. BEFORE YOUR FIRST CLUB RIDE: Please read about club rides on page 11.

ALWAYS WEAR YOUR HELMET. NO HEADPHONES.

Unless otherwise stated, precipitation at starting time cancels the ride.

Saturday, August 1

A20 60/80 MI 8:30 AM Destination Unknown
Leader: Beth Renaud (212) 274-9463. From: The Boathouse. As of this writing, I’ve been to Nyack 11 times this year (the club should give out an award to the person who’s been there the most times, subject to confirmation of course). For the sake of variety, I’ll attempt to select a destination that I can’t get to in my sleep. Bedford? The Orchard? Armonk? Westport? Severely hot weather will restrict mileage, such as Ridgewood or, perhaps, a bucolic duck pond with ample shade.

A20 55 MI 9:00 AM Do You Really Need a Write-up For This?
Leader: Richard Rosenthal (212) 371-4700. From: The Boathouse. If you don’t know to associate my name with this ride, you’re new to the club: gorgeous and untrafficked River Road, challenging Tweed-Bradley, me off the back of speed bumps, driveways, potholes, and every other uphill. Pause for a mere snack at the horribly overpriced Community Market in Piermont.

A19/20 8:00 AM 100 MI Ironman Training Ride #1
Leader: Jeanine Hartnett (212) 827-7345 (M-F work hrs. only) From: The Boathouse. For serious endurance riders willing to help me train for the Hawaii Ironman (Oct. 3). Bear Mtn. destination will include Gate Hill Road and Seven Lakes Drive. Bring plenty of liquid fuel and pocket food. Two max 20 min. deli stops only. Rain postpones ride to Sunday.

KB18* 55 MI 9:00 AM It’s B Season
Leader: Todd Brilliant (212) 274-9463. From: The Boathouse. No... It’s Duck Season. Join me for my first “Killer B” ride as a leader. You’re guaranteed fun as we will ride as fast as we can. Buzz all the way to the invasion of Nyack. We’ll tone it down a bit for the return. Be sure to bring your “Best B” skills and bravado. Only out of shape, injured or recovering A riders allowed.

C13 40/30 MI 8:30/9:30 AM Gateway-Getaway: Rockaway Greenway Excursion
Leader: Terry Chin (718) 680-5227. From: City Hall, Manhattan, at 8:30 am (40 mi), or the Picnic House, Prospect Park, at 9:30 am (30 mi). Explore the newly restored greenways to Canarsie Pier and historic Floyd Bennett Field. This airfield was NYC’s first municipal airport and was the place where many aviation records were made. There are some great views of Jamaica Bay and the Manhattan skyline too. Co-led with 5BBC.

Sunday, August 2

A21 60 MI 9:00 AM Nyack Beach
Leader: Tom Laskey (212) 496-6586. From: The Boathouse. Another variation on the Nyack motif but this time we’re goin’ to the beach. No bathing suits or towels for this ride, just hangin’ out by the water and enjoying our deli sandwiches. Rain cancels as does temp above 95°.

B17 65 MI 8:30/9:15 AM Sagamore Hill Ride — Oyster Bay
Leader: Henry Joseph (212) 989-8176. From: The Boathouse at 8:30 am or from The Statue of Civic Virtue at 9:15 am (Union Tumpike and Queens Blvd., E or F train to Union Tumpike). Join us on a lovely ride to Long Island’s beautiful North Shore. With inspiration provided by President Theodore Roosevelt’s Rough Riders, we will discover new roads and rediscover familiar ones. We will stress paceline skills and ride discipline. Rain and/or temperature above 98° cancels.

C13 50 MI* 9:00 AM Scarsdale and Beyond
Leader: Gary McCalvane (212) 877-4257. From: The Boathouse. We’ll ride up to Westchester where we’ll find wooded roads providing plenty of welcomed shade. We’ll stop at the deli in Scarsdale (where everyone else is on a diet) to enjoy a picnic under some old oak and maple trees. Metro-North pass recommended if you’d like to return early by train. Bring plenty of water. Helmets required.

C12 35/25 MI 9:00/10:00 AM Beach Bum Ride
Leader: Peter O’Reilly (212) 414-1937. From: The steps of City Hall at 9:00 am (35 mi), or from Grand Army Plaza at 10:00 am (25 mi). Bring lock, lunch or $ to buy it, beach blanket, bathing suit, and cheerful attitude. Co-led with 5BBC. The destination is Far Rockaway.

Thursday, August 6

A19 65* MI 10:00 AM Sick Day, Ride Day Summer Series #219
Leader: Jill Tucker (212) 431-3029. From: The Boathouse. Having a problem with the boss? Don’t commit a crime leading to a lifetime in prison. Take the day off instead and come out and ride somewhere in Westchester.

Saturday, August 8

A18 60 MI 9:00 AM A Visit to Nanny
Leader: C.J. Obregon (212) 876-6644 From: The Boathouse. A ride up through White Plains, over Nannynagen Road and down to the Thornwood Diner for lunch, and then back the easy way. We will not exceed the advertised pace (except coming down Nannynagen — yum!). Helmets required.

A19/20 65 MI 8:00 AM Bedford Hills/Purdys
Leader: Steve Ulman (212) 473-1897. From: The Boathouse.
I led this ride in June as a B ride to test it out and it was a big hit, but it is a perfect A 19/20 ride. Food stop in White Plains, then on to Bedford Hills for water stop or bailout, then into Purdys. 90% tree cover, packed dirt access roads, wildlife, lakes, awesome! Metro-North home, so passes required. Note earlier time to be home by two. Over 90°, rain, or high winds cancel. Note start time.

The ride should end there at approximately 4:30 or 5:00pm.
Helmeets required. Bring plenty of water and some pocket food. (No pacemusters please. We welcome anyone who is willing and able to ride at a B16 pace, averaging 13-14 mph. Good, safe B riding skills are a must.) We think this ride is beautiful and fun and we hope to see you there!

From: First Avenue and E. 64th St., NW corner.
We enjoy coffee at the Runcible Spoon so once again we will cross the GW Bridge, split into two groups and ride through Bergen and Rockland Counties until we hit Nyack. The slower group has a relatively flat jaunt though Piermont and Grandview on Hudson. The faster group has an even hillier route than on our July 5 outing. Either way, we should have fun.

NYCC Columbus Day Weekend in the Catskills — October 9-12

Su Casa's gone, Shelter Island just didn't work, and the Raleigh was fine last year but once was enough. So let's try something new again this year. Phoenicia, 25 miles west of Kingston on Rte 28, in the heart of the Catskill Mountains, is the perfect location for our weekend. There are lots of bed and breakfasts, inns, lodges and motels in the area and we all know the riding is great. (People don't ever get lost — they just wind up taking other pretty roads!) New Paltz is about 65 miles round trip by bike (with or without climbing Mohonk Mountain); Woodstock is 15 miles away and it's just a short detour from there to Devil's Kitchen, the infamous Peekamoose-Sampson-Slide Mountain loop is a mere 65 miles, albeit most of them are vertical! And there are literally thousands of miles of other scenic roads in the area.

About the Cover...
If you had biked over to Coney Island on Saturday, June 26, you could have helped us shout, "I swear I'll never touch another drop again as long as I live!" as some of the more imaginative Mermaid Day Parade costumes swept by.
Christy Guzzetta will want to have a word with anybody who confuses the group below with this year's A-SIG grads.
"Someone told me over 80 people showed up for at least one of the first three rides. Might very well have been that many, too."

Each year, the SIG has its own personality. At times it is a loud group, brash and confident. Other times, it's a crash-a-week. Sometimes there's a group of "stars" who rise up and dominate. The SIG just completed was sort of quiet. The kind of quiet that speaks of confidence. No bravado. No yelling. Just a statement of fact, "I'll see you at the top of Bear Mountain come May."

This SIG had only one characteristic common to all others before it; there was a wonderful core of special people who began the series on day one committed to seeing the top of Bear Mountain on the graduation ride. This year had that and more. There was a strength of character, a courage unlike any witnessed during the first 12 years of the SIG. The SIG of 1998 was truly an unforgettable experience.

It started off in the usual fashion, 4 laps in Central Park on the first Saturday in March. Lots of people, lots and lots of people. We cruised to Montvale the next week, nice and easy. To Nyack and then White Plains. The noise in the Starship Diner was fascinating on that White Plains ride. People were starting to get to know one another, starting to make new friends, they were getting into the SIG. We went to Rockland Lake, double paceline, alternating the lead, bikes all around. When we left Rockland Lake, it was as if we had been doing this for years. South along 9W, we were smooth as silk, amazing how comfortable we had become. There was a brief one-legged drill, learn to spin, think circles. Bend those elbows, relax those shoulders, ride with a quiet body on your bike. To the Croton Reservoir, to Bedford, ticking those miles off one by one.

We figured it out. We were riding fast. We were riding fast. There we were, cranking and pushing till we rode to the top of Bear Mountain in May. We had indeed become "A" riders. Despite missing several rides due to weather, despite the horrific crash that left us all sleepless for nights, the new "A" riders gathered at the top of Bear Mountain to see the sights. And we were indeed a sight to behold.

Congratulations to a great group of riders, a great group of people. They have received their prize certificates during the June Club meeting. They are:

Dwight Dammers  
Marten Denboer  
David Foster  
Doug Freimuth  
Adam Friedman  
Frank Grazzoli  
Henry Joseph  
Josiah Hobson  
Stacey Kalberman  
Spencer Koromilas  
Rodney D. Millard

Mark Murata  
Joseph Osha  
Robert Reimann  
Mina Samuels  
 Hank Schiffman  
 Erik Schryver  
 Peter Sekesan  
 Stephanie Shapiro  
 Barbara Shweky  
 Richard Sporer  
 Rita Tellerman

The leaders, there were 10 this year. Every one indispensable. Each one offered something different, something unique. Each one made a difference, made an impact. The SIG doesn't happen without their guidance, without their gift, without the leaders.

On behalf of the entire New York Cycle Club, thank you.

The leaders:

Gabriella Clapp  
Edward Fishkin  
David Grogan  
Paul Leibowitz  
Judy Morrill  
Nora Salazar  
Jody Sayler  
Randy Taylor  
David Thomas  
Carolyn White

A special thanks to Carolyn White this 1998. Year in and year out, Carolyn is an integral part of the success of the SIG. Not only are her cycling skills unparalleled, her ability to communicate, to demonstrate, to coach helps each and every one of us each and every year. The SIG owes a great deal of thanks to her. The New York Cycle Club owes a great deal of thanks to her. We are lucky to ride with a star each and every Spring. Carolyn is that special shining star.
Well, have we got some dish for you this month. Another wedding and the scoop on the fabulous West Point weekend. A big thanks to all of you who are e-mailing us at www.nycyclenews@yahoo.com. Keep it coming! We hear mostly from A riders. Where are you B and C riders? What, you can’t write?

Congratulations to Beth Renaud and Todd Brilliant on their wedding May 30 in New Orleans. They were married in Beth’s grandmother’s home by a lovely Southern judge named Niles Hellmes. No biking was involved in the ceremony, although Beth was rumored to be wearing her heart rate monitor under her dress.

The West Point weekend was a success and the largest turn-out ever — 93 people. The weekend could not have happened without the tireless efforts of Christy Guzzetta and Rich Borow. Rich did an excellent job reserving rooms, handling money, and matching roommates. He made sure everything went smoothly and everyone had a room when they arrived. Everyone did except for Rich. When he opened his door, he found Spencer Koromilas and Chris Goebel inside. How did that happen?

Christy led his famous cycling tour of the West Point campus and was a brilliant master of ceremonies at dinner Friday night at the Thayer Hotel. Since there were so many new faces, he made first-timers introduce themselves (much to their embarrassment), thanked the ride leaders, and started the weekend off right by encouraging people to meet each other. We don’t remember a club weekend being so open and friendly. He organized the dinner cruise on the Hudson and arranged for the owner of the Ice Cream Shoppe near the campus to stay open after the cruise Saturday night so that we could all get ice cream (free because there was enough money left over). The nickname of the month goes to Christy, also known as Commander-in-Chief Guzzetta. He has his army jersey; now he just needs some gold stars on it.

We want to thank the ride leaders at West Point who contributed to a wonderful weekend: Margaret Cipolla, Christy Guzzetta, Judy Hummel, Mindy Kaufman, Suzanne Levine, Laura Matlow, Peter Morales, Lynn Sarro, Jeff Vogel, Linda Wintner (please forgive us if we left some of you out — our memories aren’t so good). A special thanks to Cliff Kranish and Rachel Speweck who drove to West Point from their home just for the day to lead a C ride on Saturday, Mindy Kaufman and Judy Hummel led a 15-mile C ride to West Point on Friday. They took the train from GCT, got off at Cold Spring, and then rode. How did they prepare for such a ride? Judy did 8 miles on Thursday and Mindy, well, she did 0 miles. We admire cyclists who don’t overdo their training. Every rider on John Eichholz’s ride up to West Point raved about it. We’ve been hearing only good things about you, John. Keep up the good work. On Sunday, Laura Matlow led a B17 home. She had such fast cyclists on her ride that they turned it into an A23. She was just as strong as they were and never got dropped. You go girl!

Jeff Vogel’s 100-mile ride to West Point lost Conrad Meyer 40 miles from the campus. They didn’t realize he was gone until 10 miles from West Point. At the start of the ride, Conrad said not to bother to give him a map or cue sheet because he can’t follow either. When he lost the group, being the intelligent and resourceful person he is, he bought a map and beat the rest of the ride to West Point. He arrived at 4:00 pm. However, he didn’t go to the hotel until 6:00 pm because he became engrossed in watching the bed races in Highland Falls (yes, they actually put beds on the main street and race them). He had everybody worried. Well, now we know Conrad can follow a map. The cue sheet is another story.

Fred Steinberg is always saying he has a better route on every ride he doesn’t lead. On the boat cruise on the Hudson, he said, “Where’s the captain? We always go to the Beacon Newburgh bridge. I have a better route that goes south.” No one ever listens to him on a ride; the captain certainly didn’t listen to him on the boat.

To some news about good samaritans. On June 20th, Judy Meyer and Jim Modula swept broken bottles from a large part of the road in Central Park in the West 90’s at 6:00 am before a CRCA race. Many of the racers were flatting before the race, so Judy (who was helping with registration) and Jim (who later raced with no flats) took action. Where they got the brooms, we don’t know.

Overheard one morning in Central Park from one NYCC member to another: “Central Park is so great for bike racing that I think Frederick Law Olmstead must have been a racer.”

MINUTES OF THE NEW YORK CYCLE CLUB BOARD MEETING OF TUESDAY, MAY 5, 1998

The Board scheduled a “Newcomers Ride” for June 6th to be coordinated by Irv Weisman. An “All Class” ride was also discussed and scheduled for July 25th.

Gene Vezzani suggested that the participants be served lunch by the Board members.

Dona Kahn reported that our membership is higher than last year due in part to a higher renewal rate.

Anne Grossman volunteered to handle the reservations for the NYCC bus for the Montauk Century Ride. She also reported that the D.O.T. was very helpful at the Five Borough NY Bike Tour.

Bernie Brandell suggested ideas for rider training.

Joel Englebard suggested printing a thank you note in the Club Bulletin to Conrad’s and Yoga Bike shops for assisting the NYCC with the “bike Maintenance/On the Road Repair Clinic”.

Doug Riccardi volunteered to call Bicycling Magazine to correct the date listed for the Club Century. Respectfully submitted, Conrad J. Obregon

MINUTES OF THE NEW YORK CYCLE CLUB BOARD MEETING OF TUESDAY, JUNE 2, 1998

The minutes of the meeting of April 7, 1998 were approved.

Joel discussed the next members meeting.

Mitch Yarin, a member of the NYCC Century Committee updated the Board on the NYCC Century. He indicated that the present committee expected to resign after this year’s century and that new staff would be needed to take responsibility for the future.

Gene asked the Board members if each would try to solicit one person for the committee.

C.J. noted that when the by-laws were amended to create the position of special events coordinator, it was anticipated that the coordinator would be responsible for the Century.

Joel discussed ways of improving members’ meetings, including meetings without guest speakers.

Anne announced that while the Montauk ride had been hampered by rain, the Sheffield weekend had been a success. She also updated the Board on the mystery All-Class ride.

Gene indicated that preparation for the newcomers’ ride was moving along nicely.

There was a discussion of how club members could identify themselves for the discount program. It was agreed that the century committee should be authorized to offer a special century/membership price.

Ludwig agreed to store the club banner which was now in Anne’s apartment. The meeting adjourned at 8:30 pm.

Respectfully submitted,
Conrad J. Obregon
Before your first club ride, please read this:

**NYCC RIDES** are led by volunteer leaders who plan the route and maintain the listed speed (e.g. **B15** = B Style / 15 mph cruising speed — **see charts**). Our rides are described by pace and style because it's more fun when the group is of similar ability. We ride for fun, fitness, and food.

**RIDE STYLE** indicates the type of riding. See chart at right. **CRUISING SPEED** indicates the ride's speed on flat terrain. **AVERAGE RIDING SPEED** over rolling terrain is 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. **OVERALL SPEED**, including all rest and food stops, is about 3 mph less than average riding speed.

**SELF-TEST:** Assess your personal cruising speed by riding a 4 laps (24.08 miles) around Central Park at a comfortable pace and matching your time with the chart. NOTE: Riding fewer than 4 laps will give you a false assessment. (The northern end of the park can be dangerous; ride with other cyclists, and mind the radar-enforced speed limit.)

**YOUR FIRST NYCC RIDE:** Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won't enjoy struggling to keep up with a ride that's too fast for you, nor will the group enjoy waiting for you. It's a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

**BEFORE ANY RIDE:** Check that your bike is in good riding condition: brakes and derailleur working well, tires pumped to the pressure specified on the sidewall. Eat breakfast. **BRING:** helmet, spare tube, tire levers, patch kit pump, water, snacks, money, medical ID, emergency phone numbers. **WE ALSO SUGGEST:** lock, rail pass. Leaders may specify other items in their ride listings.

**BIKE TRAINS:** On Saturdays and Sundays, Metro-North has scheduled specific trains to/from Grand Central Station to accommodate large groups of cyclists. Bike trains are indicated by a bicycle symbol on the Metro-North timetable. Schedules change frequently. The following is the most current one available.
