‘June is busting out all over’

As I write this message we are still several weeks away from our Memorial Day weekend in the Berkshires. And if past years are any indication, I’m sure it will have been a great weekend with lots of super riding and good company. Much thanks go to Fred Steinberg, Liane Montesa, Reyna Franco, David Sabbaresen and all the ride leaders for making it all happen.

There is lots more good stuff coming up in a busy June. Our first all-class ride of the season happens this month. On Sunday, June 12 we ride to Valhalla for a picnic lunch by Kensico Dam. And, yes, lunch is on the club. And then Sunday, June 26 is this year’s Newcomer’s Ride. For newcomers or oldcomers, all are invited on this lovely ride to Pascack Brook County Park in Westwood, NJ where we’ll enjoy lunch by the lake and some prizes to be raffled off.

Into ‘highbrow’ music? Can’t afford a ticket to the Metropolitan Opera House? Join us on the Great Lawn in Central Park for an evening of opera under the stars on Wednesday, June 15th. Details can be found elsewhere in this bulletin, in your club weekly e-mail and on the club’s website.

And what would the beginning of July be without a NYCC jaunt up to West Point for Independence Day weekend? As usual, we will stay at the famous Thayer Hotel on campus. We’ll enjoy a wonderful picnic on one evening and dinner while cruising up the Hudson on our own boat with dancing to a live band on the other. And of course, there is always lots of great bike riding. Spaces are limited. This event sells out almost every year. Information and details on how to register can be found on page 7.

A word about our new club socks: many of you may have already seen them on the road or at the Bike Show in May. The design is by our very own Viviane Tubiana and printed on DeFeet Air•E•Ator® socks. Interested in getting a pair? They are only available at our monthly club meetings at just $6 a pair. I guess you will just have to ‘break down’ and come to Annie Moore’s on a second Tuesday of the month!!!

And a word about our new club jersey: yes we do have a new design, and as we speak it is in the hands of the manufacturer. Look for information to soon appear in your weekly club e-mail.

Finally, on a very sad note, on April 30 a family in Staten Island lost a son and brother, and we lost a friend and riding buddy. Those who knew Jerome Allen describe him as a kind man who was always friendly, helpful and generous, and someone who loved cycling. Jerome, while doing what he loved so much, was killed by a driver wielding his SUV. When will it ever end? We will miss you Jerry, and may you rest in peace.

Everyone have a good, safe month.

Stan Oldak

Special Event

Metropolitan Opera on the Gt Lawn

Bring your beach chairs and blankets, Pinot Grigio and bread and cheese on Wednesday, June 15th at 8pm (rain date: Thursday 16th), and let’s sit outside under the stars and listen to the world’s greatest opera company perform its annual free concert series in the park. The evening’s program features selections from Saint-Saëns’ Samson et Dalilah. Volunteers will be needed during the early afternoon to secure a perimeter. We’ll hoist a distinctive shark-shaped kite to serve as a marker. If you can help, please contact Dave Sabbaresen at events@nycc.org or call him during the day at 212-756-3209.

Leader: Linda Wintner, lwintner@metlife.com, 212-876-2798
From: Engineer’s Gate, 90th St and East Drive
Please join me for training laps in the Park. We’ll concentrate on building up endurance, form, and good group riding etiquette. We’ll also do hill repeats. I’ll teach pacelining for people who don’t know how to do it. I’ve done these rides for several years and they’ve always been fun, so I hope you’ll join me. Please check the weekly e-mail listings and message board in case I need to cancel or change anything at the last minute (which I rarely do). Cancellations: Precipitation and/or wet roads.

Wednesdays in June

A21++ 55± miles 10:00 am Wednesday Morning Spin
Leader: Jeff ‘El Jefe’ Vogel, jeffvgl@yahoo.com; 718-275-6978
From: Central Park Boathouse
Join us for a fast-paced, occasionally co-operative group ride, always to Nyack (usually 505 up, 9W return). There is often a slower group too. The ride will get faster as the weather improves. We have no silly requirements and you should know what cancels for you. Also, please check the NYCC Message Board. If the forecast for Wednesday is miserable, we’ll try to move the ride to Tuesday or Thursday.

A18 30± miles 6:30 pm Urban Adventure
Leaders: John Zenkus, jjz2116@aol.com, 917-617-0901; Craig Breed, craigbreed@breakthroughcapital.com, 917-502-2112
From: Central Park Boathouse
Meet 6:30 pm every Wednesday for an ever-changing exploration of New York City and its environs. Depending on time of year, expect a two to three hour non-stop ride. Required will be some sort of fat-tire bike, good handling skills and a helmet. The route may include cobblestone, rough roads and occasional off-road – where we can find it. Lights required. While not fast-paced, those participating should be able to maintain 18 MPH flat speed riding a fat-tire bicycle. This is an all-four season ride. Post ride dinner is always an option.

Saturdays in June

A19 57 miles 8:30 am River Road-Bradley-Tweed-Eisenhower
Leader: Richard Rosenthal, r@ro-ads.com, 212-371-4700
From: Central Park Boathouse
It’s gorgeous. It’s astonishingly free of traffic. And it’s as challenging as hell for me because there are hills and I can’t ride uphill. If you haven’t yet discovered Eisenhower, you’re in for a bit of work. No lunch stop. Brief snack at Mile 31. Home by around 1:15. Note: This ride is clearly A-+. I emphasize the MINUS. I’m old. Another thing: I don’t do rain.

A19  70+ miles  9:00 am  Fixed-Gear-Single-Speed Ride (Bedford)

Leaders:  Sal Cenatiempo, spcena@hotmail.com,  917-302-2327; Mordecai Silver, msliver@iso.com, 212-677-3596
From: Central Park Boathouse

The weather is warm, daylight is long, and your geared road bike is probably your choice for ‘epic’ rides. Well, that doesn’t mean your fixed-gear should be collecting dust. After all, remember that winter, prime season for some fixed-gear bikes, is just around the corner. How’s that for a cheerful, optimistic outlook? Join us as we venture into Westchester County on a challenging and scenic route to Bedford. No major climbs or descents, but once we leave the city, not many stretches are really flat. In our opinion, tackling the undulating Westchester terrain on one gear is much more fun than riding on the flat. Lunch on the green in Bedford. Return is via Metro-North from White Plains, so bring your train pass. Those who are greedy for miles are welcome to ride back to the city. For fixed-gear riders, a front brake is encouraged.

B16  42 miles  9:30 am  I Brake for Beer

Leader:  David Sabbarese, dsabbarese@firstmanhattan.com, 212-756-3209. From: Central Park Boathouse

We’ll have lunch either at Totonno’s famous pizzeria or Nathan’s Famous hotdog stand, depending on group preference. Bring a helmet (mandatory), lock (suggested) and beer money (optional) for those who wish to quaff suds in an East Village German beer garden after the ride. For those wishing to jump on board in Brooklyn, we figure to be by the Picnic House by around 11:00 am or so. Lousy weather cancels, like it did for this ride in May.

C12-13  35 miles  9:30 am  Eagle Rock and the Presby Iris Gardens

From: WTC PATH station – 3rd level down at the Ticket machines

Access from the A,C,E trains and N, R trains as before. We take the PATH to Newark and ride through the lovely towns of South Orange and Milburn, tarrying at the latter briefly. We will then head up through Brookside (Mountain reservation) park, up, up, up, to the spectacular Eagle Rock and admire the splendid views of Manhattan, Newark, Brooklyn and beyond. We will picnic at the heights and head for the Presby Iris Gardens in Upper Montclair. They should be in bloom at this time. Helmets and observance of Club riding etiquette required. From: Central Park Boathouse

Hopefully the season will have caught up to the calendar and heat and humidity won’t be a novelty. In any event, most of this ride is in the shade. That doesn’t mean flat. There’s a scenic, hilly detour into Connecticut, around Byram Lake and a picnic lunch in Mt. Kisco. Then a loop around Croton Reservoir and long climb up Pine Bridges Rd. As always the route will differ from prior years based on road closures and the weather forecast. There will be some hardpack, but not the single track around Croton Dam. Water stops as needed. Bring a Metro North pass. Cancellation will be posted on NYCC msg board by 7AM, or call Fred.

From: Engineer’s Gate, 90th St and East Drive

Geez, 5:00 am. C’mon, it only happens once a year. And it is the longest day of the year. It’s the fifth Annual longest day of the year ride. Start at 5:00 am from Engineer’s Gate. Over the GW Bridge, up River Road, north on 9W, through Piermont for a 15 minute coffee break at the Runcible. Return home the same route. Should be home before 9:00 am. All right, so we’ll be a little late for work; it is the longest day of the year after all. See 5:00 PM for the second half of the summer solstice double half century.

A20/22 52 miles 5:00 pm 2nd half of the summer solstice double half century

This is the 2nd part of the longest day of the year double half century ride. Be on time; we are gone at 5:01 pm. Same route as this morning’s 5:00 am ride – over the GW Bridge, River Road to 9W, through Piermont for a quick 15 minute coffee break at the Runcible Spoon. We should have no trouble getting back home by 9:00 pm. Because it’s the longest day of the year, lights will not be required. We’ll have a quick dinner somewhere in Manhattan upon our return. Special prize for those who make both rides.

Leader: Mark Loftis, mark@prodigy.net, 212-866-5824

You’re free to join Christy and Jody for their afternoon ride. I won’t be there. Check the message board for updates and come equipped with food, liquids, money, and a Metro-North bike pass, just in case.

Finally, when you thought you’d seen it all, there will be Mohonk. If a consensus is achieved, there will even be a post ride dinner just outside of Poughkeepsie. What a way to spend a (long!) day. Bring a bike in good mechanical condition, 2 waterbottles, a helmet, pocket food, a Metro North Pass, good cheer and tenacity. You’ll definitely sleep well after this one!

Jerome Allen Memorial Ride

It was hard to judge the numbers, but what looked like around 100 cyclists braved an unseasonably cool, Sunday morning, on May 22 to pay their respects to a fallen, fellow cyclist.

What would normally have been the Staten Island Bicycle Association’s (SIBA) annual Tour de Staten Island had been changed to the Jerome Allen Memorial Ride.

Riders met by Borough Hall in St George and rode the 12 or so miles to the spot where Jerry, as he was more widely known, was knocked off his bike at around 7:19 on the evening of April 26 by an SUV, driven by 23 year-old Anthony Tasso. Jerry was riding along Hylan Boulevard, heading north, towards the Verazzano-Narrows Bridge.

At the site of the tragedy, on Hylan Boulevard, between Lipsett and Poillon Avenues, riders joined Jerry’s sister Yvonne Allen Goodwin and his niece Karen Goodwin for a short memorial ceremony, where a minute’s silence was observed. Ronald Schwartz, president of SIBA stood on a step ladder and spoke into a portable public address system and said: “We are here to remember his life, our times on the road with him and commemorate his love of life and cycling, and to grieve the fact he was taken from us.”

And part of a poem, written by a friend of Jerry, Patricia Marceante, was read out before the minute’s silence was held.

Several riders wore commemorative white jerseys over their cycling jerseys, with Jerry’s picture on the front.

News of Jerry’s death shocked cyclists around New York, both those that knew him well and riders generally. And it sparked a sense of outrage that the initial reports stated that the police could find no fault with the driver. Cyclists could not believe the reports claiming that Jerry was not wearing a helmet at the time. Those that rode with him were adamant that for Jerry not to wear a helmet would have been entirely out of character.

Having seen just how wide a stretch of road Hylan Boulevard is at the point where Jerry was struck, many – myself included – found the press reports of the accident utterly unbelievable.

During the ceremony, the police directed traffic safely around those gathered to pay their respects and escorted riders back to Fort Wadsworth for a pancake brunch. Some riders chose to ride what would have been the Tour de Staten Island route, but many went for the pancakes and some headed back for a ferry to Manhattan.

I spoke to several riders as we rode north after the ceremony, under police escort, many of whom I did not know, but they all expressed the hope that the police would investigate the crash properly. And many urged me to do all in my power as bulletin editor to help bring that about.

Certainly, the police officers patrolling the event and escorting riders could have been left in no doubt as to the strength of feeling among the riders who paid their respects to Jerry.

I never knew Jerry, but his face looked familiar. I must have seen him at NYCC events. Jerry lived, breathed, ate and drank cycling and was a member of the NYCC, SIBA and the Five Borough Bicycle Club. He will be sorely missed.

Please read this before your first club ride

NYCC RIDES are led by volunteer leaders who plan the route and maintain the listed speed (e.g. B15 = B level at 15 mph cruising speed — see charts). Our rides are described by pace and style because it’s more fun when the group is of similar ability. We ride for fun, fitness, and food.

RIDE LEVEL indicates the type of riding. See chart (right). CRUISING SPEED indicates the ride’s speed on flat terrain. AVERAGE RIDING SPEED over rolling terrain is 3mph less than cruising speed. This will vary plus or minus 1mph, according to terrain. OVERALL SPEED, including all rest and food stops, is about 3 mph less than average riding speed.

SELF-TEST: Assess your personal cruising speed by riding four laps (24.08 miles) around Central Park at a comfortable pace and matching your time with the chart. NOTE: Riding fewer than four laps will give you a false assessment.

YOUR FIRST NYCC RIDE: Be conservative. Choose a ride easier and shorter than you think you can ultimately handle. You won’t enjoy struggling to keep up with a ride that’s too fast for you, nor will the group enjoy waiting for you. It’s a good idea to call the leader a day or so before the ride, and introduce yourself when signing up at the start.

BEFORE ANY RIDE: Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat a nutritious breakfast. BRING a spare tube, tire levers, patch kit, pump, water, snacks, money, medical ID, emergency phone numbers. We also suggest lock and railroad pass. Leaders may specify other items in their ride listings.

BIKE PASSES are always required on Metro-North and the LIRR. Bike passes good for both Metro-North and the LIRR are available at Window 27 at Grand Central or any window at Penn Station, or by calling (212) 499-4394 or (718) 558-8228 or by visiting http://www.mta.nyc.ny.us/mnr/public/bicyclep.htm for a printable application form to mail in.

SIG Graduation

The cheers will go up as we honor and award our A, B and C-SIG graduates at this annual event. The endorphin levels will be high and excitement will fill the room. You can expect to hear some juicy stories about participants, their leaders and the behind-the-scenes hijinks that occurred in the Class of 2005. This year’s graduates have trained, learned new skills, toiled and given a lot of sweat to finish the program. This evening we salute our SIG graduates and their tireless leaders who have bonded into a confident, smooth functioning team and become the kind of riders that everyone wants to ride with.

Our Keynote Speaker, Deirdre Murphy, will add a Shamrock to the excitement! In 1992, at the age of 33, while working on Wall Street Deirdre started racing bicycles and training in Central Park. She found success quickly with victory in the 1993 New York State Championships during her first full racing season. Three more consecutive NY State Championship Titles would follow.

In 1997, she won the women’s World Masters Championship. She is a seven times World Masters Medalist, two times US National Masters Champion, and 11 times US National Masters Medalist. Deirdre has won over 80 races. In 1999, Deirdre became the first woman to qualify for and represent Ireland for cycling in the 2000 Olympic Games in Sydney, Australia.

Deirdre works as a cycling coach and race commentator. She is founder and executive director of Star Track, a free youth cycling program for inner city kids. Deirdre is a member of NYC 2012’s Circle of Olympians, helping to promote New York’s bid to host the Olympic Games in 2012.

Note: Due to the length of the program and the huge crowd anticipated, we will not have a bike shop sponsor or swap table this month. They will resume in July.

Time: Social hour with cash bar starts at 6 PM; dinner at 6:45 PM. Program runs from 7:30 to 9:30. Those who do not wish to take part in the meal, come after 7:15 PM.
