Spring... And Cycling's Busting Out All Over...

Biker Babes Roll Out!

p. 10
**Bulletin Board**

**May Opportunities**
FROM THE PRESIDENT — GENE VEZZANI

Opportunity #1 — George Washington Bridge Access

“Beginning in mid-April cyclists will have to walk their bikes across the south side of the GW Bridge for the next three years while a repair program takes place on the closed north side of the bridge,” a voice said to me from the other end of the phone during an April 1 conversation. The representative from the Port Authority who called went on to say that pedestrian safety was the issue, and the feeling was that the south side of the bridge would be a safer place if cyclists walk across the bridge.

We immediately sent a written response to the Port Authority requesting a meeting to resolve this issue. Can you imagine trying to walk the mile-long span of the bridge wearing clad road cycling shoes? Transportation Alternatives sent a strong letter protesting this proposal. They recommended that the Port Authority place signs along the south side of the bridge advising cyclists to ride using caution in this area.

Fortunately, the suggestion made by TA was accepted, and on April 13 we received a message from the Port Authority informing us that signs advising cyclists to “Ride with Caution,” and “To Yield to Pedestrians” were going to be used instead of a riding ban.

We thank Transportation Alternatives for their very effective advocacy work and, in this case, their continuing efforts to keep the GW Bridge open to cyclists.

- A word about advocacy: Last month an article in the Bulletin incorrectly stated that we are not an advocacy organization. Referring to the by-laws, Article 1, Section 1 reads, “The purposes of the Club are to provide bicycling activities for the enjoyment of the members, and the furtherance of bicycling as a means of recreation, companionship, fitness, and transportation.”

Opportunity #2 — News and Tidbits

We miss the Lou S. Pokes column! Jeff Vogel did a marvelous job of putting together the humorous and informative article every month for years. Thanks again, Jeff!

We now have a replacement column titled Biker Babes, and our two new writers are looking for the kind of news and tidbits that fills our insatiable appetites. Please send NYCC morsels that are fit to print via e-mail to nyccnews@yahoo.com.

Opportunity #2 — Free Lunch

The All-Class free lunch ride is back! Watch upcoming issues of the Bulletin for information about a clever new approach to All-Class riding that stops for a BBQ cookout prepared by club members.

Opportunity #4 — Last Call for Graphic Artists, Designers, and Creative Cyclists

How would you like to be the person who designs the New York Cycle Club jersey that takes us into the next century? You can! Now is your chance to create a full-color drawing, front and back, of a new design for the club jersey. Simply call me, Gene, at 212-875-1615, for all of the details, and you’ll receive a blank template to use when submitting your design idea.

The deadline for submitting your design for a new jersey is Monday, June 1. The board will then review all designs on Tuesday, June 2. Don’t miss this once in a lifetime opportunity to have one of your ideas displayed by cyclists around the world from one century to the next.
Club Rides

RIDE LISTINGS: To lead a NYCC ride next month and list it in the Bulletin, contact the Ride Coordinator (see page 2) for that ride class on or before this month’s club meeting date.

BEFORE YOUR FIRST CLUB RIDE: Please read about club rides on page 11.

ALWAYS WEAR YOUR HELMET. NO HEADPHONES.

Unless otherwise stated, precipitation at starting time cancels the ride.

Saturday, May 2

A17 92 MI 9:00 AM 102° in the Shade
Leader: Drew Olenick (718) 798-7252 or drewo@interport.net. From: The Boathouse.
The third ride on the “End of the Century Double” series. We'll ride to Westchester and up and around the reservoirs on long, quiet stretches of pleasant road. A diner stop and deli stops as needed. We'll break the century mark for the first time on the series. Two water bottles recommended.

SIG-A 86 MI 8:00 AM Bedford
Why so early? Be there! The rides don't get any nicer than this one. We've got to start firing on all cylinders. There's only one more tune-up ride after this before the big one! We should be smooth by now, in shape, ready. There's big hills, beautiful roads, lots of miles on our way to Bedford. Eat a hearty breakfast, bring pocket foods, there's about 40 miles before a picnic on the Green in Bedford. Get to the Boathouse 15 minutes early so we can get signed up and on the road promptly by 8:00 am. Helmets, with names on front and back, required. Rain date, Sunday, May 3.

B16/18 75-90 MI 7:00 AM Progressive B Series #9: Deepest Westchester
Leaders: Karin Fontus (212) 873-5559 or BikeK@aol.com and Gary McGraile (212) 877-4257 or gosinyccc@aol.com. From: The Boathouse.
An adventure in Westchester's outer reaches with lots of miles to carefully practice preliminary paceline skills we'll introduce today. Spectacular scenery will make each and every hill worthwhile. Lunch in Bedford. We may do the first 25 miles by train, so Metro-North pass is mandatory. Remember that pocket food. Call or e-mail leader close to ride date for late details.

B13 42 MI 12:00 PM Architucturally Rich Jersey Port District and Excutive Tango
The 'dem and lose-speaking Jersey port zone pulses with cranes and industrial charm. During intermission, hear boom box for mini tango lesson, followed by dancing amidst tango's intimate dalliance and allure. Rain or shine.

C14 25 MI 9:30 AM Spring Flowers
Leader: Ludwig Vogel (212) 838-0852. From: The Boathouse.
Our destination, Wave Hill, is the former Perkins mansion, once home of the Morgan partner who donated the land for the Palisades Interstate Park. The house features extensive gardens with a Hudson promenade. The route reveals a part of New York City which may have the least urban character within the city limits. Short mileage, but somewhat hilly.

C-SIG 35 MI 10:00 AM C-SIG #10 (Ride)
Leaders: Geo Kaplan (212) 989-0883 and Inr Welsman (212) 567-9672. From: The G.W. Bridge Bus Terminal, Fort Washington Ave. and 178 St. (A train to 175 St. stop, or the 1 or 9 train to 181 St. stop). Meet inside the bus terminal. Ride description, etc., at that point. Prior attendance required. Precipitation and starting temperature below 35° cancel. Call if in doubt.

Sunday, May 3

A21 70 MI 8:30 AM Tenzing Norgay Memorial Ride
Leader: Chris Audley (201) 876-9231. From: The Boathouse.
April showers bring May flowers? Let's find out. I'll be your sherpa as we climb Perkins for a view from Bear Mtn. Plenty of other hills will help us warm up on the way. From there we'll coast downhill into Garrison for the train home — unless anyone wants to bike back. Metro-North pass, pocket food, and two water bottles advised.

A19 60+/- MI 9:00 AM Ridgewood
Leader: Ben Goldberg (212) 982-4681. From: The Boathouse.
This is an old standby for me. I'm sure you'll like it. We'll ride to the most bike-friendly bagel shop around.

A18 60 MI 8:00 AM Scouting Westchester
We'll intuitively (I'll familiarize myself with a map beforehand) breeze through some new roads in Westchester to add or maybe not add to our repertoire. I'll bring my wrist digital recorder gizmo so there will be no stopping to take notes. Would like to return at a decent hour. Heavy fog cancels.

B16 55+/- MI 9:15 AM Cold Spring Harbor
Leader: Ron Grossberg (718) 625-0183. From: Statue of Civic Virtue (Union Tumpke and Queens Blvd. — E/F train).
We'll ride beyond Oyster Bay and roll down into Cold Spring on L.I. Sound. Plenty of scenic roads. Rain/slick roads cancel.

B14 45 MI 9:30 AM Get in Shape for Touring #10: Old Greenwich, CT
Leader: Maggie Clarke (212) 567-8272. From: Under the giant ginkgo tree on Broadway, north of Iatham St. (207 St. stop on A train — from north end of station, exit the gate and head for left stairs at northern end). Rolling to hilly terrain. Metro-North pass required for return trip train. This is a gorgeous ride touching the suburban neighborhoods of lower Westchester and the back roads of Greenwich, CT. After a garden lunch in Cos Cob, we do a six-mile loop on a peninsular park which juts into Long Island Sound, allowing spectacular views. Starting temp below 35°, excessive wind-chill or prediction of significant precipitation cancels. Call if in doubt!

C10/11 45 MI 9:30 AM Piermont
A relaxing ride to a beautiful spot.

Friday, May 8

B14 45 MI 9:15 AM Friday Morning Series #3
Leader: Ron Grossberg (718) 369-2413. From: City Hall Park.
Our destination will be determined by group vote. Call to confirm. Poor weather cancels.

Saturday, May 9

A19 58 MI 9:00 AM May Day! May Day! a/k/a JSTRDNAL-HR
You know this by heart by now. Same ol' gorgeous River Rd., same ol' Bradley/Teedal. Same ol' gazebo behind St. John's Church on the water in Grandview. Same ol' incapable hill climber leading you from behind.

SIG-A 91 MI 8:00 AM Little Tor
Little Tor, big hill, big ride. Hills, miles, pacelines, speed, team, endurance, A ride! This is a dress rehearsal. We've been at this since back in early March. We've been riding, pushing, practicing, hurting. Next week, we're going on the BIG A ride. We're ready. Get to the Boathouse 15 minutes early so we can get signed up and on the road promptly by 8:00 am. Helmets, with names on front and back, required. Rain date: Sunday, May 10.
Saturday, May 16 – Sunday, May 17

A18-22 250 MI 9:00 AM
Montauk Twin Century
Leader: Marty Wolf (212) 935-1650.
Call for starting point.
In our version of the Montauk Century, we bike out on Saturday and return home on Sunday (on the same road used by the one-way century riders). We can wave at our friends who will return later on the NYCC bus (see below). Call for more info re starting time and place. The sooner you call, the better because the motels may sell out. Ride goes rain or shine as room deposits are not refundable after May 9.

Saturday, May 16

A20 60+ MI 9:00 AM
One More Time
Keith Goldstein (212) 982-9465 and Jim Modula (212) 663-1420.
From: The Boathouse.
First time we were rained out. It’s 30+ rolling, possibly hilly miles to lunch in Park Ridge. Pocket food and two water bottles strongly recommended. Usual stuff cancels.

A17 110 MI 8:30 AM
New Hamburg Centurions
Leader: Drew Olewnick (718) 398-7252 or drewo@interport.net.
From: The Boathouse.
We’ll venture forth into Putnam County, over lovely reservoir roads and skirt Fahnstock State Park before crossing the Taconic Hills and descending into southern Dutchess County. Then past Green Haven Prison and towards the Hudson, where we’ll grab a late lunch before boarding the train home. Deli stops as needed. Two water bottles recommended, Metro–North pass required.

S15-A 106 MI 7:00 AM
Bear Mountain
Leader: Gabriella Clapp (212) 724-5633
Edward Fishkin (718) 633-3038
Christy Guzzetta (212) 519-3674
Paul Lebowitz (718) 858-8273
Nora Salazar (212) 725-2531
David Thomas (212) 675-6191
From: The Boathouse.
A long, challenging, beautiful, big A ride. Straight up 9W to breakfast in Stony Point. Then, up, up, up, Perkins Drive to the very top of Bear Mountain. We’ll cruise along spectacular Seven Lakes Drive. Then, through saddle River on our way back to the Boathouse. When we get there, we will be A riders. There will be a champagne toast at the Hill — Congratulations! Helmets required. Rain date: Sunday, May 17.

B17 55 MI 8:30 AM
Pre-Century Warmup
Leader: Karin Fantus (212) 873-5559 or Bikeatool.com and Gary McGraw (212) 877-4257 or garynccl@aol.com. From: The Boathouse.
A no-nonsense kind of day. We’ll spin steadily straight up to Nyack to prep our legs for Sunday’s ride (or whatever), stop for a friendly cup of java and get home early to shower, stretch, eat and take in an early flick or clean our bike if so inclined.

B13 42 MI 12:00 PM
Mansions of Douglastown and Demure Tango
Estates, mansard roofs and profuse gardens articulate peninsular Douglastown as a rare remnant of old Queens before postwar desecration with free enterprise’s sprawl, burger jungles and overpopulation. During intermission, enjoy boom box and dancing to melancholic tango masterpieces. Rain or shine.

C13 25/15 MI 12:30/1:30 PM
Y’ar Ole Salt
Leader: Terry Chin (718) 680-5227. From: City Hall (Manhattan) at 12:30 for 25 mi. or from Picknick House at Prospect Park at 1:30 for 15 mi.
The fleet is in! This midday departure to Sheephead Bay gives us a chance to join in a flurry of activity at Brooklyn’s Cape Cod. Bring your favorite fish tale to tell over clam chowder. Helmets required, bring lock. Rain cancels.

Why Don’t You Try Co-Leading a Ride This Spring? Call Your Ride Coordinator to Find Out How.

Progressive Series #10
“Graduation” Ride: West Point Preview
Leader: Karin Fantus (212) 873-5559 or Bikeatool.com and Gary McGraw (212) 877-4257 or garynccl@aol.com. From: The Boathouse.
Why wait till July 4? We’ll head north on the NJ side of the Hudson, cruise by Bear Mt., meander through West Point, power up Storm King, over the Beacon–Newburgh Bridge, then south to Cold Spring. Lots of long stretches to safely hone cooperative pace line skills. Since it’s the last ride of the ’98 B Training Series, we’ll indulge in celebratory eating/rehydrating in Cold Spring before taking late bike train home. Metro–North pass mandatory. Don’t forget that pocket food. Montauk will be a piece o’ cake after this one.

Elizabeth’s Red-light Architecture & Brilliant Tango
Leader: Paul Rubenfarb (212) 740-9123. From: Top WTC PATH escalators. Exhausted from a grueling trip, the typical NYCer finds a bad old cathouse just the tonic for sore bursas and abductors, perhaps preceded by some mood-swinging tango. We’ll admire the old “heartbreak hotel” nos-talgia of downtown Elizabeth and its mansioned boulevards. During intermission, hear boom box for sensuous tango dancing. Rain or shine.

Piermont
Leader: Tom Laskey (212) 956-6366.
From: The Boathouse.
I was supposed to lead this ride in March, but there must have been foul play afoot because it was never listed. Just as well, the weather is sure to be more conducive to a lovely lunch on the pier in May than February.

Sunday, May 10

A19 65 MI 9:30 AM
Nyack, the Long and Hilly Way
Leader: Irv Schachter (212) 758-5738.
Up Sickettown Rd., down to West Nyack, then up Crusader Rd., down Christian Herald to the Skylark for pancakes. We will look for the flattest way home.

A21 70/80 MI 8:30 AM
Two Knees, or Not Two Knees...
Leader: Mark Martinez (212) 496-5318.
From: The Boathouse.
That is the question. The usual Westchester melange of hills and flats. A little hammering, a lot of cruising. Lunch will either be a picnic on Bedford Green if it’s warm or indoors in Armonk if it’s cool. Two water bottles, pocket food & Metro North pass suggested.

B14 50 MI 9:30 AM
Get in Shape for Touring Series #11: Oyster Bay
Leader: Maggie Clarke (212) 567-8272.
From: The Statue of Civic Virtue, Union Tpke., Queens (E, F train).
Join us for an exploration of the back roads and suburbia of north shore Long Island. We’ll have a picnic on the sea wall facing the extensive Oyster Bay harbor. Terrain is rolling. Starting temp below 35°, excessive windchill or prediction of significant precipitation cancels. Call If in doubt!

B14 55 MI 9:00 AM
Piermont
Leader: Donna Kahn (212) 399-9009.
From: The Boathouse.
Relive the route of the Century and go to our favorite town on the Hudson, where we will buy lunch and eat by the water. Rain at start cancels.

C14 40 MI 9:00 AM
Forced March Ride
Leader: Henry Joseph (212) 589-8176.
Grueling ride to Piermont. Flat ride. Demanding 14 mph pace. Stay home if you have a headache. Leave your heavy locks at the Boathouse... (lock them on a fence. I will not hold your key). If you contemplate this ride, you must be able to (at least) walk to the top of the Palisades. If you don’t know what this means, go to a museum. Have a nice day.

Friday, May 15

B14 45 MI 9:15 AM
Friday Morning Series #4
Leader: Ron Grossberg (718) 369-2413.
From: City Hall Park.
Our destination will be determined by group vote. Call to confirm. Poor weather cancels.
SUNDAY, MAY 17

A23+/- 125 MI 6:00 AM Breakfast in Montauk
Leader: Jeff Vogel (718) 275-6978. From: Tramway Plaza (59th St. and 2nd Ave.). It will be a late breakfast, but anything before noon is still breakfast. So, yes, the goal is to arrive in beautiful downtown Montauk while the clock still says "a.m." Cooperative group riding skills are essential; the bigger the group, the better, but we can't wait for stragglers. Bring lots of pocket food and at least two large water bottles. The plan is one quick stop at the halfway point. Pray for a tailwind. A headwind cancels breakfast and means we settle for lunch in Montauk. Finally, don't forget to buy a ticket for the return bus (see notice elsewhere in this bulletin).

A18 125 MI 5:30 AM Afternoon Snack in Montauk
Leader: Tom Loskey (212) 976-1656. From: Tramway Plaza (59th St. and 2 Ave.) This is my favorite ride of the year. I tell people that rode 125 miles, but I don't mention that it is dead flat. The ride out is great, the bus back is fun. Be sure to reserve your seat on the bus (see the notice elsewhere in this bulletin). Be sure to wear sunscreen!

A19 65 MI 9:00 AM Not Montauk
Leader: Todd Brilliant (212) 741-0100. From: The Boathouse. We'll be riding out to Long Island like those doing the Montauk Century, but unlike everyone else, we will be 1) taking scenic North Shore roads, 2) having lunch on the beach, 3) Cycling about 65 miles, 4) home in the afternoon, and 5) not sitting on a bus in Long Island traffic for hours. Bring money for deli lunch and batting range.

B16 50+ MI 9:00 AM Where is Everybody?
Leader: TBD. Meet others at the Boathouse who have chosen to spin up to Nyack and return early in lieu of riding in the Montauk Century sponsored by the Five Borough Bike Club (212) 932-2300 ext. 115 or the Bloomin' Metric sponsored by the Sound Cyclists Bicycle Club (http://www.soundcyclists.com/register.htm).

B13/14 47 MI ARRIVE EARLY Get In Shape for Touring #2
Leader: Maggie Clarke (212) 567-8272. From: Grand Central (Take 8:07 am train to Westport, CT. We'll meet on the eastbound platform in Westport.) Metro-North pass required. This annual ride shows the New England coastline and seaside at its best. You get stone walls, white churches, quiet lakes, horse farms, babbling brooks, sandy beaches with a few stiff climbs thrown in. Registration: $15 by May 11 ($20 afterwards) You get free food, map, cue sheet, and a Bloomin' Metric t-shirt if you register early. Helmet required. Get a registration form online at http://www.soundcyclists.com/register.htm and send check to Sound Cyclists Bicycle Club, 65 High Ridge Road, Suite 322, Stamford, CT 06905. Check Bloomin' Metric for cancellation policy.

C13 38 MI 9:15 AM Quack, Quack, Quack
Leader: Hindy Schachter (212) 758-5738. From: The Boathouse. A leisurely paced ride over the GW Bridge and through Bergen County to the Demarest Duck Pond. The ducks are always glad to see guests who bring or buy lunch and carelessly drop a few crumbs by the water. We may also go to a farmers' market near the pond.

WEDNESDAY, MAY 20TH

A/B/C 0 MI 6:00 PM Pizza to the (l)max
Anne Grossman 212-924-1549 or anness@mail.idt.net Meet me at John's Pizza (65th St. near B'way) for great thin crust pizza, then saunter over to the lmax theater at 68th St. and Bway to see "Everest" at 8:00 pm. Call (212) 336-SONY to purchase your ticket in advance. Call or e-mail Anne Grossman if you plan to attend.

FRIDAY, MAY 22ND

A20 70 MI ? AM From Brewster to Brew (Brewster, MA)
Leader: Mark Martinez (212) 496-5518. From: G.C.T./2nd St./Both? Join me for my Memorial Day getaway ride from Brewster, NY, to Sheffield, MA. Unlike more ambitious A's, we'll jump start our weekend with the aid of Metro-North. We'll keep a steady pace over rolling terrain that just gets better and better as we head north. One stop in preppy Kent, CT, then on through the farm valleys of Amenia, NY. Finally, we'll uphold tradition and celebrate our arrival by hoisting a cool pint of Watney's at the Stagecoach Inn. Required: Metro-North pass. Highly recommended: climbing gears, two water bottles, pocket food, rain gear (!) and beer money. Optional: Darts. Rain does not cancel. Call leader before 10 pm to verify start time.

A20+/- 130 MI ? AM What train to Sheffield?
Leader: Jeff Vogel (718) 275-6978 and Christy Guzzetta (212) 55-3674. The last time we checked, Metro North didn't have a stop in Massachusetts, so we're riding all the way. Jeff is leading parts of the ride, Christy other parts. We hope their routes will connect! Bring pocket food and two large water bottles as we can make only two stops along the way. Our ultimate goal is the 5:00 pm beers at the Stagecoach Inn. Group riding skills required. S&G graduates requested! Call Jeff on Wednesday or Thursday for start time and location.

SUNDAY, MAY 23

A21/22 85 MI 9:00 AM Something Wicked This Way Comes
Leader: Oliver Garcia (212) 734-4927. From: The Boathouse. This is my first time leading a ride! I'm so excited! If you're fast, have both stellar paceline skills and the aerobic capacity to hammer up Whippoorwill Rd. without inducing cardiac arrhythmia, this ride is for you! A swift spin through Westchester with a rest stop in Armonk en route to Byram Lake awaits us. There will be plenty of flats for the powerful and hills for the climbers on this exhilarating journey.

B13 40 MI 12:00 PM Riverdale, Historic Yonkers and Enticing Tango
Leader: Paul Rubenfarb (212) 740-9223. From: NE corner 181st St. and St. Washington Ave (A train). Riverdale fought off most high-rise abominations and still charms with mansions on green lanes. Yonkers was a classic and diverse American burg with belvederes across the Hudson. During intermission, thrill to seductive tango tapes beckoning from boom box. Rain or shine.

B15/16 55 MI 9:00 AM Quiet City
Leader: TBD. From: The Boathouse.
We'll rendezvous at the Boathouse and take a spin up 9W and let the inspiration happen. Nyack, Rockland Lake, Pearl River?

SUNDAY, MAY 24

A19-21 60+ MI 9:00 AM Sheffield... Not
Leader: TBD. If you're not going to Sheffield, come out to the Boathouse for a pickup ride to a destination chosen by group consensus at a pace determined by average group abilities. Pretty democratic, eh?

B15/16 50 MI 9:00 AM Whose Parade?
Leader: TBD. From: The Boathouse. Let's enjoy the ride and retain some form. We want to look good when we join the parade. The question is - whose parade?

C13 55 MI 9:00 AM Park Ridge
Leader: John Fullwood (212) 927-3027. From: The Boathouse. One of the club's favorite destinations, Park Ridge boasts the best diner around. Please join us on this friendly ride.

MONDAY, MAY 25

A20 60+/- MI 9:00 AM Excuse Me, How Do You Get to Somerville?
Leader: Beth Renaud (212) 274-9463. From: The bottom of the stairs at the World Trade Center PATH station. It's time for the annual Tour de Somerville, and I'd like to head out there to check it out. I've been staring at a Somerset County map, looking for a decent route via Newark. Thankfully, the PATH system doesn't require
those silly bike passes anymore. The main race doesn't start until 11:45, so that gives us lots of time to get lost. Bring noisemakers to cheer on your favorite racers.

**C15  45/35 MI  8:30/9:30 AM  Gateway Getaway—Rockaway Excursion**

**Leader:** Terry Chin (718) 680-5237. From: City Hall (Manhattan) at 8:30 am for 45 mi, from Picknick House at Prospect Park at 9:30 am for 35 mi. If you are for the birds then here is an opportunity to display your feathers. We are exploring the Rockaway Inlet with a stop at Jamaica Bay Wildlife Refuge. Bring lock and lunch (or lunch money).

**Saturday, May 30**

**A17  125 MI  8:00 AM  Fairfield of Double-Century Dreams**

**Leader:** Drew Olewicz (718) 398-7252 or drewo@interport.net. From: The Boathouse.

The fifth ride on the “Double Your Pleasure Century” series. We'll cross state lines and sneak into Connecticut and straddle the border, eluding those authorities that would deny us our right to bicycle 125 miles. Pretty roads, lots of hills and food for those who are hungry. This will be a round trip that will take us back to the city by late afternoon via Pelham/Fordham Road. Two water bottles, pocket food recommended.

**B16/17 70 MI  8:30 AM  Caumsett State Park**

**Leader:** Jim Drazios (718) 225-1802. From: The Statue of Civic Virtue (Union Turnpike and Queens Blvd, E/F train).

North Shore of Long Island. One big hill (Snake Hill) and lunch in Cold Spring Harbor.

**B16  45 MI  9:30 AM  Sea Breezes to Steeplechase Pier**

**Leaders:** Ludwig Vogel (212) 838-0852 or ludwig@bway.net and Bill Schwarz (212) 268-7862. From: The Boathouse.

Travel through and beside Brooklyn's parks to the green waterside south of the harbor, along the inlet, under the Verrazano Bridge, then along the Atlantic shore to Coney Island, where we will seek what lunch we can. Hypercholesterolemia alert! Hot, hot, salt and vegetarian riders advised to BYO. No diving off the pier! Return through Little Odesa, unless we feel inspired to return the way we came.

**B13  41 MI  12:00 PM  Bawdy House Architecture of West New York and Romantic Tango**

**Leader:** Paul Rubinfarb (212) 740-9123. From: NE corner 181st St. and Ft. Washington Ave. (A train).

Bikers and passersby admire the beckoning smiles from tender sultresses of West New York's bawdy house strand, a last refuge of the old Clinton-like carefree virility. During intermission, dance to boom box playing naughty rhythm tangos gems. Rain or shine.

**C13  50 MI  9:15 AM  We Remember**

**Leader:** Scott Wasserman (914) 723-6607. From: The Statue of Civic Virtue (E, F train to Union Turnpike and Queens Blvd).

Never mind those fake holidays, this is the real Memorial Day. We’ll go to that favorite NYC destination, judging by the number of cue sheets in the rides library, Oyster Bay. For those of us who are memory challenged, this is a day to practice remembering. Significant rain cancels.

**Sunday, May 31**

**A19/21  80 MI  9:00 AM  Greenwich Gambol**

**Leaders:** Stephanie Blecher and Rich Barow (212) 348-2661. From: The Boathouse.

Join us for a spirited, post-Sheffield ride to Greenwich, CT. This is one of our favorites, with small hills that just keep coming at you amidst shady, twisting roads. Weather permitting, we plan a picnic lunch at a gazeebo in the park before turning back to Manhattan. Pocket food is recommended, as is a Metro-North pass in case of train return.

**B15  55 MI  9:00 AM  Kensioco Dam**

**Leaders:** Bernie Brandell (718) 639-1759 and Marina Bekerman (718) 851-1527. From: The Boathouse.

We'll ride via bike path along Bronx River Parkway. Greet ducks along the stream and pond (yes, quacking in response is allowed) and a climb for the adventurous to the top of the dam (but I will cheer them from below), where we'll picnic for lunch. Rain or high winds cancel.

**C Slow  30 MI  9:00 AM  Kiddie Ride to Coney Island**

**Leaders:** Linda Wimber (212) 876-7298 and Michael Yesko (212) 533-2409. From: The steps in front of Coney Island.

We'll take a scenic route over Brooklyn Bridge, through Prospect Park and along Ocean Pkwy. to the "beach of all beaches," Lunch at Nathan's or perhaps in Brighton Beach. Bring water, pocket food, locks, Speedos, sunscreen. We'll return along Gravesend Bay, or if we dwaddle, we can take the subway back. Children must be accompanied by an adult, although adults without kids are welcome or you could borrow someone else's kid.

**Saturday, June 6**

**B17/14  60/53/48/43 MI  9:15 AM  Newcomers’ Ride!**

**C13/11  40/35/30 MI  9:45 AM  D-Day in Rockland Lake**

**Coordinator:** Irv Weisman (212) 567-9672. B Rides start from the Boathouse, C Rides start from the GW Bridge Bus Terminal (A train to 17th St). Specially designed routes for people new to our club, but everyone is welcome. See the full writeup on page Rain date: Sunday, June 7.

**A20  65 MI  9:00 AM  Cold Spring**

**Leader:** Tom Laskey (212) 496-1636. From: The Boathouse.

After my embarrassing showing in March (if you weren't there, don’t ask), I’m determined to do it right this time. We'll take the scenic route up, a lap around the lake, deli stop and picnic at the lake.

**B15  50 MI  9:00 AM  Staten Island Ramble**

**Leader:** TBD. From: The Boathouse.

We'll meet at the boathouse and pick a destination unless we have a leader listed in the June Bulletin. Otherwise, we’ll play it by ear.

**Sunday, June 7**

**A20  70 MI  9:00 AM  Cold Spring**

**Leader:** Jody Sayler (212) 799-8293. From: The Boathouse.

Let's see how much is done on the new house. Breezy spin up to the Hill in Cold Spring via new Westchester route, picnic at the new house site (weather permitting), train return option (It'll be a long ride for those who want to spin home). Metro-North Pass mandatory.

**B15  55 MI  9:00 AM  Scenic Spin to Nyack**

**Leader:** Tom Laskey (212) 206-6574. From: The Boathouse.

We’ll rendezvous with other hungry cyclists at the Runcible Spoon for breakfast. Good table manners are required. Maybe some hills on the way home.

**B14/16  55/80 MI  8:30 AM  Over Bear Mountain Bridge**

**Leaders:** Hindy and Irving Schachter (212) 758-5738. From: 1st Ave. and 64th St. Group rides together through Bergen and Rockland counties until they hit a snack stop in W. Nyack. After that members split into two contingents. Faster group members should bring an extra pair of lungs as they will ascend Gatehill, Seven Lakes and Perkins as well as Storm King Mountain on their trip to Beacon. Slower group has one hill (Dunderberg) on its shorter jaunt to Garrison. Both groups return by Metro-North: passes required. Great scenery either way.

July 4 Weekend, West Point — Happy Birthday, America

Happy birthday to you, happy birthday to you, happy birthday dear America, happy birthday to you!

The annual July 4 New York Cycle Club All-Class Weekend at West Point — here it is, don't miss it. This is a patriotic, rah rah, wonderful club weekend. Three days, two nights, the historic Hotel Thayer right smack dab in the middle of the West Point campus. We'll bicycle up on Friday, July 3 — rides for A, B, and C riders planned. We'll enjoy an all-class bicycle tour of the historic West Point campus on Friday afternoon, conducted by an acclaimed historian of West Point. We'll plan for A, B, and C rides on Saturday, July 4. Or, if you're in the mood, visit the swimming hole, visit Storm King Art Center, visit the holiday celebrations in town, visit the museum, see the campus — West Point is the greatest! As a special added attraction this year, rumor has it the NYCC may enter a team in the annual July 4 town bed race. Whoa! Kick some butt in the bed race. Race against the Army team, compete against townies, the surprise NYCC entry in the bed race. Our entry is not yet confirmed, but...

We'll have to come home early from the July 4 festivities, however, because we have chartered M.V. Commander, a historic riverboat, for a great July 4 dinner cruise on the Hudson. The Commander will pick us up at the West Point dock, we'll dine and tour the Hudson Highlands region, see lots of fireworks, then return to campus. Unbelievable. Will the ice cream store really stay open late for us? They did last year. Sunday, there will be A, B, and C rides home.

Hotel accommodations at the Thayer, two full breakfasts, two dinners, baggage shuttle to carry our clothes, July 4 dinner cruise, bicycle tour of the campus, pretty much everything except lunch and drinks — $175 covers it all. Reserve your space now. Last year, upwards of 80 people participated on this great weekend. Don't miss out this year.

Checks should be made out to Rich Borow, 201 E. 87th St., #5, New York, NY 10128. Shortly after receipt of your check, an information packet that will answer your questions about schedules, departure times, places, etc., will be sent to you. Any questions? Call Jeff Vogel at (718) 275-6978.

Weekend planners:
Ride Captains: Rich Borow (212) 348-2661
Stephanie Bleecher (212) 348-2661.
Accommodations: Jeff Vogel (718) 275-6978.

Last Call: Memorial Day Weekend
NYCC Memorial Day Weekend in the Berkshires May 22-25

The Sheffield weekend is less than a month away. Have you made your reservations yet? If you need names of B&Bs, please call Anne Grossman at (212) 924-1549 or e-mail her at annesg@idt.net.

On Friday, May 22, a group will take the 7:47 am Metro-North train from Grand Central to Dover Plains. Maggie Clarke will join the group at White Plains. From Dover Plains, Maggie will lead a B12/13 to Sheffield (approx. 40 miles in scenic Connecticut). On Monday, May 25, she will lead the ride from Sheffield to Dover Plains, then take the 2:33 pm train to Grand Central. Call Maggie Clarke at (212) 567-8272.

Jeff Vogel will lead an A ride from New York to Sheffield on Friday, May 22 (approx. 130 miles). See ride listing for more info.

On Saturday and Sunday, all rides will start at 9:00 am in Sheffield at Town Hall. On Saturday, Gary Wendrovsky and Karen Reich will lead an all-class ride (approx. 50 miles) to Lakeville Lake. On Sunday, Gary and Karen will lead the A/B Tymrings Valley ride (approx. 50 miles) with a five-mile climb and a catered lunch at the top. Maggie Clarke will lead a B12/13 ride (approx. 50 miles) to Lenox and Tanglewood with stops in Housatonic and Stockbridge. On Monday, Karen and Gary will lead a short but sweet 20-mile A/B ride to Southfield.

The club dinner will be Sunday night at Thelma's Road House in Great Barrington. Dinner is $25 per person, which includes hot and cold appetizers, salad and bread, entree, dessert and coffee. We will have the entire restaurant to ourselves to schmooze and eat and dance the night away (provided we're not too tired from riding).

About The Newcomers’ Ride
By Maggie Clark

In 1986, Debbie Bell remembered her own confusion about NYCC rides when she first began riding with the Club and decided to offer newcomers an anxiety-free introduction to Club rides. Her idea was to offer rides of different degrees of difficulty (both of speed and distance), but with many miles in common so that:
1) people who fall behind their section will be swept up by the following section, and
2) at designated "branch points" riders can switch to slower and shorter sections should they so desire. Thus, newcomers can feel comfortable that they won’t be last or dropped in deepest suburbia, miles from home with no one to guide them back. All the routes lead to a shopping center where we can buy lunch and then proceed 1 1/2 miles to our picnic and pit stop.

We now use routes developed by Irv Weisman that take the most scenic suburban roads possible and avoid the most heavily travelled roads. This year, Michael DiCerbo added a change to our return route to avoid heavily-travelled Palisades Ave. on the way home. Note, however, that we cannot avoid hills. There are some steep ones on our return to the G.W. Bridge, for which low gears are necessary — 10- or 12-speed bikes are inadequate for most new riders; their owners may have to walk some hills (but that’s certainly no crime).

All the B sections (B17 mph/60 mi, B16/53, B15/48, B14/43) will meet at 9:15 am at the Boathouse, on the East Drive of Central Park, north of 72 St., and will be coordinated by our president, Gene Vezzani. All C sections (C13/40, C12/35, C11/30) will meet at 9:45 am at the G.W. Bridge Bus Terminal on Ft. Washington Ave. bet. 178 St. & 179 St. (toilets and food available), and will be coordinated by Irv Weisman. The bus terminal can be reached by the A train to 175 St. (where there is an elevator to get you and your bike to the surface at 177 St.).

How should a newcomer choose his/her ride class? Please consult the Ride Classification chart on p. 11 of the Bulletin to learn how NYCC grades rides. Do try to classify yourself before the event by riding 4 complete circuits (24.1 mi.) around Central Park, or 7 circuits in Prospect Park, then check your elapsed time against the chart on p. 11. The 1 mph between classes may not seem like very much to you, but on rides of any duration, each additional mph of average speed gets harder and harder to sustain. So be modest in choosing your ride section: don’t overextend yourself on this ride. You’ll have opportunity enough to knock yourself out later this season.
NYCC Bus to the 5BCC Montauk Century
NYCC will offer a bus back to Manhattan with a stop in Queens. Bikes can be carried on board the bus, which will leave from a less congested spot in Montauk Town Square. For more information and to reserve a spot, call Anne Grossman at (212) 924-1549 or e-mail her at annesg@mail.idt.net. For more information about the Montauk century, contact 5BCC at (212) 952-2300.

Club Getaway, Litchfield County, August 7-9 (Fri-Sun.) Join us for a great weekend in Connecticut (near Kent). Scenic A, B, and C rides Saturday and Sunday plus Club Getaway's other features — volleyball, basketball, tennis, water-skiing, six great meals and much more. And new this year — an early breakfast and a hassle-free bus. Call Club Getaway at (800) 6-GETAWAY and mention the NYCC for a special weekend rate of $99 per person. Bus for you and your bike from Manhattan available for an additional charge. Questions or problems, call Jeff Vogel at (718) 275-6978.

L.A.B. GEAR/North & National Rally 1998, August 14-17, 1998 Wellesley, Massachusetts “The Spirit of Massachusetts.” The quiet rolling terrain along the Charles River, nearby hilly apple orchards, historic Concord and Walden Pond offer some of the best cycling in the country — co-hosted by the Charles River Wheelmen. To register, call (202) 822-1333; e-mail bikevent@aol.com; visit the website at www.bikeleague.org; or write to L.A.B., 1612 K Street NW, Suite 401, Washington, DC 20006.

NYCC members at GEAR/North—Summer Vacation, August 14-21. Marilyn and Ken Weissman will be wearing NYCC colors at GEAR/North (see item above), then riding back to NYC. We’ll use Adventure Cycling’s route to Putnam County, then Ken’s route home. Self-contained touring: B&B/hotel/motel. Want to join us? (212) 222-5527 or e-mail mollynina@yahoo.com.

B Training Series Update — Karin Fantus & Gary McGraime

The B Training Series provides B riders information and coaching that, until now, has been largely the domain of A riders. No, we don't ride in paceline formation yet, but we're learning to look just as sharp. As of early April, we are achieving average speeds of 15-18 mph on 65-mile rides.

This year's B Training Series is already a huge success, based on the thundering herd of 50+ riders we've been seeing on some of our rides. Could it be Mark Wolf's early-morning seminars on spinning, climbing, and turning (or is it steering?)... or the opportunity to be coached by seasoned NYCCers such as Alex Bekkerman, Mike DeCarbo, John Fullwood, and Peter Matuszewich (with guest appearances by numerous others).... or maybe it's the great weather... or the opportunity to see and be seen. Whatever. It's a good time.

Some riders began the series with substantial knowledge; others are new to group riding. But there's an overwhelming openness to learning new skills. No attitude... Very nice. Good technique and bike handling are becoming more visible each week.

We are discovering that NYCC has many untapped resources; especially our members who know many things about biking that new riders wish they did.

May rides will take us through magnificent scenery in three states, along fairly car-free roads. Will anyone notice how long and difficult these rides are getting? Nah... we'll be too busy enjoying the views.

See you on the road.

Notes on the Progressive 'B' Training Series:
- Helmets required
- Rain dates will be on following Sundays
Biker Babes

Welcome to the first column of Biker Babes. We boldly go where Lou S. Pokes left off. We have to admit that Lou helped us out a bit this month, but for future columns we need you to give us the dish. We promise to rival page 6 of the Post. Cindy Adams and Liz Smith — eat your hearts out. If you have items of interest about club members, you can e-mail us in anonymity at nycnnews@yahoo.com.

The top scoop of the month happened on Thursday, March 26, on an A ride on which Toni Nappi and Linda Siebert were part of the pack. For weeks, Toni had been carrying around a marriage license (was he having second thoughts?) but on arrival in Nyack, he spied a justice of the peace and said, “Hey — If not now, when?” So Toni and Linda got married and the reception was at the Skylark Diner, the club favorite. The bride’s outfit was black spandex on the bottom and a colorful top coordinated with the tights. The groom was similarly attired in black (without the tie). Toni comments, “She’s working. She makes a lot of money. On the day I got married, I retired.” Did Toni marry a sugar mommy or what? Needless to say, we congratulate the happy couple, who can now dance professionally as husband and wife. P.S. Sorry to say this was not a first. Rikki Furman and Rich Buceta got married in Nyack by a justice of the peace a year or two ago, but they had planned the event for over a month.

Talking about marriage, David Coplan and Jill Hamburg are engaged. So are Kevin Mulvenna and Terry Brady. Longtime couple Rich Borow and Stephanie Bleecker, who met on the NYCC Board in 1996, just returned from Majorca. Was it a pre-wedding honeymoon or Steve Roache’s bike camp? Lou S. Pokes says, “They will get married; it’s just a matter of when.”

Get-well wishes are in order for Herb Dershowitz, Steve Britt and Mike Yesko:

Herb Dershowitz tore his Achilles tendon while playing volleyball (hey, Herb, maybe you should stick to cycling).

In early March, Steve Britt crashed in Central Park and “tacoed” his wheel. While Rich Borow was in Majorca, Steve borrowed one of Rich’s wheels, crashed in a race and “tacoed” that wheel too. Warning to all members — just say no when Steve comes a-calling. As our mothers always told us, things happen in threes.

Mike Yesko had finished an 8 ride and was exiting the park when a lone cyclist riding a tandem for three crashed into him (clearly not the fault of Mike). Mike’s shoulder bones did not survive the fall — so if you see Mike in a sling, you now know why. What you don’t know is the guy with the tandem stopped and offered to send Mike to the rider’s own orthopedist. Lo and behold, the doctor only remembered the tandem rider as a deadbeat who owed him money. To add insult to injury, the rider hasn’t returned any of Mike’s phone calls.

Kudos to Lori Tuoff and Al Boland for national press coverage. Lori is featured in the May issue of Marie Claire magazine in the career changes section. There is a wonderful photo of Lori with her bike and details of her metamorphosis from lawyer to successful bike tour operator. She substituted cue sheets for time sheets. Way to go, Lori.

Al Boland was spotlighted in the May issue of Bicycling magazine for — you know what — riding without a saddle. The article ended with the question a lot of us have been asking: “Isn’t it time to sit down now, Al?”

On March 31, Stefani Jackenthal, as part of a story assignment about women’s boxing, sparred three rounds against the U.S. national champion in her age group after training for only two weeks. “It’s worse than sprinting against Carol Bostick,” says Stefani. After the match, she iced her swollen nose for two days. Maybe she, too, should stick to biking, where she sure does excel.

That’s all for now. Remember, all the dish that fits, we print.

NY Police Crackdown

Cyclist Tickets Increase 25% In 1st Qtr. ’98 Over 1st Qtr. ’97

Mayor Swipes At “Advocacy Groups”

During the first quarter of 1998, city police issued 2,315 tickets with fines ranging from $40 to $125 to bicyclists for moving violations and equipment violations. During the first quarter of 1997, the city issued cyclists 1,861 tickets for such violations, the Police Department said. During all 1997, city police ticketed cyclists 11,197 times.

The crackdown has raised an outcry among bicyclists, from commuters who say Mayor Rudolph W. Giuliani favors motorists to delivery workers, who say Mr. Giuliani is threatening their livelihoods.

Discussing the crackdown April 6, Mr. Giuliani was largely unsympathetic to those arguments.

He said the city’s goal is to put the brakes on bicyclists who ride without regard for pedestrians.

But the ticket blitz is also sweeping up commuters and recreational riders. “We have everyone on patrol in a heightened consciousness about bicycle offenses,” said Wilbur L. Chapman, the Police Department’s Chief of Patrol. He said officers are paying special attention to midtown and the East Side.

Tickets are now being written to enforce rules formerly long-ignored by riders and even police, for example, failure to have a bell or signalling device affixed to the bike. Many of the summonses carry heavy fines.

Police have recently set up bike stings on the Manhattan side of the Brooklyn Bridge and in Riverdale in the Bronx and are reportedly about to crack down on riders in Prospect Park and Central Park.

Caught up in the campaign have been people like Martha Rowan, a 55-year-old New York University Greek instructor, who was written up last month for stopping at a red light on the wrong side of a Carroll Gardens, Brooklyn, crosswalk.

“They said that counted as the equivalent of going through a red light,” Rowan said. She said she was stunned when the cop handed her a $125 ticket, “I said, ‘I hope you enjoy your next assignment manning the pedestrian barricades in midtown.’”

The mayor brushed off criticism of his policy on April 6, saying: “If you don’t violate the law, you won’t get a ticket. If you do, pay the ticket instead of joining an advocacy group.”

From: “Bicycle Tix Blitz Rolls In”, by James Rutenberg (Daily News, April 6) and “Traffic Dragnet’s Latest Catch”, by Nichole M. Christian (Times, April 7).

Did You Know?

As a bicyclist, you are a vehicle, subject to the same rules as vehicles. The law says:

• Stop at red lights, before the crosswalk
• Ride in the direction of traffic
• Use hand signals to indicate turns
• Have a bell or audible signal attached to the bike.
• Have a front and rear light after sunset
• Hanging on to other vehicles is illegal
• Riding on the sidewalk is illegal
• Wearing headphones is illegal
• Helmets are required on children under 14 years of age.
Bouquets & Brickbats...
Selected Letters to the Bulletin

For Help on the Way...
To the Five Borough Bicycle Club and the New York Cycle Club:
Last Sunday I was in the final Frostbite ride of the season, "Pancakes in Bayonne." Riding along Richmond Terrace in Staten Island, I swerved to avoid a pot-hole, lost my balance and fell, not even gracefully.

Instantly, I was surrounded by a dozen participants. In seconds, not one but three first aid kits appeared. Riders looked after me and my bike. They dressed my cuts and scrapes, waited until it was clear I would not need more attention, checked my bike and helmet for damage, and then the sweep rode me halfway back to the ferry. Later that day, the ride leader called me to make sure everything was all right.

I don't fall often (it's not something that lends itself to practicing), but I hate it when I do. The care and concern shown by you riders made what would have been a disaster had I been alone into merely a nasty spill. I will keep the memory of the good deed done by all of you on the ride. You're good people and you should be proud. I look forward to riding again with BBC and NYCC.

On Advocacy

While reading the April '98 edition of the NYCC Bulletin, I happened across an article (uncredited) encouraging the placement of CityRacks (city-funded bike racks). Bravo. Just the kind of thing the Club should be doing.

Then I read the second paragraph, which went on to say: "Although the NYCC is not an advocacy organization..." Whoa. Let's try that again.

Article I, Section I of our bylaws: "Name and Purpose" says: "The purposes of the Club are to provide bicycling activities for the enjoyment of members, and the furtherance of bicycling as a means of recreation, companionship, fitness, and transportation."

Sounds a heck of a lot like advocacy is our co-purpose with providing "bicycling activities." I don't think this wording leaves any room for doubt. We are an advocacy organization. If we fail to promote cycling and protect the rights of cyclists, it will be hard to have any bicycling activities at all, unless one includes among activities "spinning" classes, sipping lattes and collecting bikes to hang on our walls.

It's all well and good that organizations like Transportation Alternatives and the League of American Bicyclists exist with their primary focus on advocacy. But as a Club, we haven't even made a financial contribution to TA, as Richard Rosenthal's recent letter in Bulletin made clear. That said, isn't it time we stopped complacently planning our social events without being active allies in the fight to make cycling safer, easier and more accessible for us?

It's hard for me to imagine why we are backing away from this important role in a city that has just put its pedestrians behind barricades (so as not to inconvenience motorists) and doubled the number of traffic summonses given to cyclists.

TA and ENY Donations

Thanks to Richard Rosenthal for reminding us of the contributions Transportation Alternatives makes to the New York cycling community (Club Gifts... Feb 11, 1998). I would like to respond to the question "Why wasn't TA even considered for a club donation and what do the organizations that got donations do that made them more deserving?"

I should like to answer by highlighting the positive aspects of the proposal made by the Escape from New York Century committee, and later discussed and approved by the NYCC Board.

Overall, I am proud that we could make use of funds earned through the risk of running the event, and that we are starting to take direct measures to:
- Foster goodwill with organizations that directly impact membership cycling activities,
- Support groups that promote cycling for recreation, fitness, and transportation,
- Provide a more meaningful purpose for future ENY events.

Regarding the two donations mentioned in your letter:
- Parks Department — the donation was to the Riverside Park Fund, which has oversight of Sakura Park (the start/end of ENY), for that park's upkeep.
- Central Park Conservancy — Their role in the operation of the park is greatly expanding. Regarding ENY, we set up a table each summer to solicit riders in a space their crews use as an access point. They have been supportive of our presence. Regarding two donations not mentioned in your letter:
- Central Park Medical Unit: the Park's ambulance service seems an extremely worthy cause.
- North Brooklyn Recycle A Bicycle: this group "teaches inner-city youth the value of cycling and recycling, how to maintain and repair bicycles, how to ride safely in the city and how to contribute to the community." Why North Brooklyn? Their volunteers and high school students participated in last year's event. It also helped us direct some support outside of Manhattan.

By the way, RAB is directly affiliated with TA. The ENY Committee and the NYCC Board were both aware of this, TA assisted my networking with RAB, who expressed no concern over a donation being made directly to the chapter.

Finally, TA runs their century a week or two before ENY. This raises a question as to whether donating from ENY to TA would be a bit redundant.

I am glad the ENY Committee was successful in having its proposal approved by the NYCC Board. I hope it raises continued interest in giving back to the cycling community when funds are available. We also cannot lose sight of using such funds for our members, whether it be for free lunch rides, improved programs or keeping membership fees stable.

Charles Katz

Mr. Katz is treasurer of both NYCC and ENY.

Thanks
Thank you to the wonderful group of club members who sent a get-well card to my wife, who suffered a serious leg injury by falling down some stairs (no, not on a bike). She received a card with about 30 get-well wishes and signatures, many from people she hadn't met before but who realize that the New York Cycle Club is a community of people that share a common bond. Thanks again, everyone.

Zeno's Niño?

Dear Editor,
Two of the club rides published in the April NYCC Bulletin on page 3 appealed to my appreciation of the unusual. It seems that this year the Saturday before Sunday, April 5, fell on two dates, namely April 3 and April 4. This, no doubt, is made possible by a mixture of space/time curvature, proximity to black holes, El Niño, incoming asteroids and Zeno's Paradox.

In my flaming teenage youth, back in 1927, I fell afoul of Zeno on my trusty Hercules "English Racer"; one speed, wood rims and a squeaky side-pull rear brake. Setting out early one morning in June from Brooklyn through Staten Island en route to Philadelphia some 90 miles away, the impossibility of my endeavor began to reveal itself. Trouble was the necessity to first cover half the distance, then half the remaining distance, etc. Same with time. Since I expected to reach Philadelphia in about 10 hours, the same asymptotic squeeze occurred: first half of 10, then half of five... Of course, I never did reach the City of Brotherly Love. Just as well, in those days Philadelphia was closed on Mondays.

Please do not think me ungrateful for the extra time provided by stretching Saturday over two days. If the formula has not been lost, or eaten in an energy bar, I would like to purchase it.

DO NOT TURN RED

MINUTES OF THE NEW YORK CYCLE CLUB BOARD MEETING OF TUESDAY, FEB. 3, 1998

The minutes of the meeting of January 6, 1998, were approved.

In light of the vacancy in the position of A-rides coordinator, the board approved the appointment of Tom Laskey.

There was an extensive discussion of electronic ride listings. It was agreed that before listing rides that would be available only from the Web or e-mail, there would have to be a sufficient number of rides listed in the Bulletin in enough detail for the membership to learn about without further exploration. It was also agreed that electronic ride listings should not include commercial listings. Finally, it was agreed that advertisements would be considered from the club’s website if they were paid for.

Charlie advised that the contributions to the Central Park Medical Unit, the Central Park Conservancy, the NYC Parks and Recreation Riverside Park Fund and North Brooklyn Recycle-a-Bicycle, approved at the prior meeting, had been mailed.

He also discussed his explorations of the club’s tax-exempt status.

The century was discussed. It was agreed that Anne would exercise oversight on behalf of the club. The date for the next century is September 26.

The annual holiday party will be held on December 15. There was also discussion of a barbecue and the Sheffield trip.

Gary discussed the survey. It was agreed that we needed not only a summary of the data but some analysis.

The selection of the new meeting place was ratified by the board.

The meeting adjourned at 8:00 pm.

Respectfully submitted,

Conrad J. Obregon

MINUTES OF THE NEW YORK CYCLE CLUB BOARD MEETING OF TUESDAY, MARCH 3, 1998

The minutes of the meeting of February 3, 1998, were approved.

Joel indicated that the next hybrid meeting would feature a presentation on how to pick a tour, and that the April meeting would relate to bicycle maintenance.

There was a discussion of whether speakers were needed at membership meetings, but the consensus was that the present format has been successful and should not be changed.

It was agreed that a swap table would be set up at the next meeting.

Douglas showed the board samples of the new flier and business card. He also noted Bicycling magazine might feature the NYCC centur-y.

The board authorized racing teams all of whose members are members of the NYCC to use the club logo on their jersey.

Donna indicated that she had revised the method of maintaining the mailing list, and that the website and the answering machine were producing results. The board concurred in her proposal to do a mailing to non-renewing members.

Anne announced that there had been an great response to the Guggenheim trip and that she was planning a dinner at Carmine’s. She was also working on the Sheffield weekend.

Ludwig apologized for the delays with the Bulletin but assured the board that the April issue would be on time.

Gene discussed the development of a millennium jersey. The board agreed that sample ride listings might be placed on the website.

It was agreed that the August all-class ride would feature a barbecue.

The meeting adjourned at 8:30 pm.

Respectfully submitted

A Win For Cyclists!

Richard Rosenthal

Last fall, I wrote Metro–North to complain that I had not been allowed to board a train with my bike in a bag, because I did not have a bike pass on me. I got a gracious letter from Tom Tendy, a customer service person for Metro–North, who agreed that the matter should have been handled differently, with me being permitted to board the train and buy a pass on board.

Much to my surprise, I just got a call from Mr. Tendy, who reminded me of what I had written. It just so happened that the railroad’s new management had decided to implement a policy change that dealt with my concern as a result of that letter.

Hereafter, anyone boarding a train with a bike (during the hours a bike is permitted on board and provided the train is not yet carrying the maximum number of bikes permitted) who does not have a pass will be permitted to buy one on board from the conductor for $5 and the receipt for it will assure him of being able to use it for the return trip that same day.

Furthermore, that receipt can be presented either at Window 27 in GCT or sent to Metro–North Customer Service, 345 Madison Ave., 7th Floor, NYC 10017 along with an application for a permit (that one can get at any ticket window), and that receipt will pay your lifetime permit.

Lastly, Mr. Tendy told me the LIRR and Metro–North have just agreed to accept each other’s bike passes.

The willingness with which Mr. Tendy and his colleagues responded was quite terrific. In fact, he lead off by saying, with self-effacing humor, not all bureaucrats are ineffectual. I thank—thank—thank you notes to him or to his superior, Dan Scannel, Acting President, Metro–North, 347 Madison Ave., NYC 10017, would be politically smart and appropriate.

Before your first club ride, please read this:

NYCC RIDES are led by volunteer leaders who plan the route and maintain the listed speed (e.g. B15 = B Style / 15 mph cruising speed — see charts). Our rides are described by pace and style because it's more fun when the group is of similar ability. We ride for fun, fitness, and food.

RIDE STYLE indicates the type of riding. See chart at right. CRUISING SPEED indicates the ride's speed on flat terrain. AVERAGE RIDING SPEED over rolling terrain is 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. OVERALL SPEED, including all rest and food stops, is about 3 mph less than average riding speed.

SELF-TEST: Assess your personal cruising speed by riding 4 laps (24.08 miles) around Central Park at a comfortable pace and matching your time with the chart. NOTE: Riding fewer than 4 laps will give you a false assessment. (The northern end of the park can be dangerous; ride with other cyclists, and mind the radar-ensured speed limit.)

YOUR FIRST NYCC RIDE: Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won't enjoy struggling to keep up with a ride that's too fast for you, nor will the group enjoy waiting for you. It's a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

BEFORE ANY RIDE: Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat breakfast. BRING: helmet, spare tube, tire levers, patch kit pump, water, snacks, money, medical ID, emergency phone numbers. We also suggest: lock, rail pass. Leaders may specify other items in their ride listings.

BIKE TRAINS: On Saturdays and Sundays, Metro-North has scheduled specific trains to/from Grand Central Station to accommodate large groups of cyclists. Bike trains are indicated by a bicycle symbol on the Metro-North timetable. Schedules change frequently. The following is the most current one available.

Bike passes are always required. There are no Bike Trains on holidays. Refer to roster for restrictions which apply at other times. If you are leading a ride and absolutely require a Bike Train at another time, you must call NYCC's Metro-North liaison, Jeff Vogel at (718) 275-6578 well in advance to try another train for your ride. Bike passes are available at Window 27 at Grand Central or by calling (212) 499-4398 for an application.
