Summer has come and gone. Now it is time to get ready for fall — my favorite season and perhaps the most beautiful time to ride in our area. There are still plenty of rides on the calendar for you to enjoy and we’re always looking for people to volunteer to lead rides, too. If you are close to leading the number of rides needed for the 'Ride Leader Award', consider leading a few more rides to comfortably earn your NYCC swag!

With summer vacations mostly distant memories, I wanted to fill you in on a biker’s paradise that I recommend visiting sometime in the future. In the heat of August, I traveled with my wife, daughter, and in-laws to Acadia National Park in Bar Harbor, Maine, approximately 500 miles northeast of New York. While temperatures in New York were in the high 90°s that week, temperatures in Acadia peaked in the 70°s which was perfect to explore the mountains and rocky coastline on two wheels. Acadia’s main road, Park Loop Road, is 27 miles of two-lane one way roads covered with smooth, fast pavement. The speed limit is 35 mph for the cars and the numerous RVs, but few cars reach that speed limit because of the windy roads and breathtaking views. The highest point in Acadia National Park – and for the United States’ eastern coast, for that matter – is Cadillac Mountain, 1530 feet above sea level and a 3.5 mile ascent to the summit.

In addition to the ample road biking opportunities, Acadia has 45 miles of Carriage roads – 16 feet wide trails made of smooth hard-packed crushed stone – which are perfect for exploring on a mountain or hybrid bike. Built by philanthropist John D. Rockefeller Jr. in the early 1900s, these roads are still perfectly maintained and connect all of the key points of Acadia National Park for hikers and cyclists. During my visit, we took several boat trips – one on a former lobster boat – in the waters off the coast which supply the majority of lobster to the country. Eating fresh lobster, crab, or fish every day and stargazing up to millions of stars every night – whose existence living in the light-polluted New York City has almost made me forget – Maine is a fantastic place to recharge your batteries. My wife's family has been making the trip every summer for over 30 years, and I will be sure to return as often as I can too! If you ever have the opportunity to visit, I highly recommend it.

September 2007 Special Event

Take me out to the Ball Game, a real family friendly event.

Friday September 28, 2007 7pm-?
NY Mets vs. Florida Marlins
Shea Stadium

Take the #7 to the Willets Pt./Shea Stadium stop

They are hot. NYCC has arranged to get unbelievably cheap tickets, up high, behind home plate to see the Mets beat the Florida Marlins. Long a traditional battle, it will be a great game and just as the pennant race is beginning to heat up. Join us in the upper deck, kick back with a hot dog & a brewskie (or two) and watch, cheer, yell, booooooo [if they still allow that?]. The price is a measly $13.00, and THERE IS A LIMITED NUMBER OF TICKETS that will go quickly. The Yankee tickets sold out immediately [go figure]. Get this, the Mets will welcome the NYCC with an announcement on the center field scoreboard. (If we all wear our club jerseys I bet we'll even be on TV!) Go Mets! Yeeesss, NYCC!

Please be advised that due to security concerns, briefcases, backpacks, etc., are NOT permitted to be brought into Shea Stadium. The tix will be available to members on a first-come, first-served basis from Hal Eskenazi. Reply to events@nycc.com upon which you will receive a return e-mail informing you to send a check & self addressed, stamped, envelope within 7 days to reserve your ticket.

A number of people new to the club have said to me they haven't participated in events because they say 'I didn't know anyone.' Participate and you will not be left alone." I promise you will know everyone by the end of the evening.

Getting There: Your choices:
Meet Hal Eskenazi, 6pm, at Grand Central Information Booth to take the #7 train.
Bike it, Shea has bike parking. On your own. We'll see you at our seats.

Join a bunch of your friends at the NYCC September Special Event
It won't all be serious. We'll have some fun. We always do!
It's your club - participate!
There are 13 positions on the Club Board of Directors: President, VP of Programs, VP of Rides, Secretary, Treasurer, Public Relations, Special Events, Membership, A-Rides Coordinator, B-Rides Coordinator, C-Rides Coordinator, Bulletin Editor and Webmaster. All positions are open for anyone to run for the 2008 Board.

Some current Board members have expressed an interest in remaining on the Board, but some of the current Board will be retiring at the end of 2007.

If you have an interest in volunteering for a Board position or any questions about what a position entails, please contact Carol Waaser at biker-c@rcn.com. Nominations will officially open in September, but it’s not too early to express interest.
NYCC ride listings guide

NYCC rides are led by volunteer leaders. The leaders plan the route and maintain the listed speed. We list rides by level and cruising speed classifications in order to help members find rides in groups of similar ability. The pace and style of the different levels may vary, but rides all share the common objective of riding for fun, fitness and food.

Ride classifications: All rides are classified according to level and cruising speed. The levels are as follows:

<table>
<thead>
<tr>
<th>Level</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Fast, vigorous riding with advanced bike handling and paceline skills required. Stops every 2 hours or so.</td>
</tr>
<tr>
<td>B</td>
<td>Moderate to brisk riding with attention to scenery. Stops every hour or so.</td>
</tr>
<tr>
<td>C</td>
<td>Leisurely to moderate riding at a gentle pace. Sightseeing and destination oriented (a good introduction to the club). Stops every half-hour or so.</td>
</tr>
</tbody>
</table>

A number following a letter indicates the target cruising speed on flat roads: e.g. B15 = B level at a 15 mph cruising speed. Cruising speed indicates the ride’s speed on flat terrain. Average riding speed over rolling terrain is generally 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. Overall speed, including all rest and food stops, is about 3 mph less than average riding speed.

Self-test: Assess your cruising speed by timing yourself on a four-lap ride of the complete oval in Central Park (24.4 miles). Ride at a comfortable, sustainable pace. Fewer than four laps will give a false assessment. Find your time below and note the cruising speed.

Your first NYCC ride

Be conservative: Choose a ride easier and shorter than you think you can ultimately handle. You won’t enjoy struggling to keep up with a ride that’s too fast for you, nor will the group enjoy waiting for you. It’s a good idea to call or email the leader a day or so before the ride and introduce yourself when signing up at the start.

Before any ride: Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat a breakfast consisting of carbohydrates and proteins.

Bring: a spare tube or two, tire levers, patch kit, pump, water, snacks, money, medical ID, emergency phone numbers and rail pass. We also suggest that you bring a lock. Leaders may specify other items in their ride listings.

Lead a ride

Pick a date, pick a pace, pick a destination, pick a route, write it all up and submit to the appropriate ride coordinator (listed below) by the second Tuesday of the month before you want to lead your ride.

A-rides: Terry Hildebrandt, a-rides@nycc.org

B-rides: Kay Gunn, b-rides@nycc.org

C-rides: Scott Wasserman, c-rides@nycc.org

Lead enough rides during the year and you qualify for a special prize (given out in December):

3 rides = NYCC water bottle

6 or more rides = NYCC t-shirt

12 or more rides (1st time) = NYCC Ride Leader’s vest (you can’t buy one of these—you have to earn them).

12 or more rides (2nd time) = any club garment of your choice.

PLEASE NOTE: Metro-North requires prior notice for large groups (16 or more) on scheduled Bike Trains (Bike Trains are indicated by a bicycle symbol on the printed Metro-North timetables) and groups of three or more cyclists on a non-bike train. When you submit a ride involving Metro-North to a ride coordinator, at the same time shoot an email off to our trusty Metro-North liaison, Hank Schifman, at hshifman1@nyc.rr.com. He will manage all the details but he can not do it on a piecemeal, last minute basis.

Bicycles and trains

Bike trains: On Saturdays and Sundays, MetroNorth has scheduled specific trains to/from Grand Central Station to accommodate large groups of cyclists. Bike trains are indicated by a bicycle symbol on the printed MetroNorth timetables. Schedules change frequently. There are no Bike Trains on holidays. Refer to the NYCC roster for restrictions which apply at other times.

Bike passes: are always required. Bike passes are available at Window 27 at Grand Central or by calling (212) 499-4394 or (718) 558-8228 for an application. Also try www.mta.nyc.ny.us/lirr/pub/bicycelp.htm

Schedules: Here are some commonly used departure and return times for weekends effective Monday 23 April 2007. Contact Metro North for the most current and complete schedules at: http://www.mta.info/mnr/html/planning/schedules/index.html

Saturday, September 01, 2007

**A19/20+ 80/90+ 7:15 am**

**Mohonk Clove Valley Minnewaska Cragsmoor**

Leaders: Fred Steinberg, fsteinberg@nycc.org, 212-787-5204; Gerald Seppey; Tim McCarthy, timothy@cleanhands.net; Hank Schiffman, hschiffman1@nyc.rr.com

From: Grand Central Terminal, Information Booth

The annual Labor Day Saturday Gunk Classic-revised. Meet at GCT at 7:15am, buy a one way ticket to Poughkeepsie, 7:55am train. That’s right we’re starting in Poughkeepsie and finishing in Beacon. We still climb Mohonk, Clove Valley / Minnewaska, lunch in Kerhonksen, then climb Rt52 for a visit with the hang-gliders or the alternative climb up to Cragsmoor via S. Gulley Rd. The new return takes us to Beacon through OC farmlands and historic Montgomery. The old return via Wallkill is 77 miles. Lots of climbing, stunning views, little traffic. Bring MNRR pass, carfare ($23.00), helmet, etc. Weather in Poughkeepsie/Beacon is key. Check NYCC msg board after 6:00 am for updates, etc or call 917-572-8926

**B16-17 90+ 9:00 am**

**A Rosenthal Century**

Leader: Neile Weissman, soupstone-at-mindspring-dot-com

From: 2nd Avenue & 5th Street

Across the Bronx and into Mamaroneck before an eclectic trajectory into Tarrytown. We reverse the arc with a flat spin to Larchmont and a hilly negotiation of Yonkers before ending at a subway in the Bronx. Optional mileage back to Manhattan should get us the century. 4,000+ feet climbing.

Multiple bail points as a hedge against bad weather or for those who just want a shorter ride. Bring Metro North/LIRR train pass.

No paceline but we ride together at a disciplined pace. Message leader if you’re on. Include a cell if you have. Ride will happen if weather permits and three or more RSVP. Check message board for ride status.

Sunday, September 02, 2007

**A19 30 mi 8:00 am**

**A Sunday Morning Quickie**

Leader: Richard Edmonds, richard.edmonds@ny.stemcor.com

From: Soldiers’ & Sailors’ Monument, 89th Street & Riverside Drive

Kids who need your undivided attention? Your spouse complaining about how long you spend on the bike? Errands to run?

How about a quick 30 miles on a Sunday morning? GWB, River Road (if clear) and back via 9W. No food stops, just a quick bathroom break at the Alpine Police Station if needed. We’ll be back by 10:30. Usual cancels.

**B16 50-60 9:00 am**

**Jay’s LoHud Series/West Bank Vistas**

Leader: Jay Jacobson, joanandjay@aol.com, 845-359-6260

From: Eleanor Roosevelt statue, 72nd St and Riverside Drive

Bicycling Magazine (July, 2007) named this ride as one of the “great club rides” in the U.S. Specific destination will be determined by abilities and wishes of riders but will be in the general direction of quaint rivertowns of Piermont/Nyack. Routes may include: Esplanade/Rio Vista, River Road, Claussland & Tallman Mountains, Bradley, Tweed, Christian Herald/Storms and/or the newly paved Smultimillion Orangetown railtrail. Some hills, but we will patiently wait for slower riders. Stunning scenery and riv vus guaranteed. A brief stop at a mini bike/touring museum may be included. Please ride single file in Nyack, Grand View & Piermont.

Monday, September 03, 2007

**A19 100 mi 7:45 am**

**Sea, Mountains, Farms & Rivers: Westport to Poughkeepsie**

Leader: Carl Kulo, ckulo@earthlink.net, 646-644-8477

From: Grand Central Terminal, Information Booth

Meet at GCT at 7:45am, buy a one way ticket to Westport (New Haven Line), 8:07am train.

We’ll start this unique ride along the L.I. Sound shore before heading north into the rolling and wooded CT countryside. Then we get into more serious climbing through the scenic Berkshires of Litchfield County. We’ll then cut west across Dutchess County farm country, and end by the river at Poughkeepsie for our train back to NYC.

If weather is an issue, check NYCC msg board after 6:30am for updates, etc or call 646-644-8477. Bring MNRR pass, helmet, water, etc.

Wednesday, September 05, 2007

**B16 50 mi 9:30 am**

**Wed River Road B Ride**

Leader: Maggie Schwarz, mschwarzyn@aol.com, 212-206-7672

From: Eleanor Roosevelt statue, 72nd St and Riverside Drive

This is a casual ride up River Road to Piermont or Nyack, depending on our schedules, for lunch.

We are usually back on the NYC side of the GWB by about 2:30 pm.

Ground rules are that you sign up on the message board the day before, then check back later that evening to see if we’re ON. ON means 2 of you, plus me, for a total of 3.

| From: Eleanor Roosevelt statue, 72nd St and Riverside Drive |
| We’ll have a lovely ride through NJ and up South Mountain Road to the Orchards. Lunch will be at Dave’s Bagels a mile past the Orchards, and we’ll stop at the Orchards on the way back for cider. Then we will enjoy the exhilarating downhill of South Mountain Road. Although part of the ride will be on flattish/rolling terrain, South Mountain is a definite challenge and we may take 9W back, which is another serious challenge. Be prepared for a long but pleasant day and a good workout. Cancell: precipitation or imminent threat of precipitation (check the Message Board or call one of the leaders if in doubt). |

| Intermediate Level Mtn bike ride at Huber and Hartshorne Woods in Neversink Highlands of NJ. We’ll take 9:07am North Jersey Coast train to Middletown, NJ. After a few miles on roads, we’ll ride the trails at Huber Woods. Then we’ll ride the sweet singletrack of Hartshorne, including “Laurel Ridge”, “Grand Tour”, and “Rocky Point” trails. Post-ride options include lunch and visit to Twin Lights and the Sandy Hook N.P. bike path and beaches. Will return on the scenic Seastreak ferry ($24) to NYC. Expect a full day. Must have good fitness level, mtn bike with knobby tires and suspension, and basic comfort with off-road singletrack trails. (Speed noted is on the access roads: trail riding is, of course, much slower) |

| Leader: Maggie Clarke, mclarke@hunter.cuny.edu, 212-567-8272 |
| From: Dyckman & Broadway, Manhattan (Ring Garden). Meet at the park benches at the RING Triangle garden (Take the “A” train to Dyckman/200th and cross 2 streets to the opposite side of the intersection) |
| This is the latest variation of my beach ball ride. This time we take less time to get to Rye, still going through manicured burbs of lower Westchester to lunch at Rye Playland, an old-style amusement park with a nature preserve attached at one end and a town park and beach at the other. Depending on interest of the riders, we’ll stroll through the amusement park, and maybe some of the nature preserve after lunch at the town park, then back home via a shore-hugging route and the North Bronx Bikeway. |

NYC Greenwich Stamford Bedford Hills Peeksskill

Leader: Robert Shay, RobertCShay@aol.com, 203-722-1487

From: Central Park Boathouse, parking lot

This is a one-way ride to Peeksskill. Leaves the Boathouse and travels through the shaded rolling hills of New York and Connecticut. We’ll ride through Scarsdale, past the mansions on the quiet roads of Greenwich (some roads will make you feel like you’re riding a roller coaster), up into the hills of Stamford, through Pound Ridge, down through Bedford Hills, along the Croton Reservoir (for 7 miles) and into the town of Peekskill. Bail out at mile 60 - Bedford Hills RR station.

Faster and slower riders are welcome if you are comfortable riding alone with a cue sheet.

Two very brief deli/restroom breaks - Rosedale and Bedford. Cue sheet and topographical map in NYCC ride library. Search under: Shay, 5,400 feet vertical, 633 max. elevation, 6.4 feet min. elevation. Chance of rain greater than 30% cancels. Metro North bike pass and one way train fare required.

A Sunday Morning Quickie

Leader: Richard Edmonds, richard.edmonds@ny.stemcor.com

From: Soldiers’ & Sailors’ Monument, 89th Street & Riverside Drive

Kids who need your undivided attention? Your spouse complaining about how long you spend on the bike? Errands to run?

How about a quick 30 miles on a Sunday morning? GWB, River Road (if clear) and back via 9W. No food stops, just a quick bathroom break at the Alpine Police Station if needed. We’ll be back by 10:30. Usual cancels.

B16 43 mi 8:15 am

The Estate Tour

Leader: Pat Mullen, slipstream1@verizon.net,(H) 718-894-3333, (C) 212-466-9330; Susan Rodetis (H) 212-288-9663 (C) 347-306-5444, srodetis@emailink.net

From: Grand Central Terminal / 8:37 am Stamford bound train arriving in Greenwich @ 9:28.

Very Hilly (mostly short hills), with climbing at a moderate pace. We will cycle past miles of estates on scenic secondary roads that are mostly tree shaded and lightly traveled. This is a very pretty and fun ride, on roller coaster like roads. Lunch in Bedford. Metro North bike pass required.

C12-13 50 mi 7:45 am

Connecticut Fields: Fairfield or Ridgefield

Leader: Marilyn & Ken Weissman, mollynina@yahoo.com, 212-222-5527

From: Grand Central Terminal, Information Booth

If expected high is below 78, ride is probably RT Noroton Heights/Fairfield; if above, ride is probably RT Noroton Heights/Ridgefield. Either way, we’ll take the 8:07 AM bike train for this relaxed, touristy, multi-turn route; best enjoyed by more experienced riders.

Wednesday, September 26, 2007

B16 50 mi 9:30 am

Wed River Road B Ride

Leader: Maggie Schwarz, mschwartzny@aol.com, 212-206-7672

From: Eleanor Roosevelt statue, 72nd St and Riverside Drive

This is a casual ride up River Road to Pierrmont or Nyack, depending on our schedules, for lunch.

We are usually back on the NYC side of the GWB by about 2:30 pm.

Ground rules are that you sign up on the message board the day before, then check back later that evening to see if we’re ON. ON means 2 of you, plus me, for a total of 3.

Billy Goat Hill Climb Series - Week 2

Leaders: Kevin Cruickshank, kevinnyc@mac.com, 917-753-8345; Ron Gentile, gentilerio@sullcrom.com; Joe Stephen, bokononist9@gmail.com

From: Base of Skyline Drive

Put your climbing skills to the test by timing yourself against the best. Week two of this three-week series starts at the south end of Skyline Drive under I-287, and ends 605 vertical feet later. Each participant will ride uphill against the clock. Prizes will be awarded to the fastest climbers each day, and to the participant who completes the full series with the lowest cumulative time.

B15 50? 9:00 am

Tarrytown and Pocantico Hills

Leaders: Reginald Johnson, rabjohnson@optonline.net, 917-825-0952; Tonya Johnson, bikin-tonya@yahoo.com, 718-828-5369

From: Woodlawn, Bronx (Jerome and Bainbridge)

Join us on a moderately hilly ride to bucolic Pocantico Hills. The ride starts at the last stop on the #4 Train in the Bronx (Woodlawn). We’ll wind our way thru’ lower Westchester County and swing by Blue Hill at Stone Barns (http://www.bluehillstonebarns.com/) before heading into Tarrytown. Bring your climbing legs, money for lunch and smile.

Remember that helmets are required for all NYCC rides.

B17/18 80 mi 9:10 am

Apple Orchards of South Mountain Rd.

Leaders: Chuck Lam, c1289@columbia.edu; Maggie Nguyen, crosscountrymules@gmail.com; Steven Kim, stevenjmkim@yahoo.com

From: Eleanor Roosevelt statue, 72nd St and Riverside Drive

B-ride on an A+ route. This will be a fast B ride through Bergen County with few turns. If you can handle a B17/18 pace, you won’t have problems on this ride. There’ll be one climb before lunch and the usual climb back to the bridge.

Food Stops– NYCC’s favorite pit “Bagel Planet” in West Nyack. Bring some pocket food in case we keep the lunch stop short at the orchard.

C12 45 mi 7:45 am

Henry Hudson Trail

Leaders: Alfredo Garcia, cyclistxiii@yahoo.com; Eva Wirth, ewirth@yahoo.com

From: Pier 11 (Wall St & South St., Manhattan), 9:00am Sandy Hook, NJ (Ferry terminal, north end of Sandy Hook)

Monmouth County’s Henry Hudson Trail, is a flat 10+ mile greenway, spanning Atlantic Highlands and Matawan. But getting there requires cycling a good distance to it with some steep hills. If you can dauntlessly ride and climb, you’ll be rewarded with unique beautiful scenery. Lunch at Keansburg. Some side trips to nearby areas off the Trail. Some busy roads. Return to the ferry from Highlands or Sandy Hook. Bring $40 roundtrip fare, $ for lunch, sunscreen, helmet and a bike in good working order.
New York Cycle Club
Board Meeting Minutes

January 2007

The meeting was called to order at 7. Board members in attendance were Jeff Terosky, Debbie Rothbush, Reggie Johnson, Ellen Jaffe, Kim Jenkins, Claudette Lajam, Neil Botwinoff, Kevin Ley, Kay Gunn, Terry Hildebrandt, Carol Waaser. Also attending: Annaline Dinkelmann representing our ad-hoc Advocacy Committee, Stan Oldak and Lynn Baruh from the Youth Program.

President’s Report

Jeff requested that each board member in future submit an initial report prior to each board meeting. A motion was passed that the President or, in his absence, both the Vice President of Rides and the Vice President of Programs be able to authorize expenditures of up to $100 that cannot wait for board approval. NYCC has effectively disassociated itself from Glen Goldstein’s Montauk ride. A notice to that effect will be inserted in the e-weekly.

Peter O’Reilly, recipient of the Volunteer-of-the-Year award, sent a note of thanks to the board.

Jeff is looking for input, soliciting ideas as to exactly what the club should be doing. This includes both baseline club activities such as weekly rides and club weekends, as well as new and refined thinking about club activities. For instance, should ENY be a charity event or simply a well-supported club event?

Secretary’s Report

December 2006 minutes approved as may be amended.

Financial Report

Money Market: $30,523.05
Checking: $6,007.30
Total: $36,530.35

$1,000 in youth program account. Jeff is a signer on all accounts. Kim will look into wire transfer of funds from active.com. Kim needs an inventory of club jerseys, bottles, etc.

Stan mentioned the club jersey archive that rests with Timothy for future inclusion on the website.

Membership Report

Successful.com indicates there are currently 1,871 active members. Since there were 2,008 members at the end of 2006 and membership does not expire until March of 2007, the 1,871 number is incorrect. Neil will look into this.

Jeff suggests an FAQ page on the website to ease the burden of repetitive emails. New members will be listed in each bulletin starting in February.

Immediate Past President

The board agreed there is not enough appeal to pursue a club weekend with Club Getaway.

VP of Programs

The February 13 meeting will generally address all club activities and ways to be involved with the club. The SIG and training programs will be highlighted. Carol will provide an overview followed by short SIG leader presentations. Question and answer will be handled via smaller break-out groups. Claudette will investigate posting meeting announcements on Craig’s list and other such sites. Annaline made a point about narrow subjects drawing only a limited number of people. The club is carrying the extra $5 dinner surcharge for the better menu. The need for more program structure was discussed so that individual speakers do not ramble. Jeff suggested we change the table configuration, make bigger tables. The SIG graduation will likely be split over at least two meetings.

Special Events

Bowling night is on January 27. It was agreed that the Woolworth Tower seems an excellent venue for the Volunteer Recognition Party.

Youth Program

Lynn gave a history of the program. Initially the idea was to enroll kids who already bike. The initial group of five were enthusiasts and found mostly through recycle-a-bicycle. Bikes and outfits were provided at a cost of $510 per candidate. Thought it was judged a success, the kids themselves said they would have preferred to ride with participants their own age. In 2007 the program hopes to include ten kids from a wider outreach. Some of last year’s participants will help out this year. The program is looking to improve the bikes at an additional cost of $200 per bike. It is hoped that the program can obtain 501(c)(3) tax status, allowing tax-deductible donations. Stan estimates the 501(c)(3) papers will be submitted in March. The NYCC membership registration page on active.com offers the option of making a donation to the youth program at a minimum of a two dollar contribution. At this point donors should consider their contribution not to be tax-deductible. The youth committee estimates a total of $7,100 will adequately fund this year’s youth program. This includes 10 better quality bicycles than last year’s. $5,000 was requested from the club’s $4,000 after the $1,000 already given). The remainder of $2,100 will be made up by donations. A motion was passed to give $3,000 of a possible total of $4,000 to the program for this year. It is hoped that donations, foundations, sponsors will, over time, provide serious funding. Eventual program goal: to look for the kind of kids who do need the bikes, to make the program more needs based.

Rides Report

Reggie wants to develop a calendar of rides for the year. A perennial challenge of the club: how do we get more ride leaders? Kay suggested that we have a more formal ride leader program, that we develop a group of mentors. Carol suggested we develop a group of leaders in training who act as co-leaders. Reggie suggested some kind of reward for first time leaders; a pin or shout-out in the bulletin. Kay is working with the Ultra-Marathon Association. They will recognize the NYCC officially as a source of marathon rides.
Public Relations Report
Claudette posed the question: what can we do to improve our relationship with such organizations as the Police Department, Central Park Conservancy, etc. Who do we know in these organizations that we can contact?

Bulletin Report
Kevin has not heard back from the New York Times. New members will be listed in February bulletin. An illustrator has offered her work for the bulletin and website. We are looking into it further regarding the details.

Advocacy
The NYCC is involved with advocacy through New York Bicycle Coalition. Time’s Up, a New York Bicycle Coalition member, will stage the 2006 Bicyclist Memorial Ride on Sunday January 7th, 2007. The ride honors cyclists who were killed on New York City streets in 2006. NYCC will maintain the Reginald Chan site at 3rd Ave and 17th Street. Sunday, Annaline and Reggie will place flowers at the site on the January 7 Memorial Ride.

The next board meeting will be February 8, 2007, 7PM. Location will be at Kim Jenkins office, 52 Vanderbilt Avenue, Thirteenth Floor.

The meeting was adjourned at 9:30PM.

February 2007
The meeting was called to order at 7:10. In attendance were Jeff Terosky, Neil Botwinoff, Kim Jenkins, Terry Hildebrandt, Kay Gunn, Hal Eskinazi, Reggie Johnson, Scott Wasserman, Ellen Jaffe, Kevin Ley, Carol Waaser, Timothy McCarthy, Debbie Rothschild.

Jeff Terosky – President
Discussed NYCC goals for 2007. Minimum goals are considered to include holding a monthly meeting, publishing the club bulletin, maintaining the NYCC website, and hosting ENY, the spring riding programs, the Newcomers Ride, the All-Class rides, getaway weekends. Other baseline goals are to make club more welcoming to new and returning members, both at meetings and on rides, and to increase general knowledge regarding club business. Additional NYCC goals for 2007. Add FAQ page to be included on the website to minimize the email that board members receive and/or to simplify our responses to this email. This will be especially helpful for the president, VP of rides, PR director, membership chair, and bulletin editor - all of whom often field questions from members and prospective members. Add a calendar to the events page so that we can list future events dates as far in advance as we know them. Embark on a public relations effort to reach out to such organizations whose goodwill would positively effect our cycling. This would also encompass advocacy. Reggie suggested we include the subjects of leading rides, bike maintenance, and bike safety in our 2007 meetings. He also suggested more varied kinds of rides. Jeff has created NYCC document templates for club use. An NYCC sponsors and discounts page may be included on the website and in the e-weekly. Sponsors will offer substantial discounts and be able to divide those discounts between members and the club itself. Accelerade is interested in being a sponsor. The new New York Road Runners liaison to our club is George Arcarola. NYRR pays NYCC riders to marshal their races at $50 per rider. The perennial problem of runners taking up the entire Central Park roadway was discussed. Jeff suggested that runners be eliminated if they run outside of their lanes during an event.

Youth Program
Several C-SIG leader do not want to be involved with the program. We are spending 10% of the annual club budget on fewer than a dozen kids and the amount the Youth Program requested is closer to 20% of our annual budget. The Board must have control of the type of program it is and becomes. The following motion was passed: That there must be a means test in order for a Youth Program rider to be given a bicycle. That there shall be no obligation for SIG leaders to accept Youth Program riders in their SIG. That the club will provide up to $4,000 to the Youth Program in 2007 depending on need. That the club will provide free club membership (membership required for insurance purposes) to Youth Program participants in 2007. Additionally it was agreed that the club will provide Youth Program participants jerseys and water bottles at cost from their allotted $4,000 budget.

Ellen Jaffe – Secretary
January minutes approved.

Kim Jenkins – Treasurer
Current Youth Program Balance $3,835.91
Current Checking Account Balance $4,795.68
Current Money Market Balance $30,532.12

Google and Paypal are significantly less expensive than active.com. The possibility of switching was discussed. No decision was made. Active will not give us separate checks for the youth program. Kim will research the possibility of switching from active.com. No decision will be made without talking to the Membership Chair and the Board. Active is important because they maintain a database of the membership and they provide an avenue to query the database. The 2006 ENY check for $5,374.79 to Recycle-a-Bicycle will be presented at a future club meeting. Debbie to determine how we present the check.

Neil Botwinoff – Membership
We presently have 2,183 members. A sizeable number of those registrants are new members. Neil suggests we charge more for off-line registration since it is more labor-intensive. To change the dues structure requires a membership vote. Carol suggested we put this change to a vote at the next election.

Reginald Johnson – VP Rides
Ride leader awards will be distributed on Thursday Feb 8 at Marci Silverman’s abode. The ride steering committee will set a ride calendar for the year. This is expected to help provide Metro North a longer lead-time and will also allow for better leader planning. There will be a checkbox on ride listings to indicate whether or not Metro North will be used.

Scott Wasserman – C-Rides Coordinator
In response to Scott’s query as to whether the roster is available to ride coordinators to check if a volunteer ride leader is a member, it was suggested we assemble an up-to-date roster as of the close of the SIGs. Kevin will format it.

Kay Gunn – B-Rides Coordinator
UMCA, the UltraMarathon Cycling Association, has recognized the NYCC as an official hub site with the initiation of a Year-Rounder Century Series for the Larry Schwartz Award. At least 6 club members have joined the UMCA. Four completed the January century, the first of twelve.

Claudette Lajam – Public Relations
Claudette is building a list of media outlets and contacts; including other clubs, police, Chambers of Commerce.

Kevin Ley – Bulletin Editor
The bulletin printer has been unresponsive and the possibility of finding another printer was discussed. $8,699.23 was spent on the bulletin last year which is an average of $724.94 per month. Kevin will assemble a PDF describing advertising rates and the various design parameters of the bulletin.

Timothy McCarthy – Webmaster
The message board moderators are doing a fine job. Jeff suggested a test of Constant Contact to see if their template improves the e-weekly. At a cost of $30 it was agreed that we try it out.

Annaline Dinkelmann – Advocacy
(NYC Parade permit regulations. Annaline’s notes from the January 31, 2007 meeting with Phil Hom and two other representatives of the City Council. The meeting was in a friendly tone. We did most of the talking and answering their questions. NYCC clearly stated we don’t want the permit, even with the higher fee. It would scare our members to come on club rides. There are numerous problems with selectively enforcing the law for example How would a permit work in real life. If we have a permit do we make 2000 copies and give each club member a copy of the permit to carry around or how do we deal with it? Clearly we don’t want it. They brought up the May Bike Activities sponsored by the city. We commented on how great that was, but the City has two faces one friendly and encouraging cycling and the other persecuting cyclist/implementing the permit making it a hostile cycling environment. When asked about what they (the council) could do to improve cycling conditions we recommended bringing back the Koch era public service announcements to educate the public on sharing the road and revise and complete the Bicycle Master Plan. We had some discussion about why/how it has taken so long and that it needs to be updated.

End.
March 2007

At the office of Kim Jenkins, 52 Vanderbilt Avenue, Thirteenth Floor. The meeting was called to order at 6:40PM. In attendance were Jeff Terosky, Neil Botwinoff, Kim Jenkins, Terry Hildebrandt, Hal Eskenazi, Reggie Johnson, Scott Wasserman, Ellen Jaffe, Kevin Ley, Timothy McCarthy, Debbie Rothschild.

Jeff Terosky – President

Youth Program. Jeff introduced Stan Oldak and Derek Chu, youth committee members, who talked about the program. There are 10 participants in the 2007 youth program, representing all five boroughs. Of the ten, three are women seven are men. The age range is 17-21. Three hopefuls were eliminated due to poor bike handling skills. All ten registrants were at the B SIG qualifying ride and did well. The youths have their own SIG within which is a dedicated B17 group and C group. Youth Program goal: to increase group numbers and to include those who have few riding skills. The Youth Program’s efforts to gain non-profit status will soon be resolved. Derek gave a slide presentation about the program. Liam and Attila, both 2006 participants, talked about how much they got out of last year’s program. Liam is now racing as a junior with CRCA. Attila is helping out with this year’s program. Both Liam and Attila talked of the free bike being important but found the riding reward enough. There was a wider outreach for the 2006 program by fliers and email. In spite of the motion passed by the Board at the February meeting requiring a needs test to justify giving individual participants a bicycle, the committee did not feel comfortable investigating needs. Whether or not the bike giveaway is a valid and cost-effective component of the program remains an open issue. Last year’s budget was $3,000. $2,549 was spent. This year’s budget is $4,895 which includes $395 from active.com donations. The committee will buy nine bikes for the ten riders, one of who has a very good bike. The bikes are loaners until they graduate. Recycle-A-Bicycle is offering their space for bike assembly and is not charging.

NYCC Sponsors and Discounts

Accelerade will send more samples, additional to the 200 given to Jeff and distributed at the A-SIG last weekend. There should be a link to the Accelerade website on our website. A 25% discount will be available to club members.

NYCC 2007 Calendar

This has been posted on a Google site and will be embedded on an NYCC website page. http://www.google.com/calendar/embed?src=nycerosky%40gmail.com. Please send any suggestions or updates to Jeff.

Ellen Jaffe – Secretary

February minutes approved

Kim Jenkins – Treasurer

Current Youth Program Balance: $3,860.91
Current Checking Account Balance: $1,478.79
Current Money Market Balance: $30,541.20
Total: $35,880.90

NYCC $32,019.99
YP $3,860.90

The 2006 ENY check to Recycle-a-Bicycle will be presented at the April Club meeting.

Neil Botwinoff – Membership

Membership numbers: NYCC has 2,257 members as of February 24, 2007. April 1 will be the cutoff date for old, unrenewed members, after which the password will be changed. We will send the new password to members in the April 1 e-Weekly. Neil created a template for FAQs regarding membership and will send to Timothy for inclusion in the overall FAQ page to be on the website.

Reginald Johnson – VP Rides

Rides steering committee has been formed consisting of ride coordinators and Reggie. July 4 will be Newcomers Ride. Two All-Class rides will be planned for 2007. Reggie suggested a Board-maintainable webpage with NYCC miscellany that can be changed and updated.

Terry Hildebrandt – A-Rides Coordinator

Terry suggested splitting up A-SIG starting places.

Scott Wasserman – C-Rides Coordinator

Scott suggested an FAQ addition about where people can get information about being a ride leader.

Kevin Ley – Bulletin Editor

Kevin has priced out alternate printers and discovered we are presently getting a good deal.

Timothy McCarthy – Webmaster

Message board is relatively quiet and going well. It was suggested that a notice be placed in the e-Weekly to get some help for Timothy.

Debbie Rothschild – VP Programs

An astounding 78 people paid for dinner at the February 13, 2007 club meeting. Nancy Meyer will talk about pedaling.com at the April meeting. Jim Raven will get the AV equipment repaired. The club may not continue to subsidize the ice cream at monthly meetings. There is an urgent need to form an ENY committee. Debbie will put together a notice and work at getting volunteers.

Hal Eskenazi – Special Events

65 people showed up for the Volunteer Recognition Party which was a great success. Cost of the Volunteer Recognition Party: $2,559 including magic drawing prize. The March event will be at Gandhi Indian Restaurant, East Village on March 21. Yankee Game on July 18. Mets game either May or September. Late June or early July will be a Tour De France event.

Next BOD meeting:

Due to the holiday week, the next BOD meeting will not follow our normal convention. Monday April 9, 2007, 6:30PM, location at Kim’s office, 52 Vanderbilt Avenue, 13th floor.
Pelvic Stabilization
For Cyclists
by Bob Nelson

The topic for today, cycling aficionados, is the pelvis. Use your pelvis wisely and it will reward you with efficient, pain-free forward motion, in cycling as well as other sports. Use it unwisely, and you may have triplets.

Cycling, as well as almost any other sport that comes to mind, requires a stable torso so that the arms and legs can perform without wobbling. Swimmers need to engage the core to prevent fishtailing. Cross-country skiers, runners, race walkers and most track athletes may well move the torso, but it’s controlled movement that contributes to forward motion. No athlete in a skill sport – golf, tennis, baseball, basketball, hockey, etc. – is going to be better that gazillion-dollar salary without a stable, powerful core that can put force and direction behind the ball. Or puck.

So for maximum output, whether that be forward motion of the body or imparting forward motion to another body, some part of us must be firmly controlled. That part is the pelvis – a land of stresses and strains, of shocks transmitted by footfalls and footballs, of rotation, shear and extension. A rolling, rough-and-tumble, sometimes volcanic planet, if you will.

To quiet these thunderous quakings of the joints, we thankfully have a set of core muscles, some of which will be familiar to even the most casual athlete: rectus abdominus and transversus abdominus (upper and lower abs); internal and external obliques (pelvic sidebenders); glutei maximus, medius and minimus (butt muscles); iliopsoas (hip flexors); the lumbar paraspinals and latissimus dorsi (spinal stabilizers, though lats also externally rotate the shoulder and depress the scapulae). All of these muscles either connect to the pelvis or have close proximity to it; all of these muscles can either move the pelvis or prevent movement.

So let’s hit the pause button a moment and use this information. Seated as you undoubtedly are, can you lift one buttock and push the other one down? Push one forward and the other back? Can you rock your pelvis forward and back, pushing the low back into the chair back and then arching it away? Lift one leg? Rotate it away from the body? Bend the spine to the side? Rotate it? All of those movements use core muscles that are also pelvic stabilizers.

It’s not obvious to most cyclists that core stability makes biking easier, so the next time you’re on your bike, perform this little experiment. Keep your torso nice and relaxed and bike up a short incline. Now, go back down the hill, tighten your abs and butt muscles, and take the same incline. Which was easier? Do those hills both seated and out of the saddle, relaxing and contracting, and the difference will become even more obvious. All of you reading this are using your core muscles to pedal, climb, turn and brake, but there are muscles you can strengthen that will make the job easier.

Among the most important core muscles for cyclists is gluteus medius. Sandwiched between maximus in the back and minimus to the side, this misunderstood muscle serves most often, in cycling, to keep pelvic movement to a minimum so that glute max can extend the hip and iliopsoas can flex it. Hip flexion and extension are the two movements you need to rotate the pedals, so you should be able to feel your buttocks working while you are pedaling. If you can’t, you may have insensate glutei, or you are over-using muscles further down the kinetic chain. Yes, you want your pedal stroke to ‘scrape the sh*t off your shoes’, as SIG leaders so delicately put it, but you want that movement to engage muscles all the way up to the pelvis, not just leg and ankle muscles.

Neglect the glute medius, and you run the risk of iliotibial band syndrome, an epidemic among cyclists, and an unwelcome visitor to my own pelvis this summer. If your bike is too small or you’re riding too far forward on the seat, you use muscles at the sides of the hips rather than the buttocks. Repeated use of those muscles tightens the iliotibial band, which runs along the side of the thigh and encircles the patella, or kneecap, like a hangman’s noose. Cyclists complain of pain and tightness to the side of the hip and to the inside edge of the patella, and are diagnosed with a variety of knee pathologies, but the real culprit is ITB.

Remedies for this particular kind of tendinitis are to loosen up the iliotibial band by rolling the side of the hip and thigh on a foam roll. Be aware that this is one of the most excruciating tortures inflicted by physical therapists, but it works. The other remedy is to strengthen glute medius. Lie on your side with your buttocks, legs and heels flat to the wall. This is essential to activate the right muscles. Then, do sidelying leg raises by bringing the heel up along the wall two to three feet high. Turn your toes slightly towards the ceiling. Try to do three sets of 10 to start, then go to four sets of 12. Add weights once this becomes easy.

Even if you don’t have tendinitis, strengthening glute medius will make you more stable and efficient on the bike. And you could well do three dozen other exercises to strengthen various other core muscles. But here’s a short cut: do balance work. Try kneeling on a physioball, with a wall handy and your health insurance premiums fully paid up. O.K., easier stuff: Close your eyes and stand on a pillow. Stand heel to toe on an imaginary line. Reach towards a wall that is just out of reach. Walk in daylight looking up at the tall buildings, like a tourist, while maintaining a straight line.

Or do your standard upper-body workout on a Bosu or other unstable surface. Get on a Fitter or other sliding board and pretend you’re rollerblading, or better yet, cross train with rollerblades. Go surfboarding in a hurricane! All of these activities require core stability, and one of the best ways to activate the core is to balance, even if it’s lifting one foot, stand on the other and rotate your torso around the standing leg without holding on to anything.

If you’re one of those people who does handstands on a moving bicycle, then you may ignore the discussion above. If not, happy core strengthening!

NYCC now owns two bike cargo boxes that will allow you to bring your bicycle on an airplane. The boxes measure 30"x47"x10" and come with wheels. They are available for rent by club members for $25 per week. There is a non-refundable reservation fee of $25, which will be deducted from the final cost of the rental. A pedal wrench is included as well as instructions on how to pack your bike.

To reserve a box, contact Joanne McGarry, 212 505-2755 or jmcgarry@nassaucountyny.gov.
