**PRESIDENT’S MESSAGE**

This as you may know is my final letter to you as NYCC president and is a part of our final printed and mailed monthly bulletin which has rightfully occupied a soft spot in the hearts of many people for many years. We will continue to provide a monthly bulletin online next year to serve as a snapshot to what’s happening with the club, but we will no longer send the bulletin to a professional print shop and distribute en masse via the US postal service as we have done in the past. On a case by case basis next year, several volunteers have stepped forward to help members who have no online access to receive the bulletin each month, but the face of the bulletin is changing and with the increased usage of our website and timeliness of our eWeekly email bulletin it will continue to evolve in the next few years as well. I want to take this last opportunity thank all of those involved in producing and mailing the printed bulletin each month, and especially to retiring bulletin Editor Kevin Ley who has done a fantastic job in producing the bulletin for more than a year. Kevin has brought exciting creative and artistic touches to the bulletin and has helped to make the bulletin a publication which we have all been proud of while it has been in his capable hands. Thank you.

2007 has been quite a year for the New York Cycle Club. We kicked off the year with two fantastic parties – the volunteer recognition dinner at the stunning Woolworth Tower Kitchen and the season kickoff celebration at a standing-room-only Annie Moore’s Pub meeting. We initiated an enthusiastic group of graduates from our spring SIG, Youth, and STS programs into our ranks while at the same time mourned the loss of two beloved members David Oliner and former NYCC president Stan Oldak.

The weather was perfect and the dance tunes spot on for the Memorial Day weekend in the Berkshires (I wish I could say the same about the weather for *(continues p. 4)*

(cont’d from p. 2) the Memorial Day weekend I shared with some fellow NYCC members in the Dolomites but it was still a trip to remember) and this summer the all-class ride to Tarrytown was well planned, well attended, and well received. With July 4th falling mid-week this year, we departed from our traditional West Point weekend (have no fear we’ve already reserved space at the Thayer Hotel for next year) and instead were warmly welcomed into the home of Christy and Jody across the Hudson in Cold Spring. In October, we witnessed the fruits of the labors of yet another hardworking Escape New York Century committee and we are looking forward to a fabulous Hal Eskenazi planned holiday party on December 15th to top off the year.

On a more personal level, this past year my wife Aimee and I were also fortunate to experience the thrills of becoming first-time parents to our newborn daughter Ava last October just before I became president. Fatherhood has been a wonderful experience thus far and in hindsight, there are times in which I have questioned if accepting the presidency nomination was the wisest decision I’ve made recently, but I can summarize by emphatically stating that what I have lacked in sleep and free time this year I’ve more than made up for with the opportunity to work with and get to know some of the fantastic volunteers who make this club tick. Having served on the Board of Directors last year as A-Rides coordinator, I sort of knew what to expect this year, but nothing really can prepare someone for all of the challenges and thrills of the NYCC presidency – especially this year – and I must admit that I am very relieved to be transitioning to the role of immediate past-president in just a few short weeks!

In closing I’d like to thank the outgoing NYCC Board of Directors (see all of their names and photos page 2) for helping to make this a special year for me. Without all of their help and the guidance of countless other volunteers, advisers, and friends there is no way that I could have made it through this year. Thank you for giving me the opportunity to serve the club this year and thanks to all of you who have offered me your words of encouragement along the way; they were truly appreciated. Finally, I would like to warmly welcome the 2008 NYCC Board of Directors and wish them and 2008 President George Arcarola the best in the new year. I’ll do everything I can to support you and the club next year and in the future.

Ride safe and I hope to see you out on the road,

Jeff Terosky, President, New York Cycle Club

EDITOR’S NOTE

This being my last issue as Editor – and, perhaps, the last printed expression for the Club, well, ever – I wanted to express my gratitude to this year’s Board for their support and encouragement over this past year. It has been a true honor to give back to the club in this capacity. I would be wrong to not recognize the numerous members who have submitted and shared content which makes this publication possible. Thank you; I only hope that I’ve treated your words, images, and opinions with the care they deserves. Lastly, a huge Thanks to the people who connect all of the dots month after month and make it possible to offer a printed bulletin – Dandy Printing, Eva, Herb and Liane and anyone else I’ve forgotten. See you on the road. Kevin Ley, Editor
NYCC ride listings guide

NYCC rides are led by volunteer leaders. The leaders plan the route and maintain the listed speed. We list rides by level and cruising speed classifications in order to help members find rides in groups of similar ability. The pace and style of the different levels may vary, but rides all share the common objective of riding for fun, fitness and food.

Ride classifications All rides are classified according to level and cruising speed. The levels are as follows:

A Fast, vigorous riding with advanced bike handling and paceline skills required. Stops every 2 hours or so.
B Moderate to brisk riding with attention to scenery. Stops every hour or so.
C Leisurly to moderate riding at a gentle pace. Sightseeing and destination oriented (a good introduction to the club). Stops every half-hour or so.

A number following a letter indicates the target cruising speed on flat roads: e.g. B15 = B level at a 15 mph cruising speed. Cruising speed indicates the ride’s speed on flat terrain. Average riding speed over rolling terrain is generally 3 mph less than cruising speed. This will vary plus or minus 1 mph, according to terrain. Overall speed, including all rest and food stops, is about 3 mph less than average riding speed.

Self-test Assess your cruising speed by timing yourself on a four-lap ride of the complete oval in Central Park (24.4 miles). Ride at a comfortable, sustainable pace. Fewer than four laps will give a false assessment. Find your time below and note the cruising speed.

Your first NYCC ride

Be conservative Choose a ride easier and shorter than you think you can ultimately handle. You won’t enjoy struggling to keep up with a ride that’s too fast for you, nor will the group enjoy waiting for you. It’s a good idea to call or email the leader a day or so before the ride and introduce yourself when signing up at the start.

Before any ride Check that your bike is in good riding condition: brakes and derailleurs working well, tires pumped to the pressure specified on the sidewall. Eat a breakfast consisting of carbohydrates and proteins.

Bring a spare tube or two, tire levers, patch kit, pump, water, snacks, money, medical ID, emergency phone numbers and rail pass. We also suggest that you bring a lock. Leaders may specify other items in their ride listings.

Lead a ride

Pick a date, pick a pace, pick a destination, pick a route, write it all up and submit to the appropriate ride coordinator (listed below) by the second Tuesday of the month before you want to lead your ride.

A-rides Terry Hildebrandt a-rides@nycc.org
B-rides Kay Gunn b-rides@nycc.org
C-rides Scott Wasserman c-rides@nycc.org

Lead enough rides during the year and you qualify for a special prize (given out in December):
3 rides = NYCC water bottle
6 or more rides = NYCC t-shirt

12 or more rides (1st time) = NYCC Ride Leader’s vest (you can’t buy one of these—you have to earn them).
12 or more rides (2nd time) = any club garment of your choice.

PLEASE NOTE Metro-North requires prior notice for large groups (16 or more) on scheduled Bike Trains (Bike Trains are indicated by a bicycle symbol on the printed Metro-North timetables) and groups of three or more cyclists on a non-bike train. When you submit a ride involving Metro-North to a ride coordinator, at the same time shoot an email off to our trusty Metro-North liaison, Hank Schiffman, at hshiffman1@nyc.rr.com. He will manage all the details but he can not do it on a piecemeal, last minute basis.

A19 65 mi 9:00 am
The Rabbit Ride

Leaders: Joe Stephen, bokononist9@gmail.com; Julie Riccardi, juliericcardi@hotmail.com; Kevin Cruickshank, kevinnyc@mac.com
From: Eleanor Roosevelt statue, 72nd St and Riverside Drive

Looking to shake things up from the typical Nyack ride? Look no further.

Next to having fun, the purpose of this ride is to get a great workout. There is no expectation the group remains together throughout the entire ride. Feel free to jump off the front and act as the rabbit for those who want to chase, or to hang a bit off the back and take it at your own pace. I assume smaller groups will spontaneously form and that we will regroup at certain points. No maps or cue sheets, but hey, it’s Rockland County (plus, I’ll post the full route to the message board).

The design of the ride is as follows:

Relaxed pace to the bridge; on Hudson Terrace, we’ll make a quick pit stop at the police station. Then 505>Tappan>Western Hwy to Bradley/Tweed (smaller groups to regroup at end of climb). Regroup all at Runcible Spoon for a short rest/refuel stop; ~20min.

Digestive pace back to Piermont, then Tallman>9W to Kiku, where smaller groups may form and take off. Optional visit to the Presidents (Kennedy and Eisenhower), and then hammer the rest of 9W. Some re-grouping at the NY side of the bridge for the ride down Riverside and greenway.

Requirements: good rotating paceline skills; a spare tube and pump/CO2; and pump up your tires before the ride - it’s the simplest way to prevent a flat. Rain/wet roads/strong winds/very cold temps cancel. If Sunday’s forecast is considerably more favorable, we may move the ride to Sunday.

RSVPs appreciated. Keep an eye on the message board a day or two before the ride for updates.

A Sunday Morning Quickie

Leader: Richard Edmonds, richard.edmonds@ny.stemcor.com
From: Soldiers’ & Sailors’ Monument, 89th Street & Riverside Drive

Kids who need your undivided attention? Your spouse complaining about how long you spend on the bike? Errands to run?

How about a quick 30 miles on a Sunday morning? GWB, River Road and back via 9W. No food stops, just a quick bathroom break at the Alpine Police Station if needed. We’ll be back by 10:45. Usual cancels.

A19 75 mi 8:30 am
Orchards of Concklin

Leader: Mordecai Silver, msilver@iso.com, 212-677-3596
From: Central Park Boathouse

We’ll take some less familiar roads to a familiar destination. There will be a brief stop at the bagel shop in Westwood, and then a more extended one at the Orchards (which is as far north as we’ll go). There’s about a mile on the dirt bike trail along the Oradell Reservoir, but it’s no problem for 23 mm tires. Terrain is mostly flat or gently rolling, with one or two short, steep hills. If weather is doubtful, check the message board the evening before.

Lazy Hogwich Sundays

Leader: Todd Brilliant, toddtheracer@yahoo.com, 646-651-9760
From: George Washington Bridge, NJ side bike path entrance

The Hogwich rides are back, but leaving much later this year. Better late than never, right?

We ride north to S. Mountain Rd., over Little Tor, loop back on 9W and make our only stop at the Toga bike shop after Rockland Lake. Then 9W home.

ALL CLASS WINTER HIKING/SNOWSHOEING SIG

The Hiking/Snowshoe SIG meets virtually every week through March — conditions permitting — usually on Sunday, but often on weekdays too. Both of these high-energy, fun-filled sports will keep you in great condition for 2008 biking. There are many other benefits too… watching what happens when someone steps on their own snowshoe, sits on a downed tree and falls over backwards, slides down a hill in a cloud of leaves or attempts an icy trail without appropriate foot gear.

Here’s how the SIG works. You’ll need to sign up in advance. Like magic, each Thursday evening brings an e-mail with an overview of Sunday’s activity. As we reach many start points by car, if you e-mail back your intention to participate by Friday evening—requesting or offering transportation—you’re in!

For info on what is, and where to get appropriate clothing, snowshoes, poles, boots, gaiters, ice-capable foot gear, etc. e-mail Ken or Marilyn Weissman at mollynina@yahoo.com. And don’t wait until the last minute for gear; most stores quickly run out after the first snow.

Neil Botwinoff, Membership
Neil reported in that there are 1826 members as of October 8, 2007.

Reggie Johnson, VP Rides
Reggie suggests that we develop a Metro North field in the ride submission program with both a going and returning slot and estimated departure times. Reggie has the ride leader tally on a Google Docs spreadsheet. It was determined that socks will be given to ride leaders with 6 credits. Kay will represent NYCC at Bike Summit. Kim and Reggie will compile the 2007 roster and forward it to Kevin.

Kevin Ley, Bulletin Editor
Where the minutes are published was discussed. Ellen will send out approved final minutes to Kevin and copy all board members.

Timothy McCarthy, Webmaster
Timothy spoke of Matthew Zimmerman’s great qualifications as new webmaster.

Debbie Rothschild, VP Programs
35 paid for dinner at the September club meeting, 56 attended. October meeting a physical therapist will speak. November meeting a CRCA member will talk about staying in shape in the winter. December (there will be) no meeting.

Hal Eskenazi, Special Events
We ran a $45 deficit on the Mets tickets. The Holiday Party will be December 15, 2007. It’s between Gonzalez y Gonzales and Woolworth Towers. Woolworth Towers is available on a Saturday night, Gonzalez y Gonzales is available only a weekday night. Sentiment leaned to the Woolworth Towers. It was agreed that the event should cost $40 before a certain date, then $45, and $50 at the door. In the interest of keeping a ceiling on cost for members, we’ll have a DJ instead of a band. The club will subsidize the difference between ticket price and the cost of the evening.

Next BOD meeting: Tuesday, November 6, 2007 6:30PM, Kim Jenkins’s office.

The meeting was adjourned at 8:40PM
