President's Message

I’m dubbing June “NYCC Volunteer Appreciation Month.” After all my whining and moaning about the need for volunteers for club events, presto! A huge number of members came forth to help out at this year’s New York Bike Show. What a great feeling that is for me and I hope for everyone in the club, that we should have so many people willing to sacrifice a few hours to help out the club in non-biking ways. Special thanks go to Cathy Martone who made the arrangements for our space at the show and to Carol Wood who did such a magnificent job recruiting people and coordinating the schedule. If you stopped by our booth at the bike show, you may have noticed a brand new, incredibly attractive and effective club flyer designed by none other than Richard Rosenthal. Thanks once again Richard for sharing your graphic and marketing talents with us.

While I’m on the subject of volunteers, more special thanks goes to Peter Morales for getting us square with Uncle Sam by doing the club’s taxes this year as he did last year. Most people will do anything to avoid doing their own taxes, Peter happily volunteered to do the club’s and he’s not even an accountant!! You’ll also notice the June ride calendar is bursting with rides, there’s that great volunteer spirit yet again. For those who’s spirit was willing but didn’t have the time, or for those who have volunteered and have more spirit in reserve, there will be plenty of other opportunities to help out. In July, there is the free lunch ride. We need people to help pick up and dish out food. And of course in September there’s our premiere event, Escape New York and we’ll need plenty of volunteers for all sorts of tasks. It’s your club, let’s make it the best it can be by everybody pitching in!!!

Still on the subject, but with a slight twist, another one of my favorite whines is Road Dirt. Apparently, all that whining paid off again and we’ve got a volunteer. Unfortunately, if I revealed their identity I’d be punished by being forced to do all of my riding exclusively on 9W, so I will stay mum. The important thing is that we have someone and they can be reached at Roaddirt@nycc.org. If you’ve got a juicy tidbit of gossip, an accomplishment of a friend you want to tout, or just something you’re dying to get off your chest, send it on to Road Dirt. Now that it’s back, let’s take advantage of it.

I was chastised last month by our bulletin editor for blathering on in my column to such an extent that there was no room left for his monthly comments. David, it’s all yours.

- Tom Laskey

Editor’s Note

Well, May has been a month packed with events. The New York Bike show and the Jackson diner indian food event just two of the many May happenings. The memorial day weekend was unforgettable. We’re glad that so many of you participated.

Road Dirt has a new editor and welcome to Dustee Rhodes.

We look forward to the June events, including the Newcomers Ride on June 15 and the All Class Ride on June 23. Participate. After all, it’s your club.

Letters to the Editor

This note is in response to Richard Rosenthal's letter in the April bulletin questioning the wisdom of how the proceeds from the ENY (Escape from New York) ride was distributed.

The decision (by the ENY committee) to dedicate the ENY ride to the victims of the WTC tragedy and to donate proceeds to organizations involved in the relief effort, was made in the days after September 11th. The NYCC executive board as well as most club members readily accepted this decision and, I would venture to say, every ride participant. In fact, we had one of our most successful ENY events to date, with many of the riders there simply because of its dedication.

September 2001 was, to say the least, a very unusual time, and those of us who were involved with the planning of ENY and the decision making are proud of our efforts and our choices.

Yes, Richard, it is true; we are about cycling and we have given in the past to groups where their missions and mandates are to improve the conditions of NY cyclists. And we will continue to do so. In fact, Recycle-A-Bicycle, which received close to 30% of the proceeds of the September 2001 ENY, will be our major recipient for the upcoming September 2002 event.

Recycle-A-Bicycle teaches inner city youth about the value of cycling and recycling, how to maintain and repair bicycles, how to ride safely in the city, and how to contribute to the community.

I therefore invite you Richard to be the first one to register for ENY 2002. Whether you plan to ride or not, perhaps you will find some satisfaction in the fact that your $23 (albeit a “drop in the bucket”) will be going to help your club run this event as well as helping our future cyclists.

Stan Oldak
ENY Committee Chairperson

(Answers in next month’s bulletin)
**Please read this before your first club ride**

**NYCC RIDES** are led by volunteer leaders who plan the route and maintain the listed speed (e.g. B15 = B Style / 15 mph cruising speed - see charts). Our rides are described by pace and style because it’s more fun when the group is of similar ability. We ride for fun, fitness, and food.

**RIDE STYLE** indicates the type of riding. See chart at right. **CRUISING SPEED** indicates the ride’s speed on flat terrain. **AVERAGE RIDING SPEED** over rolling terrain is 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. **OVERALL SPEED**, including all rest and food stops, is about 3 mph less than average riding speed.

**SELF-TEST:** Assess your personal cruising speed by riding 4 laps (244 miles) around Central Park at a comfortable pace and matching your time with the chart. **NOTE:** Riding fewer than 4 laps will give you a false assessment. The northern end of the park can be dangerous; ride with other cyclists.

**YOUR FIRST NYCC RIDE:** Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won’t enjoy struggling to keep up with a ride that’s too fast for you, nor will the group enjoy waiting for you. It’s a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

**BEFORE ANY RIDE:** Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat a breakfast consisting of carbohydrates and proteins. **BRING:** water, sport drink, snacks, water bottle, sunglasses, sunscreen, sunhat. Leaders may specify other items in their ride listings.

**River Road-Bradley-Tweed**

**Leader:** Richard Rosenthal: (212) 371-4700 bikeadman@aol.com

**From:** The Boathouse

This route is gorgeous and challenging. The palisades, the river, waterfalls, wild flowers, sheltering trees, some good climbs, and, best of all, almost no traffic. As always, I’ll be leading from the rear on every uphill. Rain? No. Lunch? Thanks, I’d rather not.

**A18/20**

**Made in the Shade**

**Leader:** Fred Steinberg (212) 787-5204 fsteinberg@nycc.rr.com Hank Schiffman 529-9082 schiffhank@aol.com

**From Boathouse parking lot**

By now, heat and humidity won’t be a novelty, but on this ride it shouldn’t make too much of a difference. We’ll loop Byram Lake, picnic in Mt. Kisco, hiding from the sun all the way to the Croton Dam and the return to Tarrytown (75mi). There’s some hardpack, one long climb and many of hills, most under cover. If it’s cool/cloudy we’ll take a scenic hilly detour into Connecticut. Water stops as needed. Two (2) water bottles required. Due to watershed road closures there will be some additional hardpack. In past years we were well toasted by Tarrytown (‘95 in the shade), bring a Metro North pass just in case. Cancel conditions: The usual.

**Rockaways - Riis Park - Shore Parkway**

**Leaders:** John Polakas 718 875 1935 jpolakas@aol.com David Mandelbaum 212 927 8841 almondtrees@aol.com

**From:** Manhattan side of Brooklyn Bridge-Chambers and Centre Sts. PICK-UPS

8:20 @ Brooklyn Boro Hall (Court and Joralemon Sts.) and 9:45 @ Prospect Park West and 3d St. (just outside the park). The southern shores of Brooklyn and Queens: Brooklyn Hts., Prospect Pk, Brooklyn College, Sheepshead Bay, Plumb Beach, Canarsie Pier, Broad Channel. We’ll enter the Rockaways from the east end via Cross Bay Blvd and head west to Riis Park. Then, over the Marine Park Bridge, Shore Pkwy, Sheepshead Bay

**Rides List**

**Always wear your helmet!** Have the hills kicked your butt yet? Time to kick them back. SIG grads loved this ride and now you can too. This will be a real B-18 pace. Be ready for hills. Water & pocket food recommended before lunch at Runcible Spoon or Skylark. Helmets required. Good attitude recommended. Rain at 8AM cancels. Snow at 8AM, we ride NAKED.

**C14**

**Oyster Bay**

**Leader:** Scott Wasserman (914) 723-6607 or bicyclifecycle@cs.com

**From:** Statue of Civic Virtue (Queens Blvd. and Grand Central Pkwy)

It may take a little more effort to get to the start of the ride but it’s worth it. For those who don’t like the 10 miles of city riding before getting to the scenic parts, this ride avoids most of it. Up to the North shore of Long Island with lunch in a park by the water, even a LIRR train station there just in case. Substantial rain expected cancels.

From: GCT - Train to Poughkeepsie departs approx. 7:49am (precise schedules not yet published ).

So, you think Bear Mtn is a climb? Well, today we’re taking on the Catskills! We’ll head north from Poughkeepsie in pacelines on undulating 9G, then swing over to the west side of the Hudson heading for Palenville. Make a left on 23A, grab some fluids if needed, and get on your climbing shoes! It’s 4.3 miles and about 1500ft of vertical to get to the top. The reward for your effort will be a delicious, revitalizing lunch at “Maggies” in Tannersville. After that, a few rollers, than a 10+ mile, mostly downhill section starts us on our way back. Don’t get complacent, however, as Mohonk (about 2 miles and nearly 1000ft.) looms at around the 90 mile marker. Expect great scenery, some serious climbing, and a long day. Bring (at least) 2 water bottles, pocket food, a bike in solid mechanical condition, and a Metro North rail pass. A minimum 39/25 chainring/cassette combo is recommended. Please confirm ASAP if planning to ride, as Maggies is a relatively small establishment. Good cheer, paceline skills, and fit riders welcomed. If rain or miserable weather is forecast, see the Bulletin Board http://www.nycc.org/bb_frame.html for status of the ride.

New York Cycle Club
Board of Directors Meeting
Minutes
May 7, 2002

The meeting was called to order at 6:48 p.m.

Present: Tom Laskey, Ira Mitchneck, Carol Waaser, Robert Gray, Jon Dindas, John Vazquez, Eileen Crowley, Eva Wirth, David Getlen, Fred Steinberg (via telephone for portion of meeting)

Membership: Eileen reported that we had 174 registration in April (combined renewals and new memberships) bringing the total membership to 1340 as of May 1. The new download system is working beautifully – kudos again to Peter O’Reilly for creating the code to make all that work!

Rides: Fred (via telephone hook-up) reported some problems coordinating rides through the Ride Coordinators – too many rides are being submitted directly to Fred instead of going through the appropriate RC. Suggested we have SIG leaders remind participants to submit through the Rides Coordinator.

Bulletin: The May issue went really smoothly and came out a few days early! We’re trying to have the Roster in the June issue, but it might not make it until July.

Rides (again): We should re-run the ride leader training. Tom will talk to Fred about this. The Newcomers Ride will be on June 15 to Pascack Brook Park. The June All-Class will be on June 23 to Kensico Dam. All rides will try to get to the destination by noon. Plan mileage and start time accordingly.

Special Events: Eva reported everything’s set for the Club dinner at Jackson Diner on May 21. The July All-Class Club-sponsored picnic will be on July 20 (to a secret destination which Eva is arranging). She has already begun looking into restaurants for the December Holiday party.

New Business: Carol asked that we consider what to do about the tremendous turnout for the SIGs this year. (We’re victims of our own success!) Each SIG began with close to or over 100 people – too many to work with effectively and too many for the number of leaders. Should we have some kind of pre-registration and limit the number? If so, should there be some nominal charge for registering, just to make sure people are committed to the series and not taking up a space they later wouldn’t use? There was some discussion, but all agreed it was too soon to make a decision and the subject needed more thought. Also, the opinions of the SIG leaders would be sought.

The next meeting is scheduled for June 4.

The meeting was adjourned at 8:12 p.m.

Respectfully submitted,
Carol Waaser, Secretary
So, the C Sig reached the top of the hill and were looking forward to the descent. But, one young woman was stuck—her brakes were locked, and try as she did, she could not release them or get her bike to roll. Along came Kibbe Payne, who after looking over the situation suggested to the young woman that she turn her handlebars 180 degrees. She did so and lo and behold her brakes were no longer locked, and on she rolled down the hill—to the relief of Jim Janoff, Moral, if you turn the handlebars on a hybrid all the way—180 degrees—there are tire (sic!) consequences.

: Peter Hochstein seems to have overcome his recent vision problem. While he doesn’t lead (temporarily) - he does ride with the C Sig. Hoover for Peter, Oriel Mor, who just completed the A-19 SIG asks, “BTW, can anyone explain to me why my thighs are so stiff???” Despite his broken hip, Stan Oldak is up and walking a bit. In a few weeks he will be back at his pediatric dentistry practice.

Welcome home to Margaret Cipolla and Jeff Vogel—recent returnees from a winter in Costa Rica. Good riding amongst the hills down there we hear. Does anyone know what Chris is Mailing? We wish a speedy recovery to Ed Fishkin’s mother, Shirley! Seen at the May meeting old timer Gary Krzynowek—who former PBPer.

Despite a bad back Fred Steinberg carries on as VP Rides and planning the Sheffield weekend. And don’t forget the assistance for the weekend by Karen Reich, Gerry Wendrovsky and Ira Mitchneck. It is members like they, and Jody Sayler and Christy Guzzetta-creators and producers of the 4th of July Weekend at West Point - that make this club click! And speaking of clicking—How about Hans Schmidt—he took on the task of ordering and distributing club jerseys and other paraphernalia. AND he is doing the electronic mail update each week. Ask not what your cycle club can do for you, but rather what you can do for your cycle club? Thank you Hans!

Coincidences on STS Ride to Poughkeepsie Saturday May 3rd: While Poughkeepsie in 4 hours and 15 minutes, non-stop, averaging 19 mph, into the wind. He is a member of the STS and his rather intense-looking and sooty face was very welcome. Finally, Hank Schaffman and Ian Hughes were cycling south on Park Ave from GCT when a voice called out Hank’s name. It was Meredith Berman, another STS regular who couldn’t get away from work and was also nursing sore knees from a poor bike fit.

How many of you pedal pushers are aware of the tremendous job that Robin Read does maintaining our web site? It doesn’t happen by magic. Thank you Robin!

What Canadian wannabe got left in the Portapotties at GWB on the A-19 graduation ride? And caught up with the group at the Hohokus rest stop?

Peter Kouletis asks? A Siggies Judith Tripp and Charlie Ward have sent us kudos for the A-Sig and its leaders—mentioned amongst others were Jim Galante, Ed Fishkin, Doug Bixby, Marcy Bloomstein, Carolyn Boother, Hubs Dershowitz, Robert Dinkelman, Anthony Donato, David Estrada, Keith Goldstein, Joe Irizarry, Susan Kennedy, Rob Kohn, Ray

THE SIG GRADUATION DINNER

Break out the caps and gowns!! Strike up the band!! Make sure you have film in your cameras, because it’s graduation time! That’s right...after months of training, riding, learning and having fun, the annual SIG series have come to a close with the completion of the graduation rides. The leaders of the “A Classic”, “A-19”, “B”, and “C” SIGs have all reported record size graduating classes and we are all looking forward to getting together as a big group, sharing stories, and celebrating. We will begin with a happy hour at 6PM, which is a good chance to buy your leaders a drink as a thank you ;-) A buffet dinner will follow at 7 and then the leaders of each group will have a little while to make presentations. If you completed a SIG this year, this is an event not to be missed. If you didn’t, please come on down and share what promises to be a very celebratory night with your fellow NYCC members.

So please join us on Tuesday June, 11 2002 @:
